

FIGHT IS TO BE CONTINUED

Zola Says That Dreyfus Will Be Vindicated.

STRUGGLE WILL GO ON

Honor of France Before the World Is at Stake—His Defenders Will Exact Rehabilitation of the Condemned Less for His Sake Than for the Sake of France.

NEW YORK, Sept. 22.—The Journal and Advertiser prints a dispatch from Paris giving the full text of Emile Zola's letter, a portion of which is as follows:

"Dear Madame: Your husband and those who defended him have been exposed to the vilest insults, and even to bodily insults. For my part, these are organs belonging to the 'gutter press' and men so tainted with moral dirt that I have struck them from my life, from my memory. For me they are no more. I have driven them as completely from my thoughts as if I never had swallowed them. It is such forgetfulness of atrocious insults that I recommend to the innocent man who has suffered the wrongs. He is so much apart, so far above them all that they should not be able to reach him. May he come to life again, under your care, and under the clear sunshine of universal sympathy shown for him. Peace be to the martyr who has such need of repose, and around him now in retreat may there be nothing but love and caresses. As for us, madame, we shall continue to fight. We shall tomorrow go on with the struggle for justice just as sternly as we pursued it yesterday. We shall exact rehabilitation of the innocent less for the sake of him, who has already so much glory, than for France, which would assuredly be killed by this excess of infamy. Our task will be the regeneration of France in the eyes of the universe, which will take place when the infamous judgment has been quashed. A great country cannot live without justice, and ours will remain in mourning just as long as the stain is leveled at the highest jurisdiction and the violation of the primitive rights shall remain.

"The social fabric crumbles when the guarantee of law no longer exists, and there is in this violation of right such an element of insolence, bravado and impudence that we cannot ignore it. We cannot bury a body secretly without showing our shame to our neighbors. The whole world has seen and heard, and it is before the whole world that reparation should take place. To deprive a France without honor is criminal."

CRIME OF A JEALOUS MAN

Killed His Wife, His Brother and Then Himself.

WALLA WALLA, Sept. 21.—Under the brow of a hill a few hundred yards from the state penitentiary, a triple tragedy took place between 2 and 3 o'clock this afternoon, resulting in the death of one woman and two men. It was one of the most terrible crimes ever committed in this city.

O. B. Byland arrived here yesterday from Pomeroy, Wash., in search of his wife, who, at the instance of her mother, Mrs. Kilgore, had deserted him. She came several weeks ago, since which time she has been living with her mother and Grant Byland, a brother of O. B. Byland. The latter learned of the situation, and in a fit of jealousy and hatred he determined to kill them all.

He procured a pistol, and went quietly to the house where his wife and brother were. Upon being refused admittance, he shot his brother through the heart, who ran out of the house and dropped dead.

Not finding Mrs. Kilgore, he turned on his wife, whom he chased into the vacant lot back of the house. When a short distance behind her he shot her in the back. Although bleeding and weakened from the wound, she arose from the ground, and a terrible struggle ensued

between husband and wife. For several minutes they zigzagged over the lot, he shooting and striking while she made a desperate attempt to wrench the pistol from him. She again fell, and, after shooting her in the face, mutilating it beyond recognition, the husband lay down beside his wife and shot himself, blowing the top of his head off.

ASKS WHAT DID THE HERO DO

Answers the Question Himself by Saying That He Shot to Pieces at Long Range a Lot of Hunks and a Few Hundred Spaniards.

TORONTO, Ont., Sept. 22. Goldwin Smith, writing in a local paper, says: "Nothing could show the extent to which the head of Columbia had been turned by the war more than her adoration of the hero Dewey. What did the hero Dewey and his comrades do? They sat in almost perfect safety and destroyed at long range a line of helpless tubs, with some hundreds of the poor Spaniards who manned them, and who alone had any opportunity of showing heroism on the occasion. So perfectly secure did the Americans feel that they adjourned to breakfast in the middle of their sport. There was among them a single casualty, and had they all gone tiger hunting one casualty at least probably would have occurred.

"For this, however, Dewey is declared to be the equal of the great seaman who conquered in the terrible days of Aboukir, Copenhagen, Trafalgar. If he were so inclined he might probably be elected president of the United States.

"Canada cannot possibly take part in the celebration of Dewey's triumphs without an evidence of discourtesy toward Spain, a friendly nation, which has done Canada no wrong. Spain, let it be remembered, though deprived of her possessions in this hemisphere, is still a Mediterranean power, decayed at present, but capable of restoration. The British government will hardly thank the Canadian government for making her an implacable enemy."

