

"Get Thee Behind Me;"

That's what this week says to last—what May says to April. It's a mighty good thing that the month just past did not have much reputation to lose, as it will be remembered chiefly for its own capricious weather and OUR OWN GREAT BARGAINS. Her clouds had but ONE SILVER LINING, and that WE FURNISHED.

Now we greet May on the Homeric principle: "Welcome the coming, speed the parting guest;" and as the mild-eyed maid troops over the eastern hill, we salute her thusly:

For this Week. A quantity of Boys' Odd Knee Pants; ages from 4 to 14 ..... 19c

Funny English Written by a Girl After Three Months' of Very Hard Study.

Not long ago the girl pupils of Mrs. Wilbra Coleman, a teacher in the public schools at Sioux City, Ia., wrote a letter to be delivered to the girl pupils of a school in Manila, and the following letter has recently been received in reply. The writer is a little Filipino girl who has only spent three months in the study of English, and while there are funny mistakes in the letter it is not likely that any American girl could write a better one in a foreign language after so little study. Vegetarian Bedding.

Sir Isaac Pitman invented the "vegetarian bed," composed, not of feathers, but of mosses, ferns, flowers and hay. This bedding material, commended as healthy and health-giving by many doctors and others, has become famous in vegetarian circles, and deserves to be more widely known. "It smells like ozone," is the testimony of more than one physician, and many say that sleeping upon it "gives rest to brain and mind."
