Little **Pimples Turn** to Cancer.

Cancer often results from an im-parity in the blood, inherited from generations back. Few people are en-tirely free from some taint in the blood, and it is impossible to tell when it will break out in the form of dreaded Cancer. What has appeared to be a mere pimple or scratch has developed into the most malignant Cancer.

It is dangerous to experiment with Cancer. The disease is beyond the skill of physicians. S. S. S. is the only cure, because it is the only remedy which goes deep enough to reach Cancer.

(Swift's Specific) is the only blood remedy guaranteed Purely Vegetable. All others contain potash and mer-cury, the most dangerous of minerals. Books on Cancer and blood diseases mailed free by Swift Specific Company, Atlanta, Georgia.
