In this city, this afternoon, Feb. 7th, to Capt. and Mrs. Chas. Alden, a son.

Wheat Sale at Dayton.

A heavy wheat deal was recently consummated at Dayton and the grain is being sent to Portland as fast as cars can be had for that purpose. About 100 cars will be needed, and it is possible to secure but a few each day. The deal was for 70,000 bushels, averaging 61 pounds. The price was 45 cents on board the cars. W. J. Loundagin made the deal for Corbett Bros. & Co., the principal seller being W. T. Richardson, who had 64,000 bushels of his own grain in the lot. This grain was raised within three miles of that city, and was of unusually good quality, which fact accounts for the high price secured. The regular price for grain there now is from 39 to 41 cents.—La Grande Chronicle.

5-11 The Modern Mother

Has found that her little ones are improved more by the pleasant Syrup of Figs, when in need of the laxative effect of a gentle remedy, than by any other. Children enjoy it and it benefits them. The true remedy, Syrup of Figs, is manufactured by the California Fig Syrup Co. only.

As a cure for rheumatism Chamberlain's Pain Balm is gaining a wide reputation. D. B. Johnston of Richmond, Ind., has been troubled with that ailment since 1892. In speaking of it he says: "I never found anything that would relieve me until I used Chamberlain's Pain Balm. It acts like magic with me. My foot was swollen and painful very much, but one good application of Pain Balm relieved me. For sale by Blakeley & Houghton."

RELIEF REGARDED AS CERTAIN

Butler Holds His Position. Though Cost Will Be Enormous.

LONDON, Feb. 8.—A cable dispatch from Spearman's camp under today's date says: "Butler holds his position; relief is certain."

LONDON, Feb. 8.—Butler cabled the war office that the approximate British casualties in the fighting at Potgieter's drift up to noon Tuesday are: Officers: Two killed and fifteen wounded; non-commissioned officers and men, 216 killed and wounded. The officers killed were Major Johnson-Smith and Lieutenant Shafter, both of the Durham light infantry. The officers wounded include Colonel Fitzgerald, of the Durham light infantry, and Colonel Montgomery, of the Royal artillery, and Lieutenant Sir Cunningham, of the Rifle Brigade.

LONDON, Feb. 8.—Presumably Butler is fighting again today, in his third attempt to relieve Ladysmith, and news of great importance may arrive at any time. Yet here there is more doubt than excitement, for even if the recollection of Butler's two disastrous failures, after suspicious starts, were in the minds of the public, the list of casualties published today would be a sufficient reminder of the tremendous difficulties of his task.

The claim of other cough medicines to be as good as Chamberlain's are effectually set at rest in the following testimonial of Mr. C. D. Glass, an employee of Bartlett & Dennis Co., Gardiner, Me. He says: "I had kept adding to a cold and cough in the winter of 1897, trying every cough medicine I heard of without permanent help, until one day I was in the drug store of Mr. Houlehan and he advised me to try Chamberlain's Cough Remedy and offered to pay back my money if I was not cured. My lungs and bronchial tubes were very sore at this time, but I was completely cured by this remedy, and have since always turned to it when I got a cold, and soon find relief. I also recommend it to my friends and am glad to say it is the best of all cough medicines." For sale by Blakeley & Houghton.

Gravediggers Strike in Buenos Ayres.

BUENOS AYRES, Feb. 8.—The terrible heat continues. There were 267 sun-strokes on Monday and 187 Tuesday. The fatal cases show a diminution, but numerous bodies are decomposing at the cemetery, owing to the strike of the gravediggers for higher wages.

THE NEW SEWERS.

The following poetic effusion has been handed up for publication. As it is not of the "soaring" kind we give it space:

The old sewers have too much of a grade. The new ones will be made from east to west. They claim this system is always the best. The sewers when made will be all the best. With a grade of a foot and a half to the mile; And if anything gets in as big as your shoe. It's got to stay there if it can't get through. The terracotta pipe, whether cheap or dear, Undoubtedly must be purchased here; Whether from Peters, or Mays & Crowe, Your correspondent does not know. The money will be collected, but they don't know when, And they claim they'll employ a hundred men. If such be the case it will keep 'em running To get the tools sharpened by our Councilman Gunning. When these men want clothing they'll always find Charley Stephens on Second street, bear this in mind. When the sewers are finished and we find them no good, We then can repair the old sewers with wood. The money collected that the new sewers cost, Being spent in this city, it cannot be lost.

Robbed the Grave.