Cougar Sprang For a Calf.

ASTORIA, Sept. 23.—As Frank Surprenant was coming into town this morning from his Olney ranch, he saw a cougar attempting to kill a calf on the road near Greenwood cemetery. He says it was crouching at the side of the road. As the calf was passing, the cougar made a spring for it just as Mr. Surprenant made an outcry which startled the beast so that it only got its claws on the side of the calf and then ran away. The calf was only slightly injured.

Klickitat Stock Ranch Sold.

GOLDSDALE, Wash., Sept. 21.—James A. McCumber of Morrow county, Oregon, has purchased the Virginia Crooks-Crawford stock farm, situated on Camas prairie, north of the Klickitat river. Mr. McCumber expects to engage in the cattle business. He will raise alfalfa on 100 acres of his new purchase. He has water in abundance, which he can utilize for irrigation purposes.

Otis Becomes a Catholic.

NEW YORK, Sept. 21.—Apropos of the charges of vandalism in Catholic churches in the Philippines by American soldiers, a correspondent of the Times calls attention to the fact that in a recently published book issued by a Paulist father a list is given of "American Converts from Protestantism," in which appears the name of Colonel E. S. Otis, United States army.

Acker's English Remedy will stop a cough at any time, and will cure the worst cold in twelve hours, or money refunded. 25 cts. and 50 cts. Blakeley & Houghton, druggists.

FIRST GUN WAS FIRED

Roosevelt Opens the Republican Campaign in Ohio.

THE CONTEST A NATIONAL ONE

Seventy-five Thousand Persons Hear New York Governor Discuss the Issues of the Day.

AKRON, O., Sept. 23.—The Republican state campaign was opened here today with one of the largest crowds known in the history of politics in Ohio. Judge Nash arrived from Columbus at 7 o'clock this morning, accompanied by Colonel Dick, Secretary of State Kinney, Auditor Gilbert and Hon. P. M. Daugherty, who was his leading opponent for the nomination before the Columbus convention. Governor Roosevelt and his escort, the Tippecanoe Club, of Cleveland, did not arrive until after 12 o'clock. An immense crowd greeted them at the station. Judge Nash, Governor Roosevelt, Senator Hanna, Colonel Dick and other distinguished guests went to the Elks' clubrooms, where they ate dinner with the newspapermen. This was entirely a nonpartisan affair.

The parade began at 2 o'clock. It was in six divisions and in charge of Captain Wagner, as general marshal. There were 15,000 men in line. The most conspicuous features were the escorts of Colonel Roosevelt and Judge Nash, the one of veterans of the Spanish-American war, and the other of veterans of the civil war.

The meeting was held at Grace Park, within the confines of which fully 75,000 people gathered, only a small portion of whom could get within range of the voice of the speakers.

AN EXCURSION TRAIN WRECK

Six Persons Killed in a Train Collision on a Colorado Road.

DENVER, Colo., Sept. 23.—A special to the News from Florence, Colo., says: One of the most appalling accidents in the history of the Denver & Rio Grande railroad occurred at 4 o'clock this afternoon, four and one-half miles west of this city. Six persons were killed outright and five badly injured, among whom were three from Spokane.

The killed and injured were passengers on a Phillips-Judson excursion train, westbound, which collided with an east-bound freight train. The excursion train consisted of one day coach and two Pullman tourist sleepers. There was about forty passengers, most of them from Massachusetts, en route to the Pacific coast. The special had orders to run to Reno siding and when only a few hundred yards from the siding it collided with the freight train. The trains came together with terrific force. The second Pullman telescoped the first one, and the day coach is a complete wreck.

The freight train consisted of fifty narrow-gauge cars, loaded with ore and lumber, and wreckage is strewn along the tracks for nearly half a mile.

All the trainmen saved themselves by jumping. It is understood the freight train had orders to take the sidetrack at Reno, but for some reason it failed to do so.

A special with physicians was sent from this city to the scene of the wreck, and the surviving passengers were brought to this city. Later the injured were taken to Pueblo.

Trying to Get a Cannon.

SALEM, Or., Sept. 23.—Gov. Geer has been endeavoring ever since his decision to present the Oregon volunteers with medals, to secure a cannon out of which to make them. So far he has been unsuccessful, but he has not given up. He has been informed there are plenty of cannons in the Philippines, but there are great obstacles in the way of having them shipped. He hopes to have one sent on one of the transports, and after the arrival will hurry along the manufacture of the medals.

