BOERS HAD THE ADVANTAGE

British Regiment Decimated by Free Staters Friday Last.

KILLED AND WOUNDED, 600

Three Hundred Horses Captured—Gen. Buller's Forces Are Landing at Cape Town.

LONDON, Nov. 10.—Another rumor, emanating from Amsterdam sources, says a British regiment was decimated Friday by the Free Staters. It is added that six hundred British soldiers were killed or wounded and that three hundred horses were captured.

LONDON, Nov. 10.—The British war office has received from General Buller the following dispatch: "Cape Town, Thursday evening—Have received by pigeon post from General White today the following: "The bombardment at long range by heavy guns continues daily. A few casualties are occurring, but no serious harm is being done. The Boers sent in today a number of refugees from the Transvaal under a flag of truce. A party from Ladysmith met them outside the pickets. When the party separated, the Boer guns fired on it before it reached our pickets. Major Gate, of the Royal engineers, was wounded today while sending a message. The entrenchments are growing stronger daily and the supply of provisions is ample."

Buller's Forces Landing.

LONDON, Nov. 10.—With the arrival at Cape Town of the British transports Roselyn Castle and Moor, to be followed by a continuous succession of troop-laden ships, the real campaign in South Africa may be said to have begun, and the fact that the first ship named was expected to have arrived at Durban forthwith indicates at least a modification of the plan of advance. It seems General Buller's first move will be to relieve General White, thus somewhat departing from the earlier plan of advancing through the level country of the Orange Free State and Southwestern Transvaal. It has been apparent for some days that the situation at Ladysmith could not be indefinitely prolonged, and it is understood that information has reached the government to the effect that the quiescence of the Boers will shortly be changed by the arrival of a siege train from Pretoria into a determined attack to deliver a telling stroke. This, it is added, led General Buller to prepare a counter-stroke and endeavor to push the Boers back by a direct attack. Such an operation, if attempted, will necessarily entail a great expenditure of life. While the pigeon dispatch of General Buller shows the beleaguered garrison was holding its own yesterday, it is feared here that the silence regarding what the British artillery was doing in reply to the Boer guns indicates that White is short of long-range ammunition. If this is true, the reported further railroad destruction near Colenso assumes greater importance. One very serious passage in General White's message gives the first official confirmation of the statements of Boer treachery, which there has been disposition hitherto to discredit, but which must now be accepted as at least partly true. With the additional division announced by General Wolseley at the lord mayor's banquet yesterday evening, Buller's force will aggregate 95,000 men by Christmas.

Troops at Cape Town.

CAPE TOWN, Nov. 10.—The British transport Moor, having on board the officers and staff of three divisions of the British army corps, on its way to South Africa, arrived here this morning.

Sold for \$700,000.

ASHLAND, Or., Nov. 9.—O. W. Trefren and Eric Carlson, of this city, yesterday closed up a deal whereby the Carlson-Walters copper mine property, located south of Ashland, just over the California state line, and eight miles west of Cole's station, was sold to the Siskiyou Copper Company, Ltd., of Rosland, B. C., which has a capital stock of \$3,200,

2000. Mrs. Lola Walters, of Phoenix, and Eric Carlson, owners of the property, have had it bonded to the company for two years, and have received \$200 per month during the time, but in the transfer now made the consideration is about \$700,000, the grantors receiving in payment part cash and balance in stock of the new company, which will push development work.

Transcontinental Fare Cut.

SEATTLE, Nov. 9.—An introduction to a local rate war between the three transcontinental lines, begun this morning, first and second class tickets to Chicago and Atlantic coast points dropped \$6 today. The trouble began through alleged rate-cutting by the Great Northern.

Hobart Had a Good Night.

PATERTON, N. J., Nov. 10.—Vice-President Hobart had a restful night and was comfortable this morning. There is practically no change in his condition.

