PLAN FOR PLAY-ING INDEMNITIES

Ear! Li Proposes to Double the Maritime Customs of China, Thus Making the Powers Themselves Pay the Amount They Demand.

New York, Nov. 5 .- While the powers are discussing the amount of indemnity the past few weeks with relatives in the they shall demand of China, says a Washington special to the Herald, the today. imperial government is shrewdly prewhich will mean that the western nations will themselves pay the amount demanded.

Li Hung Chang and his colleagues have proposed that the maritime customs be doubled in order that China may raise money to pay the indemnity. The mati-time customs are at present pledged to his mother, who attended the inneral Russia, Germany and England, as a or internal revenue raised would probably be enough to make periodical payments if it could be turned into the imperial treasury without having first to pass through the rapacions hands of oilipreciate this and profess to think the indemnity can best be paid by increasing the maritime customs.

It is unlikely that the United States and other powers will accept any such proposition. It Happened in a Drug Store.

"One day last winter a lady came to my drug store and asked for a brand of cough medicine that I did not have in steck," says Mr. C. R. Grandin, the popular druggist of Ontario, N. Y. "She was disappointed and wanted to know what cough preparation I could recommend. I said to her that I could freely recommend Chamberlain's Cough Remedy and that she could take a bottle of the remedy and after giving it a fair trial if she did not find it worth the money to bring back the bottle and I would refund the price paid. In the course of a day or two the lady came back in company with a friend in need of a cough medicine and advised her to buy a bottle of Chamberlain's Cough Remedy. I consider that a very good recommendation for the remedy." It is for sale by G. C. Blakeley, the druggist.

The man has been posttively identified by two citizens of Kiona. Scott was shot through the heart at Prosser about a month ago by one of a gang of hobos whom he was trying to arrest.
