ENGLAND AND HER FOES.

countries, and it is known that a who was killed in the battle, pointed large part of the rank and file of the out ready methods by which the adventurous and mercenary spirits forced him to get out of his breastgathered from all parts of civiliza- works. The British commander,

for example, that if she went to war very nearly as many men in killed other European powers.

Europe hates England because crat. British commerce is taking profits wanted by the merchants and traders of European countries, and also because British influence has erected solution of the problem of who is projects of the European powers. If legislative bodies held sessions in only to that of England.

Spekesman-Review.

QUALITY IN SOLDIERS.

is what England needs to beat the beginning today will not lead to un-Boers" is on the right track, but he fortunate circumstances such as suris a little faulty in his illustrations, rounded the death of Goebel. That "The battle of Saratoga," he says, assassination has brought the decent "should have taught every English people of the state to their senses and man the true theory of war. There they will not countenance the further feated the English troops, but forced them to an ignominous surrender; and, mark it, these same English troops were the best soldiers of their time. Or, take a still clearer case, Wellington's veterans were beaten at raw militia. But even New Orleans

taught the English nothing." In Burgoyne's campaign, which ended with his surrender at Saratoga. the conditions were much different from those which prevail in South Africa. It was the Americans in 1777 who did most of the attacking. Though Borgoyne was the invader, as Buller has been in 1900, the British did not waste their strength against an invisible enemy in the eather instance, for Arnold, Morgan and the other American chieftains took the offensive. The Americans had an incompetent commander. Gates, the man whom Cornwallis easily defeated in the Southern campaign afterward, but under Gates in the Saratoga battles were some of the most dashing and skillful of the somewhat difficult, but Pakenham, are resolved that there shall be a new has been none this winter. numbers, had also some hope of commonwealths at the head of the as usual.

Every good citizen should desire to and a few associates own nearly all vote once and no more, and ought also honest electors votes effective.

Sheep Men Take Notice,

It appearing that the sheep belonging to Mr. H. C. Rooper are or may be slightly afflicted with scab, and weather conditions being such that said sheep cannot be dipped at the present time, it is thereby ordered that said sheep be quarantined until such time as they can that England, with her tremendous officers more than in privates which Island sound, and planted in three or be properly dipped on the ranges hereweight of ships, guns and metal, the British should insist on. The four locations on Puget sound to be tofore and usually used by Mr. Rooper, and bounded somewhat vaguely as follows: On the west by the Bake Oven and Prineville road; on the south by the top of the ridge half way between Boat creek and Deep canyon; east by fridge between Indian creek and Boat creek; north by ridge half way between Ochoco gulch and Coon hotlow.

It is especially enjoined on the herders and persons in immediate charge of caution in their power to prevent any of said sheep from straying or in any manner coming in contact with other sheep. And all other persons having sheep in this vicinity or wishing to drive any sheep through this section of country are warned not to cross or in any manner trespass on the above described

It also appearing that a small band of sheep belonging to Frank Taylor on Three-Mile creek are slightly infected with scab. It is ordered that said sheep be quarantined in an enclosure of said Frank Taylor until cured of said disease.

The Dalles, Or., Feb. 15, 1900. A. A. BONNEY, Stock Inspector Wasco Co.