MEET WITH OPPOSITION

But It Is So Slight That Their Progress Is Not Impeded Much—Wheaton Landed at San Fabian Instead of Lingayan, as Was Announced.

WASHINGTON, Nov. 10.—The war department has received the following: "Manila.—General Lawton experiences some difficulty on account of the continued unprecedented rains in that section of the country. He advanced the column at San Jose yesterday to Caranagtau. Today a strong force was put through on the Aligao route. "Young captured yesterday considerable additional Cuban arms and property in transit north, among which were 144 two-inch and 22 boxes 1.95-inch ammunition for Hotchkiss guns, fifty projectiles for five and eight-inch breechloading rifle cannons, two boxes of grenades, considerable other ordnance property, and two tons of casting and arsenal machinery in parts. He is met with opposition, but the advance is not much impeded thereby. "MacArthur is reconnoitering north of Mabacalat. Yesterday eleven scouts were directed to the front, and Smith's Seventeenth infantry on the Magalang and Concepcion road. Bell, of the Thirtieth, with five of his officers and two privates of his regiment, mounted, one officer and ten men of the Fourth cavalry, struck 100 insurgents in the mountains west of Mabacalat. The Americans charged, killing and wounding nineteen, capturing six and 30 Mauser rifles. "The railroad from Angeles to Bamban is destroyed. MacArthur will have 40,000 rations to the front today, and will take up the advance to Talar tomorrow. "Wheaton reports twenty-eight Spanish prisoners secured. Three hundred insurgent recruits escaped to the mountains from the enemy during the battle at San Fabian. These recruits were en route to Dagupan. Wheaton says everything is favorable to carrying out successfully his instructions, and that the co-operation of the navy is complete. OTIS. "A second dispatch from General Otis follows: "Manila.—The report received yesterday concerning Wheaton's movement was erroneous. He did land at San Fabian, as directed, and drove the bulk of the enemy back in the desired direction toward Dagupan. Operations were successful in every particular."

Twenty-six Men Injured.

DENISON, Ia., Nov. 11.—Twenty-six men were injured in a wreck on the Fort Dodge & Omaha railroad, nine miles north of Denison, this afternoon. A gravel train running extra and a work train containing 180 men came together around a sharp curve at a dozen cars in the road. Two of the injured—Ed McKee and Dan O'Brien—are not expected to live, and several others are probably fatally hurt.

THE STRUGGLE IN AFRICA

Little Change in the Situation in Natal or on Western Border.

KIMBERLEY WAS SHELLED TUESDAY

The Invasion of Cape Colony—Mafeking Garrison Holding His Own—No News From Ladysmith.

LONDON, Nov. 11.—The day has brought forth no great news, and little change has taken place either in Natal or on the north and northwestern frontiers of Cape Colony. The chief fact is the opening of the bombardment of Kimberley Tuesday by Free State artillery, which proved, according to an official statement, utterly ineffective. The Boer investment of the town, however, is said to be tightening. Skirmishing between the Kimberley mounted troops and the Boers early in the week resulted in severe Boer losses, the British force losing one killed and one wounded. Advice from Orange river confirm the report of the Free State troops' advance upon the north of Cape Colony, but, owing to the retirement of the British forces from the borderland, no serious collision has yet occurred. The coming week, however, is certain to see important developments in this district. An official dispatch recording a skirmish near Belmont, in which Colonel Falconer was killed, three other officers were wounded, one dangerously, and two privates slightly wounded, is far from clear. It is not known whether Colonel Falconer was preparing for a British advance or was merely endeavoring to ascertain the numbers of the Boers.

ON THEIR WAY TO PRISON

Convicted Coeur D'Alene Miners Start For San Quentin.