A startling incident, of which Mr. John Oliver of Philadelphia, was the subject, is narrated by him as follows: "I was in a most dreadful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides, no appetite—gradually growing weaker day by day. Three physicians had given me up. Fortunately, a friend advised 'Electric Bitters'; and to my great joy and surprise, the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man. I know they saved my life, and robbed the grave of another victim." No one should fail to try them. Only 50c, guaranteed, at Blakeley & Houghton's drug store.

Short Council Meeting.

Wednesday's Daily.

The councilmen have commenced another series of meetings, the second taking place last evening, when, beside Mayor Kuck, there were present Councilmen Clough, Gunning, Johnston, Wilson, Stephens, Shackelford and Kelly.

At the last meeting the petition of G. F. Gointher and others was introduced, asking for a sidewalk on the west end of Ninth street. Last night James Leary and other property owners on that street entered a remonstrance against the same. On motion of Kelly it was referred to the committee on streets and public property, which committee decided not to take action until the next regular meeting on the 34 of March.

On motion of Johnston it was de-

termined by the council that the city will hereafter pay express on the sum of \$4 for hauling either the chemical engine or steam engine to a fire, and \$2.50 for the hose cart.

The committee on health and police, to whom was referred the petition of citizens asking that Chas. Alisky be appointed a special police, recommended that the petition be denied, which recommendation was adopted.

In the matter of the petition from East Enders for the appointment of W. O. Johnston as a special police, the committee asked for further time.

No particular phase of the sewer question was brought up, the committee continuing in their work of making valuation of the property to be benefited thereby. It was, however, decided that as soon as the task was accomplished an expert would be employed to attend to the clerical work.

Council adjourned to meet on Saturday evening.

RECEIVED THEIR FRIENDS.

Mr. and Mrs. E. C. Pease Give a Reception in Their New Home.

The reception given by Mr. and Mrs. E. C. Pease to almost a hundred of their friends last night was perhaps the most brilliant affair of its kind ever given in The Dalles. The handsome residence showed to the best advantage in its holiday attire, although no elaborate decorations had been attempted, the rooms being ornaments in themselves. In the large reception hall green and white predominated, and passing into the parlor a yellow shade met the eye; in the sitting room cerise was most in evidence, while the dining-room gave forth lavender and pink shades. From the chandelier to the corners of the latter room emilax was festooned, and the tables were beautiful in their arrangement. Many of the costumes of the ladies were also very handsome, adding much to the brilliancy of the scene.

At the door the guests were met by Misses Clara Davis and Grace Hobson, while on the upper floor Misses Alma Schmidt and Georgia Sampson assisted in receiving. As they entered the parlors they were met by the host and hostess, whose cordial greeting gave assurance of the hospitality which was so prominent throughout the entire evening.

Souvenir cards containing many of our national and popular airs had been given each guest, and during the early part of the evening all joined in singing. A very choice musical program was also rendered.

In the large attic, which has been arranged purposely for such occasions, were tables of "croquet," and "pillow dex" was also a favorite amusement. While much time was spent at these amusements, each room was converted into a scene of gaiety.

No more charming scene could be imagined than the guests beheld as they entered the dining room, and sat down to a spread in keeping with the surroundings. Those who assisted in serving were Mesdames H. Gibbons, O. W. Morgan, M. Bayley, F. Bayley, C. Cooper, Emma Thompson.

The entire evening was perfect, and those who enjoyed Mr. and Mrs. Pease hospitality, could but congratulate them on the beauty of their new home and their desire to have their friends enjoy it with them.

A Convincing Answer.

"I hobbled into Mr. Blackmon's drug store one evening," says Wesley Nelson, of Hamilton, Ga., "and he asked me to try Chamberlain's Pain Balm for rheumatism with which I had suffered for a long time. I told him I had no faith in any medicine as they all failed. He said: 'Well if Chamberlain's Pain Balm does not help you, you need not pay for it.' I took a bottle of it home and used it according to directions and in one week I was cured, and have not since been troubled with rheumatism." Sold by Blakeley & Houghton.

Nasal Catarrh quickly yields to treatment by Ely's Cream Balm, which is agreeably aromatic. It is received through the nostrils, cleanses and heals the whole surface over which it diffuses itself. Druggists sell the 50c, size; Trial size by mail, 10c. Test it and you are sure to continue the treatment.

Announcement.

To accommodate those who are partial to the use of atomizers in applying liquids into the nasal passages for catarrhal troubles, the proprietors prepare Cream Balm in liquid form, which will be known as Ely's Liquid Cream Balm. Price including the spraying tube is 75 cents. Druggists or by mail. The liquid form embodies the medicinal properties of the solid preparation.

