Scrofula to Consumption.

Any one predisposed to Scrofula can never be healthy and vigorous. This taint in the blood naturally drifts into Consumption. Being such a deep-seated blood disease, Swift's Specific is the only known cure for Scrofula, because it is the only remedy which can reach the disease.

Scrofula appeared on the head of my little grandchild when only 18 months old. Shortly after breaking out it spread rapidly all over her body. The scabs on the sores would peel off on the slightest touch, and the odor that would arise made the atmosphere of the room sickening and unbearable. The disease next attacked the eyes, and we feared she would lose her sight. Eminent physicians from the surrounding country were consulted, but could do nothing to relieve the little innocent, and gave it as their opinion that the case was hopeless and impossible to save the child's eyesight. It was then that we decided to try Swift's Specific. This medicine at once made a speedy and complete cure. She is now a young lady, and has never had a sign of the disease to return.

Scrofula is an obstinate blood disease, and is beyond the reach of the average blood medicine. Swift's Specific

S.S.S. For The Blood

is the only remedy equal to such deep-seated diseases; it goes down to the very foundation and forces out every taint. It is purely vegetable, and is the only blood remedy guaranteed to contain no mercury, potash or other mineral substance whatever.

R. Borten, of Grass Valley, is doing business in the city today, having arrived in town yesterday afternoon. He says this is the kind of weather that makes the stockmen smile and stock live on the fat of the land. The condition of the roads is comparatively nothing when the benefit derived from the rains is considered.

He Got the Money.

The Atlanta Constitution tells a good story on the native southern judiciary. A man and woman called on a rural justice of the peace and asked for a divorce. The justice called the bailiff and asked in a whisper: "What's the law on that pint?"

"You can't do it," replied the bailiff. "It don't come under yer jurisdiction."

"We're willin' ter pay cash for it," replied the husband, not understanding the nature of the consultation; "I've got the money in this here stockin'."

The justice looked grave. Then, adjusting his spectacles and addressing the man, he said:

"You knowed 'fore you came here that 'twain't fur me to separate husband an' wife, an' yet you not only take up the time of this here valuable court with yer talkin', but ackchully perpose to bribe me with money! Now, how much you got in that stockin'?"

"'Bout six dollars an' a half, yer Honor."

"All right, then, I fine you five dollars for bribery an' a dollar an' a half for takin' up my time with a case what my jurisdiction is out of, an' may the Lord have mercy on your soul!"

MANY METEORS SEEN IN EUROPE

But All America Has Been Disappointed Thus Far.

A FEW LONELY ONES SEEN

Washington Saw Three and Chicago

Only One Faint One—Harvard Had Little Use For Her Cameras, but Was Waiting in Hope of an Early Morning Display.

LONDON, Nov. 16.—London has been badly disappointed regarding the leonid showers. Tuesday night was foggy and last night cloudy and misty.

From the Brussels observatory, between 1:30 and 6 a. m., Wednesday, leonids were visible, ranging in brilliancy from the second to the third degree, having in most instances a train resembling a comet. At 3:23 a. m., a globe of fire, very bright, was seen in the direction of north, northeast, 30 degrees above the horizon.

In Austria the same night, about 300 leonids were seen. Good photographs were secured.

M. de la Vaulx, who ascended in a balloon from Paris, saw about 100 on Tuesday night.

Washington Saw Three.

WASHINGTON, Nov. 16.—The astronomers at his naval observatory were keeping a strict watch last night for the meteoric display. Up to half past 1 o'clock three meteors were observed.

Harvard Was Hopeful.

BOSTON, Nov. 16.—Only a few leonids were caught in the cameras at Harvard observatory between 1 and 2 o'clock, but the observers stated that time that a great shower might occur at any time after 3 or 4 o'clock.

One Lonely Meteor for Chicago.

CHICAGO, Nov. 16.—One faint meteor was seen through the big telescope at Yerkes' observatory, William's Bay, Wis., at 10 p. m. It was too faint to be photographed, but the astronomers took new hope for its sight.

Spain Saw Shooting Stars.

MADRID, Nov. 16.—The observers at the observatory here last night perceived on a boldie moving from west to east. It did not burst. Many shooting stars were also seen.

Keeps and Cheating.

A Salem mother writes to the Statesman as follows:

Have others, besides myself noticed the collections of school boys, in various parts of the city, playing marbles for "keeps"? These little fellows are often encouraged in this form of gambling by older boys and men (God save the mark!) and the thing has grown to be a small-sized nuisance, as yet nothing of the deleterious influence on the character of the boys. The thing will grow on them, and they will become mature gamblers. This is the dangerous feature of it. When I was a girl, the teachers of the schools were very severe in dealing with this offense. Is there not a good deal of school discipline, and home discipline, too, needed in Salem; a good deal more than is exercised?

Whether "keeps" is played as much in The Dalles as Salem, and gives quite as much annoyance to teachers, we know not. However, there is another evil in schools everywhere, which causes the instructors more trouble than anything else. We refer to the habit of cheating, so extensively practiced and so difficult to overcome. Pupils who are perfectly honest in every other respect seem to think nothing of cheating in regard to lessons or examinations, and use all sorts of dishonorable means, keeping teachers constantly on the alert to prevent it. There has always been this same difficulty, and such a practice must certainly tell on the character in after years.

Were parents to impress on their children that cheating in school is equally as dishonest as in any other walk of life, teachers would be greatly aided and the pupils receive much benefit thereby.

Notice to School Teachers.

Recognizing the fact that a thorough knowledge of vocal music will in the near future become one of the requirements of every successful school teacher, I have decided to open a special course for teachers in the rudiments of music, vocal culture, theory and sight singing, fitting one for a practical knowledge in the different branches of vocal music. All teachers desiring to enter this course should consent or write me before Dec. 1st. Teachers from the country may attend without any loss of time as the lessons will be given on Saturday of each week. Full particulars and terms on application. A. W. LUDWELL, B.M., Nov 17-3rd St. The Dalles.

A Mother's Plain Words

"I suppose you will be astonished when I tell you that six years ago I was in a most dangerous condition with bronchitis and lung trouble, because you can see how well and strong I am now. The attack at that time caused terrible pain in my chest and lungs. I could hardly move, and to stoop caused intense suffering. Someone advised Acker's English Remedy, and I thought I would try it, although I confess that down in my heart I had little faith in it. The first bottle gave great relief, and the second bottle made me the healthy woman I am today. My husband's lungs are weak also, and he cured himself with the same grand old remedy. Our boy and girl have both been saved by it from death by croup. I know this is so, for when they were attacked in the night I had a bottle in the closet, and by acting quickly that fatal malady was easily overcome. We always give it to the children when they have a cough or cold, and we would not be without it for anything. My sister will tell you also, if you ask her, that it is a medicine that can always be depended upon for all the troubles of the breathing organs. I tell all our neighbors about Acker's English Remedy whenever I get a chance, and there are plenty of people around Mechanicsville, N. Y., where I live, who would no more think of going to bed at night without a bottle of it in the house than they would of leaving their doors wide open. As I look at it, parents are criminally responsible when they allow their children to die under their very eyes with croup, because here is a certain remedy that will conquer the terrible monster every time." (Signed) Mrs. FLOYD POWLER.

Acker's English Remedy is sold by all druggists under a positive guarantee that your money will be refunded in case of failure. 25¢, 50¢, and \$1 a bottle in United States and Canada.