MOSCOW, Idaho, Nov. 11.—The closing scene of the case of the Coeur d'Alene miners, convicted for delaying the United States mails, was enacted today, when United States Marshal Ramsey and six guards left on a tourist car over the O. R. & N., with the ten miners, bound for the United States prison at San Quentin, Cal. They will reach Portland at 8 a. m., tomorrow, and transfer to the Southern Pacific. When the convicted miners—Dennis O'Rourke, Arthur Wallace, Henry Maron, John Lucinati, C. R. Burres, Francis Butler, Ed. Ahinola, P. F. O'Donnell, Mike Milvey and Louis Salla—reach the California prison they will start on a twenty-two months' sentence, with the exception of Dennis O'Rourke, who will serve twenty months. By good behavior the men can reduce their sentence sixty days.

Situation at Natal.

FAIRBANKS, Natal, Tuesday, Nov. 7.—An armored train manned by an engineering staff accompanied the Dublin fusiliers, under Captain Hensley, returned here tonight. It reports that it found the stores at Freer looted, apparently by Kaffirs, and met cyclist patrols, who reported that the Boers were on the Springfield road, five miles away. The train proceeded cautiously, and found the Blueprint bridge intact. The train frequently stopped, and Captain Hensley examined the road ahead before proceeding.

A Coming Conflict.

LONDON, Nov. 11.—In connection with the reported Anglo-American understanding regarding an open door in China, Japan's attitude in far Eastern Asia is much canvassed. Several correspondents in China talk of a coming conflict between Japan and Russia over Corea. A letter from Seoul, which appears in the Times today, says: "The Japanese are convinced that to permit Russia to acquire Corea or establish Russian ascendancy in Northern China would be strategically, politically and commercially a deadly menace to Japan's rapidly developing strength. Japan believes her navy is strong enough to attack Russia, and the general opinion is that the interests of the two nations are so conflicting that it is impossible to avoid a rupture in the near future."

Chamberlain's Pain Balm Cures Others.

My wife has been using Chamberlain's Pain Balm, with good results, for a lame shoulder that has pained her continually for nine years. We have tried all kinds of medicines and doctors without receiving any benefit from any of them. One day we saw an advertisement of this medicine and thought of trying it, which we did with the best of satisfaction. She has used only one bottle and her shoulder is almost well. —ANOLU L. Well-Known Astoria Physician Dead.

ASTORIA, Nov. 11.—Dr. Ambrose I. Fulton died at his residence in this city at 6:30 o'clock this morning. The immediate cause of his death was Bright's disease, which followed a severe case of grip last spring. Dr. Fulton was born in Allen county, Ohio, October 12, 1851. When a boy he moved with his parents to Nebraska, and was married there, March 26, 1878. Later he came to Astoria, where he has resided for the past seventeen years. He leaves a widow and one child, a boy about two years of age, besides a mother living in Nebraska, and three brothers, Dr. J. A. G. C. and Senator C. W. Fulton, all residents of this city. The deceased was one of the best-known and most popular citizens of Astoria. In his profession he had the respect of his associates and the confidence of the public. He was a peculiarly affable and approachable man, who endeared himself to all with whom he came in contact. It may truthfully be said that he died without having had an enemy. The funeral will be held on Monday from the family residence, with interment at Ocean View cemetery.

Struggle With Insane Man.

ST. LOUIS, Nov. 12.—In the grasp of her insane husband, Mrs. Ralph Reif battled for her life from 7 p. m. Saturday until 2 a. m. Sunday. She had been kept a prisoner by her husband in their third story flat for three days. For two days of this time she was without food. When she attempted to leave the room her husband would seize her and bring her back. A tenant on the floor below, hearing the disturbance, finally called a policeman. Forcing open the door, Mrs. Reif was found on the bed with her husband's hands clenching her throat. She was struggling feebly, but

BOERS DEFEATED AT LADYSMITH

After Four Hours Fighting the British Silenced Their Guns.

BRITISH SITUATION IS IMPROVING

Eight Thousand Troops Reached South Africa in the Last Forty Eight Hours—Thousands More This Week.

