Japanese Coolies.

WASHINGTON, April 23 .- Information has reached Washington to the effect that the Japanese government itself, and without waiting a request from the United States, is a bout to take steps to restrict the immigration of Japanese coolers to the United States. It is asserted that the figures relative to this immigration have been magnified and that, as a matter fact, there are now not more than about 15,000 or 16,000 Japanese within the limits of the United States, outside of Hawsii. It is said that such immigration as has lately occurred has resulted entirely from the competition of the two great Japanese immigration societies; that the laborers have been practically brought here under the delusion that there were untold opportunities for work at great wages. The Japanese government is interested in protecting its people from the hardships resulting from such impositions, and that is the reason it intends to establish restrictions upon the outward flow.

Two More Swarms Coming.

VICTORIA, B. C., April 23 .- The steamer Braemar arrived at quarantine today with 1056 Japanese immigrants, while the Empress of China, due tomorrow, has 600 more, all or almost all being bound for United States ports under contract.

Campaign Speaking.

WASHINGTON, April 23. - President McKinley will not deliver many campaign speeches this year. His principal addresses will be delivered in the larger cities included in his itinerary State of Oregon, County of Wasco-ss. during his visit to the Pacific coast. Despite the arduous duties which have the last four years, including the con- 1900. duct of the war with Spain and more lately the Puerto Riean fight, he is in the best of health and ready to meet the exigencies of the forthcoming campaign with the firm faith that he has followed the highest dictates of duty in administering the affairs of the government. Much speculation is indulged in as to the manner in which Bryan will conduct his campaign. For that matter, there is more curiosity to know what Dewey will do, as he is not a brilliant figure on the stump, and his vocabularly is marked by the terseness which distinguishes an "old sea dog." Advance statements relative to Bryan are to the effect that he will not repeat his extraordinary performances of racing across the continent and talking, but will confine himself to set speeches in larger cities. Another invasion into the "enemy's country," or the eastern states, is also in prospect.

Tunnel Under East River.

NEW YORK, April 23 .- A franchise hearing, whereby the New York, Brooklyn and Jersey City Transportation Company is to build a tunnel connecting New York and Brooklyn and to operate an electric or compressed air, is being had here today. Most comprebensive is the tunnel company's project. It proposes to begin its underground road at a point under West street in Manhattan, near Cortlandt street, and run thence under West and Liberty streets, Maiden Lane, to and under East river to the Plaza, Brooklyn. There the company hopes to connect with cars operated by the New York On What Account Allowed. and Brooklyn Union Transportation Company.

The promoter of the enterprise George Wilson. He retains 586 of th 1000 shares of capital stock. The capita of the corporation is \$60,000. The tunnel for which franchises have been asked would cost millions.

Want Bryan to Bave Sense.

WASHINGTON, D. C., April 23.-Tw Indiana Democrate-Morse, of the In dianapolis Journal, and Shanklin, o the National committee-have gone to Texas to consult with Bryan, the object being, according to Eastern Democrat to secure a modification of the Chicago platform, in the interests of giving the Eastern Democracy a chance to get back Morse was a Cleveland office-holder, and Shanklin tried to be. The former is a heart a Gold Democrat, and the other STATE OF OREGON, County of Wasco-ss. would be if he had been given an office. Their efforts with Bryan are not likely to accomplish very much, because Bryan committed himself to the Chicago platform at the recent Nel racks convention.

Puerto Rican Money.

WASHINGTON, April 23 .- Two expert accountants and financiers will leave for Paerto Rico this week to convert the money ant circulation medium now employed in the island into American coin. The Spanish peso is to make way for the American dollar, with Liberty engraved on one side. There are at present 5,000,000 pesos in circulation in \$3,000,000 United States money. The pesos will all be redeemed and sent here to be recoised into American money. The sum of \$500,000 in minor coin, allver certificates and gold will be shipped to the island shortly to introduce the change in the coloage system.
