Rolling Mill Consumption

Seven out of every ten men who work in rolling mills, iron foundries and glass factories die of consumption. You know how early in life these men pass away. The usual symptom is a hoarse, persistent cough—sometimes short and hacking, sometimes hard and dry. The patient grows weaker and thinner day by day. Death eventually conquers. The trouble comes from intense heat and the constant inhaling of the fine particles of dust and iron that fill the air. These particles, under a microscope, show jagged, sharp edges, which tear and mutilate the delicate lining of the throat and lungs. Perpetual sores are thus formed, and here it is that the germs of consumption find a place to feed and multiply. Acker's English Remedy was discovered in England, and is the only cure in the world for Rolling Mill Consumption. It heals up the sores, strengthens the mucous membranes of the breathing organs, permanently stops the cough, builds up the constitution and imparts vigor to the whole system. It must either cure it or costs you nothing. One bottle does wonders. Try it. What it has done for many others it will also do for you and your loved ones.

Sold at 25c, 50c, and \$1 a bottle throughout the United States and Canada; and in England at 1s, 2s, 3s, 6d, 1s. If you are not satisfied after buying, return the bottle to your druggist, and get your money back. We authorize the above guarantee. W. H. LEEKER & CO., Proprietors, New York. For Sale by BLAKELEY & HOUGHTON.

WINTER TRIPS. For winter residence or winter outing ideal conditions will be found on every hand in California. Pleatious early rainfall has this season given to the semi-tropical vegetation wonderful impetus; the floral offerings are more than usually generous and the crop of southern fruits bountiful and excellent. Old ocean possesses new charms at Santa Barbara, Santa Monica, Long Beach, Coronado and the enchanted isle of the sea, Catalina—where fishing, boating, rambling, riding, hunting and loafing may be enjoyed as nowhere else. Quiet little spots, snug and warm, offer themselves at Montecito, Nordhoff, Pasadena, Echo Mountain, San Jacinto, Fall Brook and Palm Springs. For renewing health and vigor, here abound many hot springs, of widely varying constituents and demonstrated merits; the dry, antiseptic, tonic air of the desert may be enjoyed at Banning, Indio, Yuuma; and even farther on, at Phoenix, Tucson, El Paso, exists conditions equally well indicated for weak throats and lungs.

Many think nothing in nature more attractive than the shimmering olive orchards of Santa Barbara and San Diego; others prefer the stately walnuts of Ventura and Los Nietos, or the lemons of Fernando; but for glorious fruit and graceful tree commend us to the golden orange, first, last and always, and it exists in greater perfection at Covina, Riverside, Redlands and High lands. Equally interesting is the scientific and tempting fashion in which the sorting and packing of the orange is here accomplished. The faithful were exhorted to see Mecca and shuffle off; but wiser generations will see California of the south and prolong life.

Remarkable Cures of Rheumatism. From the Victorator, Rutherfordton, N. C. The editor of the Victorator has had occasion to test the efficacy of Chamberlain's Pain Balm twice with the most remarkable results in each case. First, with rheumatism in the shoulder from which he suffered excruciating pain for ten days, which was relieved with two applications of Pain Balm, rubbing the parts afflicted and realizing instant benefit and entire relief in a very short time. Second, in rheumatism in thigh joint, almost prostrating him with severe pain, which was relieved by two applications, rubbing with the liniment on retiring at night, and getting up free from pain. For sale by Blakeley & Houghton.

Dull Headache, Pains in various parts of the body, Sinking at the pit of the stomach, Loss of appetite, Feverishness, Pimples or Sores all positive evidences of impure blood. No matter how it became so it must be purified in order to obtain good health. Acker's Blood Elixir has never failed to cure Scrofulous or Syphilitic poisons or any other blood diseases. It is certainly a wonderful remedy and we sell every bottle on a positive guarantee. Blakeley & Houghton's drug store.

An Honest Medicine for La Grippe. George W. Watt, of Gardner, Me., says: "I have had the worst cough, cold, chills and grip and have taken lots of trash of no account but profit to the vendor. Chamberlain's cough Remedy is the only thing that has done any good whatever. I have used one bottle of it and the chills, cold and grip have all left me. I congratulate the manufacturer of an honest medicine." For sale by Blakeley & Houghton.

QUEEN VICTORIA TICKLED IRELAND

Her Action Regarding the Shamrock Was One of Wisdom—Ends Bitterness of Years.

New York, March 19.—T. P. O'Connor, M. P., in the London Daily Mail, writes: "I am asked to state my views with regard to the momentous announcements as to the proposal by the Queen of the wearing of the shamrock by Irish soldiers and as to Her Majesty's visit to Ireland. "As to the wearing of the shamrock, it is a tribute to Irish nationality which will be greatly appreciated. The symbolical things of life are all apparently in themselves small things. The shamrock materially is a small plant, but the wearing of it means to an Irishman centuries of sacred memories and country's wrongs resisted, hopes maintained. The sanction of the wearing of it by the Irish soldier, then, is a concession—I had almost called it a tremendous concession—to Irish sentiment by the British throne, which must have vast consequences. "But, speaking assuredly in no spirit of carping objection, but as an illustration and a lesson, may I point out that the conduct of English ministers toward this small question is a very remarkable and significant example of the slowness and dullness of wit, the want of imagination, insight and sympathy which have characterized all relations between England and Ireland? While the Scotch soldier could wear the thistle without interference, while the Welsh soldier could wear the leek, the Irish soldier year after year was sent by some stupid officer to prison because he wore the emblem of his nationality. "And when an Irish member, session after session, called attention to the fact in the House of Commons, he was howled at by many English members, and received either an abrupt or positive answer from the minister. And now, after the imprisonment and the snubs and all the rest, the trouble is ended by order of the highest and greatest figure in the realm. I will not say, as can be said about so many other concessions to Irish feeling, 'Too late, too late,' but assuredly the concession has not come too soon. "And now as to the visit of the Queen to Ireland, I find this act touching and, if I may use the word, a statesmanlike and eloquent proof, added to the many others, that the present sovereign is one of the wisest that ever ruled these lands." 20th day of April, 1900.

ARE COMING TO PORTLAND President and Members of His Cabinet to Visit the Pacific Coast—Hero of Manila and Mrs. Dewey Are Planning a Western Trip.

New York, March 19.—As before stated in Washington dispatches, President and Mrs. McKinley and probably certain members of the cabinet will visit California and other West coast states this summer. It is, at least, the president's intention at this time, to be in San Francisco when the battleship Ohio is launched from Scott's shipyard. The president will go north from San Francisco to Portland and Seattle and then East through Minneapolis and St. Paul. It is understood that the trip is made for pleasure, but the real purpose of the journey is to work up renewed

interest in Major McKinley's behalf for his re-election as president of the United States. New York, March 19.—There is excellent authority for stating that Admiral and Mrs. Dewey will make a lengthy visit through the Western and Northwestern states this spring. They will go first to Detroit and then west to Minneapolis and St. Paul. It is stated they will spend several days in the twin cities. While in Minnesota they may visit Duluth. They intend to go west from St. Paul through North Dakota and Montana on their way to the west coast states. It is believed that while on the Pacific slope, they will visit Seattle, Portland, San Francisco, Los Angeles and several other prominent cities of that section of the country.

Did you ever hear how Mr. —, of — street came to buy a wheel for his wife? Well, he came home one evening and saw her sitting on the balustrade of the porch, as shown in the picture. So if you want to look sweet, buy your wheel (as did Mr. —) of the agent for —
