

**POPE BLESSED OLYMPIA'S CREW**

And Sent an Autograph Letter to Admiral Dewey.

**IS CONCERNED ABOUT WAR**

To the Chaplain of Dewey's Flagship, He Expressed His Horror of Bloodshed and Dilated on Importance of Bringing the War to an End.

NEW YORK, Aug. 28.—A dispatch to the Journal and Advertiser from Rome says:

His holiness, the pope is deeply concerned about the war in the Philippines. He has communicated his anxiety to the Rev. Father Reamy, chaplain of the Olympia.

In the plainest possible terms, Leo expressed a strong desire to see peace established between the United States and the natives, and said that he contemplated the opinion of negotiations with the United States government with a view to regulating the position of Catholics in the Philippines.

All this was in the course of a special audience accorded to the chaplain of Dewey's flagship. In heartfelt terms, he expressed his horror of bloodshed that had occurred and dilated upon the importance of making every endeavor to bring it to an end. He took it for granted that when peace was concluded, the United States would establish a beneficent rule under which the Philippines would quietly reach a condition of happiness and prosperity.

His holiness asked many questions about Admiral Dewey's personality, his opinions, and inquired sympathetically about the state of his health. At the conclusion of the interview, he gave Father Reamy an autograph letter for delivery to the admiral and made the priest the bearer of his benediction to the crew of the Olympia.

**IS IT RIGHT**

For an Editor to Recommend Patent Medicines?

From Sylvan Valley News, Brevard, N. C.

It may be a question whether the editor of a newspaper has the right to publicly recommend any of the various proprietary medicines which flood the market, yet as a preventive of suffering we feel it a duty to say a good word for Chamberlain's Colic, Cholera and Diarrhoea Remedy. We have known and used this medicine in our family for twenty years and have always found it reliable. In many cases a dose of this remedy would save hours of suffering while a physician is awaited. We do not believe in depending implicitly on any medicine for a cure, but we do believe that if a bottle of Chamberlain's Diarrhoea Remedy was kept on hand and administered at the inception of an attack, much suffering might be avoided and in very many cases the presence of a physician would not be required. At least this has been our experience during the past twenty years. For sale by Blakeley & Houghton, Druggists.

Lamarche is the representative of the Jiminez revolutionists at Santo Domingo. No details are as yet received.

sent from here this morning to bring him back. They are expected tomorrow evening. No trace of the escaped prisoners has been found.
