DEWEY ARRIVED HOME YESTERDAY

Reached New York on His Flagship Two Days Ahead.

DID NOT RECOGNIZE VESSEL

When the Identity of the Olympia Was Made Out, Passengers on the Steamer Monmouth Cheered Vociferously—Admiral Dewey, Who Was on Deck, Alone Acknowledged the Cheers.

NEW YORK, Sept. 26.—Much to the surprise of every one in this city the Olympia, with Admiral Dewey on board, arrived off Sand Hook lightship at 5:55 this morning.

The flag ship came up to the lower bay and anchored inside Sandy Hook. As soon as the anchor was dropped, an orderly was sent ashore with dispatches from the admiral and other officers.

The admiral's early arrival was a matter of great concern to the city authorities, who are arranging for New York's official welcome.

Mayor Van Wick hurried to his office, where he found the following telegram: "Olympia arrived this morning. Will go to Tompkinsville tomorrow.

The mayor authorized calling together of all the city's committees, and telegrams were sent out calling on members of the plan and scope committee, and various other committees to meet as quickly as possible at the City Hall.

The Sandy Hook steamer Monmouth passed the Olympia early this morning, and those on board of her were the first to see Dewey.

OTIS TO BE RECALLED

NEW YORK, Sept. 26.—A special to the Times from Washington says: Coincident with the near approach of Admiral Dewey, the rumors about General Otis' recall have been revived.

The basis for all this gossip seems to be the report that Admiral Dewey has a poor opinion of General Otis. This report has lately been revived and repeated in a number of way.

FILIPINOS FLED THE TOWN

Americans Marched Over Trenches and Took the Place, but Found it Deserted—American Casualties Five.

MANILA, Sept. 28, 10 a. m.—Generals MacArthur, Wheaton and Wheeler, with four regiments and a battery, advanced at daybreak this morning upon Porac, about eight miles northwest of Bacolor, in Pampanga province.

MANILA, Sept. 28, 3:30 p. m.—General MacArthur entered Porac after half an hour's fighting. The American loss was slight; the insurgent loss not known.

The attacking party moved on Porac in two columns. The Ninth infantry with two guns from Santa Rita was commanded by General Wheeler, and the Thirty-sixth infantry under Colonel Bell, with one gun accompanied General MacArthur from San Antonio.

Porac is situated fourteen miles from Bacolor, and has a population of 8,500. E. E. Turner, Compton, Mo., was cured of piles by DeWitt's Witch Hazel Salve after suffering seventeen years and trying over twenty remedies.

WILL LET THE PRISONERS GO

Amiable Intention of Aguinaldo as Reported by Two English Sailors.

FOURTEEN PRISONERS ARE INCLUDED

Men Will Be Released Today or Tomorrow—Lieutenant Gilmore and Yorktown Party to Be Held Some Time Longer—Filipinos Wish to Clothe Them.

NEW YORK, Sept. 26.—A dispatch to the Herald from Manila says: The two Englishmen who assert that they were shipwrecked in a small open boat near Bigaa, at the northern end of Luzon, bring a message from the insurgent general, Pantela, that fourteen American prisoners who are now held at Tarlac will be released on Tuesday or Wednesday.

The Englishmen state further that Lieutenant J. C. Gilmore and the captured boat's crew from the Yorktown are still at Bigaa, but will be released later, in accordance with the decision of the Filipino congress, and the subsequent decree of Aguinaldo providing for the surrender of all American prisoners.

The Englishmen say that Lieutenant Gilmore and his men are not being treated well. They are only receiving twenty cents a day each for rations.

The released Englishmen assert that three Americans who were taken prisoners have accepted commissions in the insurgent army.

The Filipino authorities sent word that no trace can be found of Captain Rockefeller, of the 19th infantry, who disappeared in April, and was supposed to have been captured.

The railroad bridges in insurgent territory have been washed out, and the insurgents are having difficulty in supplying the troops in the immediate front of the American line.

On the way to the American lines the Englishmen were taken on a wide detour away from the insurgent front, and were thus unable to see the insurgent forces, which are reputed to be strong.

LONDON, Sept. 27.—The Transvaal situation remains unchanged, though if anything, the feeling of gloom has deepened. Cablegrams from Pretoria and Cape Town show that the general impression prevails there that the Boers will not recede from their position, and that feeling of unrest at Pretoria has been intensified.

A dispatch today announces that the Transvaal government has begun to appoint officers to go to the front in case of hostilities. The executive council of the Transvaal has prolonged the sitting of yesterday, and has been in constant telegraphic communication with the Orange Free State.

The free state has yet been reached. The Transvaal's reply to the dispatch of Secretary Chamberlain will be drafted today and submitted to the read in secret session. The members appear convinced that Great Britain is determined on war.

HOW DEWEY WAS RECEIVED

The Most Magnificent Reception in Our History.

SOLDIERS, SAILORS AND CITIZENS

All Unite in Welcoming the Hero of Manila Bay Amid the Roar of Cannon.

NEW YORK, Sept. 27.—Admiral Dewey rose early today and could be seen from Atlantic Highlands pacing Olympia's quarter deck. An outward bound British steamer saluted as it passed.

It was explained today that while Dewey and Rear Admiral Howison both outrank Rear Admiral Sampson, there has been no change in the arrangements giving Sampson full control of the naval portion of the demonstration in Dewey's home.

Long before dawn steam and sailing craft of all sizes gathered in the vicinity of the southwest channel and swarmed around the Olympia. A string of signal lights kept constantly changing as answers were flashed across the bay to salutations and passing ships.

At 6:45 the cruiser Chicago, flying the pennant of Rear Admiral Howison, passed in at the narrows. As she neared the Olympia her guns belched forth the admiral's salute, which the Olympia returned with a salute to the rear admiral.

At 8 o'clock colors were sounded and the flag and jack were hoisted fore and aft to the strains of the "Star Spangled Banner."

At 8:30 o'clock the Dolphie hove in sight, having on board the Assistant Secretary of the Navy Allen, who was received with a salute.

John Barclay, twenty-four years old, and Forest Ferrons, twenty-one years old, the prisoners, made a pitiable figure in the court, and the officers scarcely had the heart to pursue them with the law's retribution.
