• FORERUNNER OF CONSUMPTION.

Few realize what a deep-seated, obstinate disease Catarrh is, regarding it as a simple inflammation of the nose and throat, little or no attention is given it. But, however insignificant it may seem at first, it is serious and far-reaching in its results.

The foul secretions entering the circulation poison the entire system. The stomach, kidneys—in fact all the organs—feel the effect of this catarrhal poison, and when the lungs are reached its progress is rapid and destructive, and finally ends in consumption.

is rapid and destructive, and finally ends in consumption.

It frequently happens that the senses of hearing and smell are in part or entirely lost, the soft bones of the nose eaten into and destroyed, causing intense suffering and greatly disfiguring the face. While sprays, washes and salves may give temporary relief, no permanent benefit can be expected from such treatment.

CATARRH IS A CONSTITUTIONAL OR BLOOD DISEASE,

and far beyond the reach of mere local remedies. Those who rely upon them for a cure lose valuable time, meet with disappointment and allow the disease to take firmer hold. Only a real blood remedy can reach this troublesome and dangerous disease.

8. S. S cures Catarrh because it first cleanses and builds up the blood, purifies it, makes it rich and healthy, stimulates and puts new life into the sluggish worn-out organs, and thus relieves the system of all poisonous accumulations.

Mrs. Josephine Polhill, of Due West, S. C., writes: "I had Catarrh, which became so deep-scaled that I was entirely deaf in one ear, and all inside of my nose, including part of the bone, slowhed off. When the disease had gone this far the physician gave me up as incurable. I determined to try S. S. S. as a last resort, and began to improve at once. It seemed to get at the set of the disease, and after a few weeks' treatment I was entirely cured, and for more than seven years have had no sign of the disease."

S. S. S. is made of roots, herbs and barks of wonderful tonical and purifying properties. It is the only vegetable blood purifier known, and a certain and safe cure for all blood troubles. Send for our book on Blood and Skin Diseases, and at the same time write our physicians about your case. They will cheerfully give you any information or advice wanted. We make no charge for this.

Later he married a daughter of P. D. Moore, of Olympia. He was engaged subsequently as a motorman on the Union Trunk line, one of the street car lines of Seattle. He remained in this employment but a few months when he the famine relief situation has not alremoved to Honolulu, which has since been his home.

The Belgian hare industry in this part of the state and southern Michigan is assuming an extent not dreamed of a few months ago, says a dispatch from Auburn, Ind. The animal is remarksble for its fecundity, the young attaining their growth rapidly, and for this reason have developed a commercial worth exceeding that of poultry. The Belgian hare industry is rapidly-taking the place of the chicken fad in many places in the United States. Breeders pay fancy prices for the best blood, some of the bucks selling as high as \$500. The rabbits breed every thirty days, and it has been estimated that one doe will produce from 300 to 400 pounds of meat annually. The object of hare cultivation is to introduce the hare for food, fiscal year are \$4,000,000 greater than and its flesh is said by epicures to be ever. superior to that of chicken and beef.

Tae common animal without pedigree sells from 75 cents up.

The best methods for dehorning calves, of caustic potash, which may be purchased in stick form at any drug store. istered from Spokane, dropped dead in Just before the horn comes through the skin is the best time to apply the potash. Wet the stick of potash, after wrapping paper, and apply it to the place where slot machines of \$6 per quarter. the horn is located, covering a space the that none of the potash touches any of the hair or skin of the animal, and be especially careful that none of it gets into the eyes. When using have some strong vinegar handy to apply to any spot where the caustic is accidentally dropped. A little care in using is nec essary. Remember that the end of the stick should be moistened only, not wet until it drops. One thorough application will be all that is necessary, if done at the stage of horn growth indicated;

Pension appropriations for the present

positors number 7,000 in the Tacomi public school savings bank. The system has been in vogue two years, and in Gilbert. this time the pupils have withdrawn but a trifle over \$3,000.

The Glacier says the strawberry crop, compared with that of last year, falls short about 10,000 crates.

The city conneil of Salem has passed the end held in the hand with heavy an ordinance providing for a license on

Having subscribed \$4,000, the Odd Fellows of Portland have secored the location of the orphans home for that Senator Simon is hurrying home at

his first opportunity after adjournment of congress, perhaps to discover how it could have happened, says the Telegram. The municipal democracy of Reading, lams & Co.

Pa., has made a regulation to the effect that any candidate who is found guilty of treating to secure his election shall be removed. Of the \$18,000,000,000 worth of com-

merce done by all nations, England's

share is 18.3 per cent, Germany's share 10.8 per cent, and 9.7 per cent falls to the United States. The Twickenham News, having lost the fight for the county seat of Wheeler

Irvine, from Independence, has pur-

chased the paper from E. M. Shutt. Chinese Minister Wn recently explained that the name of the Chinese Boxer society is "Yee Ho Chuan," which translated means "righteonsness, harmony and fists," and a neighboring paragrapher suggests that the accent is

probably on the fists. H. D. Langille, of Hood River, recerved notice last week of his appointment as special field assistant in the United States geological survey and has been ordered to report to Tacoma. His duties will be to inspect the forest reserves in the state of Washington.

It is said in London that General Cronje, the Boer commander, now a prisoner at St. Helena, is a recreant pretended to be of Dutch origin.

It is estimated that there are 1000 Linn county this year, states the Rural Spirit. The greater part of the flax cultivated in Linn is located on the forks a positive guarantee. Blakeley & Houghof the Santiam and in the immediate vicinity of Scio. The seed when harvested is worth about \$1 per bushel and the fiber is used in the manufacture of grain sacks, burlap, etc.

In New York state the prisoners in cornty jails are being employed to build good roads. The good roads law there provides that the state shall bear fifty per cent. of the total cost, the county thirty-five per cent, and the property owners along the line fifteen per cent. The employment of prisoners is said to reduce the cost of the improvement very materially since board and lodging is their only remuneration.

The Hood River Fruit Growers' Asso. Hack. ciation has proved itself to be a valuable organization for the farmers of that valley; This is proved in 245 crates of strawberries which were shipped on May 22nd and sold in Fargo, N. D., and a check received in payment therefor of \$712.42, or, at the rate of \$2.91 net per crate. On the day the car was shipped, local buyers were paying \$1.75 a crate, thus making a profit of \$1.16 in favor of the organization.

Rev. LeMasters, met with quite an accident near Turner recently, says the Albany Democrat. While out driving, in company with Mrs. LeMasters and a little girl friend, a mad bull rushed across the roadway from an open gate, striking the vehicle and jumping over the same between horse and driver. The buggy was overturned and the occupants thrown out. Rev. LeMasters had a rib fractured and the girl's wrist It cures catarrh and drives was badly wrenched.

Last year, says the Baker City Demccrat, the Pendleton scouring mill used over the membrane and is absorbed. Relief is im-

is from 26,000 to 46,000 pounds, and from 55 to 70 men are given employment. The product of these milis is getting a wide reputation as first class in every respect and is equal to if not superior to the manufactured woolens of any factory in the country.