"I had dyspepsia for years. No medicine was so effective as Kodol Dyspepsia Cure. It gave immediate relief. Two bottles performed marvelous results," writes L. H. Warren, Albany, Wis. It digests what you eat and cannot fail to cure.

John Dirr, Poseyville, Ind., says, "I never used anything so good as One Minute Cough Cure. We are never without it." Quickly breaks up coughs and cold. Cures all throat and lung troubles. Its use will prevent consumption. Pleasant to take.

STILL ANOTHER CHANCE.

J. M. Russell Proposes to Put in a Scouring Mill.

Among the many wool buyers who visit our city, none is better nor more favorably known than is J. M. Russell. This gentleman has always expressed his faith in The Dalles and its future, and now emphasizes that belief by a proposition which he made to the manufacturing committee of the club last night.

Like all those who have given the question thought, Mr. Russell realizes that, situated as it is in the very center of a wool-growing section, it is sheer folly for our city to expect to succeed as it should without some means are used to foster that industry. He therefore comes to us with a proposition which seems to be a most feasible one, and which we trust will receive more consideration than have like inducements along that line.

His idea is to organize a joint stock company, with a capital stock of \$40,000, and erect a scouring mill in this city; bonds for the full amount to be issued. Should our people see fit to take \$25,000 worth of six per cent bonds, he will take the remaining \$15,000.

The proposition was presented to the manufacturing committee, and will tonight be submitted to the board of directors of the club. Should they see fit to take the matter in hand, Mr. Russell desires to put the plant in this summer.

While the plan seems to be an excellent one, at the same time it should be considered in connection with a woolen mill, for in other places, taken separately, a scouring mill has not proven of so great advantage. Some time since the CHRONICLE spoke of an offer being made by the city to move a first-class woolen mill here. So far as we can learn no word has since been heard from the parties concerned; but if arrangements could be made to have the mill in connection with the scouring mill, The Dalles would be making the very move which should have been inaugurated long since. It is, however, no doubt the intention of Mr. Russell to put a woolen mill in later.

Will the proposition be passed over like dons of others and lay mouldering on the shelf? We trust not.

Proposals for Refunding Water Bonds, Dalles City Oregon.

Sealed proposals will be received by the board of water commissioners of Dalles City, Oregon, at said city until 5:30 o'clock p. m. of the 26 day of Feb., 1900, for twenty-five thousand dollars, and twenty thousand dollars of refunding water bonds of said city, (as it is not settled as to whether the total amount of bonds will be \$25,000 or \$20,000) authority is extended to the said board to issue refunding water bonds in the sum of \$25,000, but if found not to be necessary, the issue will be for no more than \$20,000; and at a rate of interest not exceeding four per cent per annum payable twenty years from date of issue, interest payable semi-annually, principal and interest payable in gold coin of the United States, at any city therein, at the option of the buyer.

The bonds mentioned will be issued under the provisions of the several legislative acts of the state of Oregon, approved Feb. 26, 1885, Feb. 19, 1889, and Feb. 14, 1895, and in pursuance of an ordinance adopted by the common council of Dalles City, approved January 25, 1900. The proposed refunding water bonds are intended for the redemption of outstanding water bonds in the sum of \$25,000; but in case the board of water commissioners prefer it will issue refunding bonds for \$20,000 only, therefore bidders may make proposals for both \$25,000 and \$20,000, and in the denomination of \$500 each.

No bid will be entertained for a rate less than par value of the bonds. Premiums and rate of interest will be taken into consideration in passing on the value of all bids.

Bidders must deposit with the president of the board a duly certified check on some responsible bank equal to 2 per cent of the amount of bonds bid for, or accompany his bid with cash of such amount as will equal such per cent of his bid, and such certified check made payable to the president of the board of water commissioners of Dalles City, Or., as liquidated damages in case the bidder shall fail or neglect to receive and pay for; at the office of the city treasurer of said city, the bonds awarded to him on his bid, on or before the first day of March, 1900.

Attention should be given the fact that the board will not issue and dispose of more than \$20,000 of such refunding bonds, unless it shall be deemed necessary to do so, but otherwise, if the board shall find that it is necessary to issue bonds in the sum of \$25,000, it will then offer and issue the full sum, (\$25,000).

The right to reject any and all bids is reserved by the said board of water commissioners.

Bids should be addressed to the president of said board, or to the city recorder, Dalles City, Wasco county, Oregon, and noted. Proposals for refunding water bonds.

By order of the Board of Water Commission, by and with the consent of the Common Council. This 25th day of January, 1900.