Austrian Cabinet Resigned.

VIENNA, Sept. 23.—At the cabinet council this morning the minister resigned to resign in a body. The premier and minister of the interior, Count Thun-Hohenstein, saw the emperor at 1 o'clock and tendered the resignation of the cabinet. The crisis was caused by the impossibility of terminating the parliamentary deadlock.

Probable Rate War.

CHICAGO, Sept. 23.—In railroad circles here a general western rate war is regarded as imminent.

John Charlton, general passenger agent of the Alton, today notified the chairman of the Western Passenger Association that his road would meet all cuts of competitors over its own counters. The western immigration bureau, which has wrestled with the question of competing with the Canadian Pacific in immigrant traffic, has decided that no satisfactory arrangements can be made

with the Canadian road. Successful competition has been handicapped, it is asserted, by the Southern Pacific, which demanded a full proportion of the traffic rate west of Ogden.

It has been decided that if this road does not recede from its position tickets shall be routed west of Ogden via the Oregon Short Line and Oregon Railroad & Navigation Company to Portland, and from there to San Francisco by boat, or over the Santa Fe.

TOO SLOW FOR JINGOES

Government Is Running a Risk by Its Renewed Patience—Loyalists Getting Tired—London Papers Comment Various on Slowness of the Ministers.

LONDON, Sept. 23.—The sands are run out, but all too slowly for the jingo party.

The Morning Post editorially warns the government that it runs a twofold risk by its renewed patience, first of exhausting the patience of the loyalists in South Africa; second, of its supporters at home, who are not too enthusiastic over its previous dealings with imperial questions.

The Chronicle bluntly tells the government that "their proceedings are undignified," adding "the fact remains that Kruger has been given another period of grace, thanks, primarily, to the fact that we are not prepared for war, but also probably to Salisbury's moderating influence on Chamberlain's impetuosity."

It is asserted in Cape Town that the combined Transvaal and Orange Free States tactics will be to prevent British advance from the Natal border, and to assume the offensive against British territory from along the unprotected Orange river border. Kruger's hope is thus to snatch victory as in 1881 and secure easy terms of peace.

An interesting note in connection with the attitude of the Afrikaners is that Secretary of State Reitz is Premier Schreiner's brother-in-law.

LYMPH CURE FOR INSANITY.

JOLLET, Ill., Sept. 23.—Irwin Fuller Bush, a young married man of this city, was sent to the Kankakee asylum last March, pronounced helplessly insane. Today, through treatment with lymph from the glands of goats, Bush is at home, completely restored in mind and body. The lymph has been discovered by Dr. Roberts, a physician of Greene City, Mo. Its application for insanity cases was demonstrated at a Chicago laboratory, where Bush was taken last June. He was subjected to injections of the lymph, showing steady improvement until he was discharged last Tuesday, cured. Dr. Roberts has gone to Europe to lay his discovery before Prof. Koch, of Berlin, and other foreign scientists.

Was Oregon Boy.

WASHINGTON, D. C., Sept. 25.—The gunboat *Urdaneta*, which was captured with her crew, about twenty-five miles from Manila, is a little craft of only forty tons displacement, not much larger than a small tug. She was captured by the navy early in the war, and has been on police duty in the bay for several months past. The records of the navy department show that she was one of the boats of which the Oregon is the parent ship. That is, she was supposed to draw all of her supplies from the battle-ship, to be manned from the Oregon's crew, and to act under instructions of the Oregon's commander.

According to last reports to the department, the little boat was last May under command of Naval Cadet Welborn C. Wood, but the personnel of the crew is not a matter of record, being subject to frequent change. Wood was appointed to the naval academy from Oregon, had passed his academic course, and was performing sea service at the time of the capture.

Naturally the department officials are vexed that difficulties of the negotiations looking to release of Lieutenant Gilmore, of the *Yorktown*, and his men should be added to by this last misfortune. Still there is no disposition unnecessarily to curb junior officers of the navy who are rendering such gallant service in the Philippines.

RECEPTION FOR STATE UNIVERSITY.

EUGENE, Sept. 24.—The social part of the new school year opened last evening with a reception given by Regent and Mrs. S. H. Friendly to President and Mrs. Strong, the members of the faculty and students of the state university. Their home was tastefully decorated with palms and potted plants, and students, professors and their close friends spent a few very pleasant hours in a social way tending to more intimate acquaintance. Light refreshments were served.

