CHINA TO HAVE A NEW EMPEROR

Dowager Empress is Believed to Have Forced Old One to Abdicate and Nine-Year-Old Boy Will Succeed Him.

PEKING, Jan. 25.—The imperial edict issued yesterday says that owing to the emperor's poor health he is unable to conduct the business of the state, and appoints Put Sing, son of Prince Tuan, his heir. The emperor apparently has been compelled by the dowager empress to abdicate about Chinese New Year, though it is understood this will meet with considerable opposition in certain court circles. The dowager empress, however, intends to carry out the programme which she had been planning for years.

WASHINGTON, Jan. 25.—The Chinese minister here has received no official information as to the appointment of a new emperor. When the announcement was shown the members of the legation by a representative of the Associated Press, considerable surprise was expressed from the fact that the names mentioned, Put Sing, the reported new emperor, and Prince Tuan, his father, are not known to any member of the legation. Chinese officials here say they are certainly not prominent in public affairs.

WINTER TRIPS.

than a great many others; but even here, there are numerous instances where the farmers who own ranches on the bench lands are compelled to haul water for several miles.

In some of the other counties it is reported to be even worse, in some cases water being carried in tanks from 12 to 14 miles. A case of this kind is said to exist in Gilliam county, a rancher there being obliged to haul water 14 miles for household purposes and for the watering of stock. To keep this up requires the constant services of one man and four horses. Dozens of other cases are cited being nearly as bad.

Those promoting the idea claim that underlying these territories there are vast deposits of artesian water.

The ranchers, however, do not feel justified in experimenting at their own expense, but should they receive aid from the state a number would have wells sunk. They realize the great advantages that would result and the value it would add to their farms, but they do not feel justified in undertaking the work alone. A great many ranchers claim they would not hesitate a moment to expend their money in boring for artesian water, but they first desire to have it demonstrated that the plan is feasible. It is to demonstrate this fact that the state will be called upon to lend its aid, and an appropriation will be asked for. The promoters of the measure contend that the state will be the principal gainer, as the lands will become much more valuable when once water is obtained on them. Valuation would naturally increase, more taxes would be paid, and thus increase the revenue of the state's treasury.—E. O.

LATE WAR NEWS.

Warren Captured Spionkop Wednesday Night, But Withdrew Last Night.

An associated dispatch received this afternoon is to the effect that Warren's troops captured Spionkop Wednesday night, being inveigled into it by the Boers, who, having big guns planted on all surrounding kopjes, immediately opened a shell fire that made it too hot for them. On Thursday night, under cover of darkness, Warren withdrew with his troops. The English losses are given as 24 killed, 154 wounded and 31 missing. Gen. Woodgate was dangerously wounded. Dr. Leyds, the Transvaal's agent at Paris, said Boer losses were 212 killed and 1000 wounded.

A dispatch from London says: "Great anxiety here. Reports that heavy battle is progressing near Ladysmith and Boers resisting. British losses believed very heavy.

"I am indebted to One Minute Cough Cure for my health and life. It cured me of long trouble following grippe." Thousands owe their lives to the prompt action of this never failing remedy. It cures coughs, colds, croup, bronchitis, pneumonia, grippe and throat and lung troubles. Its early use prevents consumption. It is the only harmless remedy that gives immediate results.

F. B. Thirkield, health inspector of Chicago, says, "Kodol Dyspepsia Cure cannot be recommended too highly. It cures me of severe dyspepsia." It digests what you eat and cures indigestion and heartburn, and all forms of dyspepsia.

Buried at Arlington. WASHINGTON, Jan. 24.—The remains of forty-three soldiers who died of yellow fever in Cuba, were interred at Arlington today. The exercises were conducted according to the rituals of the Catholic and Episcopal churches. President McKinley, Secretary Root and Attorney-General Griggs were present. The burial was with military honors.

For winter residence or winter outing ideal conditions will be found on every hand in California. Pioneers early rainfall has this season given to the semi-tropical vegetation wonderful impetus; the floral offerings are more than usually generous and the crop of southern fruits bountiful and excellent.

Old ocean possesses new charms at Santa Barbara, Santa Monica, Long Beach, Coronado and the enchanted isle of the sea, Catalina—where fishing, boating, rambling, riding, hunting and loading may be enjoyed as nowhere else. Quiet little spots, snug and warm, offer themselves at Montecito, Nordhoff, Pasadena, Echo Mountain, San Jacinto, Fall Brook and Palm Springs.

For renewing health and vigor, here abound many hot springs, of widely varying constituents and demonstrated merits; the dry, antiseptic, tonic air of the desert may be enjoyed at Banning, Indio, Yuma; and, even farther on, at Phoenix, Tucson, El Paso, exists conditions equally well indicated for weak throats and lungs.

Many think nothing in nature more attractive than the shimmering olive orchards of Santa Barbara and San Diego; others prefer the stately walnuts of Ventura and Los Nietos, or the lemons of Fernando; but for glorious fruit and graceful tree commend us to the golden orange, first, last and always, and it exists in greatest perfection at Covina, Riverside, Redlands and Highlands. Equally interesting is the scientific and tempting fashion in which the sorting and packing of the orange is here accomplished.

The faithful were exhorted to see Mecca and shuffle off; but wiser generations will see California of the south and prolong life.

Reports Should Be Discounted.

VANCOUVER, B. C., Jan. 24.—The reports of fabulously rich quartz strikes in the north should be liberally discounted, says J. A. Marion, of Dawson, himself the owner of several placers and also of a coal mine half way between Bennett and Dawson. He states that the reported rich find of copper-gold quartz at Great Slave lake, in which the Hudson's bay people were interested, has turned out to be fictitious. "There is no doubt whatever," said Mr. Marion, "that the mine is false."