LONDON, Nov. 13.—A special dispatch from Durban, dated Thursday evening, says: "Native runners who have just arrived here from Drakensburg district report that the Boers suffered a severe defeat at Ladysmith this morning. The Boer guns were silenced after four hours' fighting during which the Boer losses were heavy. No details received."

Aid For General White.

LONDON, Nov. 13.—The simultaneous attacks on Ladysmith, Mafeking and Kimberley which opened Thursday manifest the full recognition by the Boers of the fact that every day lessens their chances of a successful onslaught on any of the three British strongholds. Joubert's chance of reaching Pietermaritzburg can be said to have vanished. This is already reported to be admitted by Colonel Schiel, the German officer commanding the Boer artillery, who is supposed to have been largely the author of the Boer plan of campaign, and who in an interview is alleged to have said: "The Boers' intention was to have captured Pietermaritzburg and then to dictate terms. But all hope of accomplishing this must now be abandoned. There is no doubt that from a British point of view the British situation is rapidly improving. Nearly 8000 troops reached South Africa during the last forty eight hours, and by the end of week from 6000 to 7000 more will be added to the British strength in Natal. These will probably be pushed forward to Estcourt, bringing the British force there up to 10,000 men and making a general attack on Ladysmith by General Joubert very hazardous."

Crowds to Hear Moody.

KANSAS CITY, Mo., Nov. 12.—Dwight L. Moody, the evangelist, who began an eight-day revival service here today, spoke to 30,000 people at Convention hall this afternoon and evening. Four thousand people were unable to gain admission.

AGUINALDO'S SECRETARY CAPTURED

Col. Hays Takes Him—Army Believed to Be Surrounded—Defeat and Disease Utterly Broken Filipino Spirit.

MANILA, Nov. 13.—General Young is supposed to have reached San Nicholas, about thirty miles east of Dagupan, but his wagons are far behind. Colonel Hayes has captured Aguinaldo's secretary, and Major Coleman is in Carrangian with an escort of 175 bolomen on his way to the province of Nueva Vizcaya. A son of General Llaneras and his family are prisoners. The general barely escaped.

Wheaton's Advance.

MANILA.—In MacArthur's advance, the Thirty-sixth volunteers and cavalry troops under Bell entered Talar at 7:10 p. m. yesterday. The enemy fled, but by labor MacArthur succeeded in getting forward to Capuya all artillery and quartermasters' transportation, and will have command in Talar today. His advance is pushing forward to save as much of the railroad as possible, which the enemy is trying to destroy in the retreat. Many deserters from the enemy passed into MacArthur's lines, with some thirty rifles yesterday. Insurgents in that section are reported to be short of provisions. "Lawton is pushing forward with great energy, his advance being obliged to leave behind all transportation and depend to a great extent upon the country for subsistence."

He rushed into the building and a moment later a second explosion of greater force occurred. Pieces of wreckage hurled through the air by the second shock struck Burrell in the neck, decapitating him. Another missile penetrated his heart. Fires following the explosion, destroyed both buildings, entailing a heavy loss. The bank vault and the store safe, however, were not damaged. The cause of the explosion is not known, but the authorities are working on the theory that it was done by incendiaries.

The Deweys Annoyed by a Crowd.

NEW YORK, Nov. 11.—A crowd followed Admiral and Mrs. Dewey today as they walked down Fifth avenue from the hotel, and at Fifteenth street gathered around them and kept them imprisoned. The crowd shouted and hurrahed, and some attempts were made to raise the admiral on the shoulders of some of the more zealous of the enthusiasts. Admiral Dewey begged and implored the people to allow him to proceed, but finally he had to take refuge in a store, from which he escaped by a door to a side street.

New School Building for Pendleton.

PENDLETON, Ore., Nov. 10.—Pendleton public school pupils are to have a fine new assembly hall and gymnasium, and another school house is also to be built. The directors have set aside \$7500 to be devoted to the construction of the proposed buildings, and this will be so carefully expended that the result will provide for the present need of the rapidly over-crowding schools.