The school year has opened very promisingly in all respects, and there is a large attendance of new students. The past week has been devoted to assigning students and organizing classes, and everything is now arranged for regular recitations.

Woman's Work in England.

NEW YORK, Sept. 25.—James O'Connell, president of the International Machinists, who had been a delegate to the British trades congress meeting held in Plymouth, England, spoke to the Central Federated Union of his experiences and observations at the congress and among the working classes in England. He did not have a high opinion of them. The condition of the English working men, women and children he said was deplorable. The difference of sex seemed to be entirely lost sight of. He saw the women going about in cloaks, dressed in men's clothes, in blacksmith and other shops wielding the sledge hammers with the men.

Prevented a Tragedy.

Timely information given Mrs. George Long of New Straitsville, Ohio, prevented a dreadful tragedy and saved two lives. A frightful cough had long kept her awake every night. She had tried many remedies and doctors but steadily grew worse until urged to try Dr. King's New Discovery. One bottle wholly cured her, and she writes this marvelous medicine also cured Mr. Long of a severe attack of pneumonia. Such cures are positive proof of the matchless merit of this grand remedy for curing all throat, chest and lung troubles. Only 50c and \$1.00. Every bottle guaranteed. Trial bottles free at Blakeley & Houghton's Drug Store.

College Professor Dead.

MINNEAPOLIS, Sept. 24.—Dr. George A. Hendricks, professor of anatomy in the university of Minnesota, died today of Bright's disease. Dr. Hendricks introduced the graded course in anatomy, of which he was the originator, in the university, and it has been adopted by many medical colleges. Mrs. Hendricks is at present on her way to Honolulu, where she is building a winter home.

There is more Catarrh in this section of the country than all the diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from ten drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address, F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75c.

Abner McKinley in San Francisco.

SAN FRANCISCO, Sept. 24.—Abner McKinley, a brother of President McKinley, arrived here today. He is accompanied by Mrs. McKinley, and included in his party is Colonel W. C. Brown, of New York, who was on the staff of President McKinley when he was governor of Ohio.

Story of a Slave.

To be bound hand and foot for years by the chains of disease is the worst form of slavery. George D. Williams, of Manchester, Mich., tells how such a slave was made free. He says: "My wife has been so helpless for five years that she could not turn over in bed alone. After using two bottles of Electric Bitters, she is wonderfully improved and able to do her own work." This supreme remedy for female diseases quickly cures nervousness, sleeplessness, melancholy, headache, backache, fainting and dizzy spells. This miracle working medicine is a rod sent to weak, sickly, run down people. Every bottle guaranteed. Only 50 cents. Sold by Blakeley & Houghton Druggists.

Was Instantly Killed.

GERVAIS, Or., Sept. 24.—James Kane, a character in this section, was thrown from a wagon last night in a runaway accident, and instantly killed. The accident occurred near St. Louis, three miles west of Gervais. Death was instantaneous, as he fell on his head and the neck was dislocated.

He served in the United States army through the Nez Percés and Modoc Indian wars, having enlisted under the name of Fitzpatrick. He was a native of Connecticut, and more than 60 years of age. He was at one time the grand chief templar of the Independent Order of Good Templars of Oregon, but liquor caused his death. Friends here will bury him, as he was without funds or relatives.

ROYAL BAKING POWDER CO., NEW YORK.

CAPTURED BY INSURGENTS

Report That the Gunboat *Urdaneta* Was Taken.

WAS IN THE ORANI RIVER

One Officer and Nine of the Vessel's Crew Are Missing—Officer Was An Oregon Boy—Was Naval Cadet Welborn C. Wood, Appointed to the Naval Academy From This State.

MANILA, Sept. 25.—It is reported that the insurgents have captured the United States gunboat *Urdaneta*, in the Orani river, on the northwest side of Manila bay, where she was patrolling. One officer and nine of her crew are missing. The gunboat *Petrel*, sent to investigate, returned and reported that the *Urdaneta* was beached opposite the town of Orani, on the Orani river she was burned and the following guns with their ammunition were captured:

One one-pounder, one Colt automatic gun and one Nordenfeldt, twenty-five millimeter gun. The crew of the *Urdaneta* are prisoners, or have been killed. Further details are lacking.

Was Oregon Boy.

WASHINGTON, D.
