The much-disputed cost of the dinner was settled by the Hoffman House management, who said that the cost was \$12 per plate, exclusive of the wines.

EXPERIENCE OF SHIELDS' PARTY

Were Ambushed by Rebels and Bolo Men and After Fighting Until All Their Ammunition Was Gone, Surrendered—Story of Release.

MANILA, Oct. 17.—Full details are now at hand as to the capture of Captain D. Shields and his party by the insurgents in the island of Marinduque, last month and their experiences before their rescue. After weeks of captivity, hard treatment, hunger and continual marching to avoid the rescuing force, which greatly aggravated the sufferings of the wounded, Captain Shields and his command were delivered by the rebels to General Hart, last Sunday, at Buena Vista, on the Marinduque coast.

Captain Shields and his party, while operating east of Torrijos, were taken in ambush in the steep hills. They attempted to cut their way to the coast, but became subjected to the enemy's four-sided fire, when Captain Shields was shot twice and badly wounded.

On this news reaching Manila, two companies of the thirty-eighth infantry, under Colonel George S. Anderson, were immediately sent to Marinduque. This force was followed by eight companies of the eighth infantry, under General Hart. The combined force of 1300 men proceeded to occupy all the towns in the island.

GENERAL BLACK UNDER THE FLAG

Declares He Can Not Stand Anywhere Else While His Country Is at War

SPRINGFIELD, Ill., Oct. 13.—"For my part, I can not, while my country is at war, stand anywhere but under its flag. Like Martin Luther, 'Here I stand, I can not do otherwise, God helping me.'"

With this utterance, in a tone of deep feeling, the climax of one of the most remarkable meetings of the campaign was reached in the opera house at the Illinois capital tonight.

Mitchell Not Notified.

HAZLETON, Pa., Oct. 17.—President Mitchell, when shown the statement issued by the Philadelphia & Reading Coal & Iron Company, said he would be glad indeed to know that the anthracite operators had decided to change the notices previously posted, so as to comply with the provisions of the resolution adopted at the Scranton convention.

The strike leaders, however, think that no fault can be found with the present attitude of the operators toward the strikers, and although nothing is said about meeting committees representing the men, they think this is a matter that can be easily adjusted.

The announcement of the action of the conferees at Philadelphia was received here with demonstrations of joy, as all believe it means a speedy return to work at better wages.

to Baker's Bay, and the contractors who favor this means of getting the vessel off the beach express the opinion that there would be great risk of financial loss attached to the work.

It is again stated by parties who have visited the scene of the wreck that the vessel is badly strained, and practically worthless.

SURPRISED THE MINERS

They Had Not Expected So Complete a Victory—Ready to Resume Work—But Will Not Do So Until More Companies Have Accepted.

POITTSVILLE, Pa., Oct. 18.—The news received here that the demands of the anthracite coal miners' convention had been granted by the Reading Coal & Iron Company was as welcome as it was surprising in the Schuylkill region.

The labor leaders were not in the secret. There will now be bonfires, meetings, parades and a general jubilation by the miners. Some of the conservative leaders favor a quiet acceptance of the victory, but it is doubtful if their counsels will prevail.

The Reading Company employs 28,000 men, one-fifth of the anthracite workers, and they will undoubtedly be ready to go to work just as soon as they are ordered to do so by President Mitchell.

The Reading Company has been rushing its cars into the coal region ever since the strike began, and it is estimated that it has in the neighborhood of 10,000 empties now on sidings throughout the region at points east of Lehigh.

Strikers are Firm.

SHAMOKIN, Pa., Oct. 18.—Notices that the terms of the Scranton convention have been accepted by the Philadelphia & Reading Coal & Iron Company were posted in public places here and at the collieries early this morning.

Strikers in the employ of the company say that while they are highly pleased over the action of the Reading Company, they will not think of going to work until their brethren employed by other companies and operators are granted the increase.

It is the general impression here that all employers will have fallen into line by tomorrow, and that a notice from President Mitchell, informing the strikers to go to work, will be issued Saturday or Monday.

Glorious News.

Comes from Dr. D. B. Cargile, of Washita, I. T. He writes: "Four bottles of Electric Bitters has cured Mrs. Brewer of scrofula, which had caused her great suffering for years.

This shows what thousands have proved, that Electric Bitters is the best blood purifier known. It's the supreme remedy for eczema, tetter, salt rheum, ulcers, boils and running sores.
