Reverend Brown Ill.

NEW YORK, Nov. 6.—The Rev. Dr. John Wesley Brown, the rector of St. Thomas' Protestant Episcopal church in this city, and one of the best-known clergymen in this diocese, is dangerously ill but his family is unwilling to speak freely concerning his condition. Dr. Brown's church, which is in Fifth avenue, is a very large one, and is noted for the number of its wealthy and fashionable parishioners.

Dr. Brown is 63 years old. He was a civil engineer, but became a Methodist minister in 1868, and later joined the Episcopal church. He had a church at Middleton, Del., and went thence to Trinity church, Philadelphia; Christ church, Detroit; Trinity church, Cleveland, O., and St. Paul's Cathedral, Buffalo, where he stayed for six years and nearly trebled the income of the cathedral.

Many fashionable weddings have taken place at St. Thomas since he has been rector, included those of Miss Consuelo Vanderbilt and the Duke of Marlborough; Miss Pauline Whitney and Almeric H. Paget, and Miss Clarke, daughter of Senator W. A. Clark, and Dr. Morris.

Changes His Plan of Campaign.

NEW YORK, Nov. 6.—Secretary Root found it necessary some days ago to issue special instructions to Mayor General MacArthur, governor-general of the Philippines, regarding the conduct of the campaign in Luzon, says a Washington dispatch to the Herald. These instructions were due to dissatisfaction over the successful operations of the Filipinos. General MacArthur's policy was to scatter the troops over a wide range of territory, carrying out in this way the policy initiated by General Otis. Filipinos assembled in sufficiently large numbers to make vigorous assaults upon American garrisons, who in some instances suffered distinct reverses.

The war department is understood to have directed General MacArthur to prevent further successful operations by collecting his troops in sufficient force to destroy any bands with which they lay in conflict. No important insurgent operations have occurred for some days, and it is believed the execution of the department's instructions is responsible for this.

General MacArthur's friends say he is handicapped by the absence of troops in China, but the fourteenth infantry left Taku on Saturday for Manila. Other regiments will follow and General MacArthur will have about 70,000 men with whom to inaugurate a campaign against the insurgents.

Chinese and Japs May Vote in Canada.

VANCOUVER, B. C., Nov. 6.—Five thousand Japanese and Chinese who have been naturalized during the past

year may vote at the Dominion election in British Columbia on December 7th. The Conservatives of Vancouver have obtained legal opinions that Japanese are all entitled to vote just as soon as their naturalization papers are made out.

A telegram received from David Mills, Canadian minister of justice, admits the general contention that the Japanese may vote, but suggests that the election returning officers in each case take competent legal advice in their own localities and act upon it.

PLURALITY IN MULTNOMAH

Portland Gave 4839—Col. McCracken Elected Representative By Over 3500—Vote Far Under Registration.

President McKinley carried Multnomah county yesterday by approximately 3000 plurality over Bryan, and more than 4000 majority over Bryan, Woolley, Barker and Debs. Returns from 76 of the 80 precincts in the county give him 5459 plurality, of which the city of Portland contributed 4839. The precincts yet to be heard from are expected to increase the plurality to 5500, with votes to spare.

Colonel John McCracken, the republican candidate for representative to fill the vacancy caused by the death of A. J. Knott, ran 2,000 behind McKinley, but he easily distanced Jeffery, his democratic opponent, and had a handsome majority. His plurality will exceed 3500. Jeffery did not get the full Bryan vote by 250.

The vote was surprisingly light for a presidential election and weather that was spring-like. Little interest was manifested by either republicans or democrats, and it was apparent early in the day that the poll would fall far under the spring registration. In Portland the vote was about 3000 less than the registration, and in the entire county about 3500 less. The total vote of the county is over 3000 votes less than the poll for president in 1896. Compared with 1896, McKinley's vote is 1931 less this year and Bryan's is 2019 less. Final returns will slightly reduce these shortages. Notwithstanding the republican decrease, McKinley's plurality is about 5500 this year, against 5371 in 1896.

Reduced Wheat Acreage.

OREGON CITY, Nov. 5.—Farmers here not sown as much fall wheat as usual, for the reason that the continued dry weather did not put the ground in fit condition for plowing, and the recent heavy rains have further interfered with the work. Many of the farmers in the vicinity of Molalla and Liberal are sowing clover on the grain stubble, with a view to enriching the soil by a change of crops.

Much of the land in this section has been continuously planted in grain for many years without summer fallowing or giving the ground a rest. Clover makes excellent hay, producing two crops a year, and its roots, when plowed under, tend to enrich the soil.

Have Agreed to Arbitration.

NEW YORK, Nov. 6.—A dispatch to the Herald from Valparaiso says: Significant announcement is made in view of the reported agreement of five South American republics to apply arbitration in the settlement of their disputes that Chile is about to reduce her navy. The government will sell one third-class cruiser to Ecuador and another to Peru and two torpedo boat destroyers to Japan. The fact that one of the warships will be sold to Peru, which is one of Chile's opponents in the Tama-Aries dispute, gives additional weight to the declaration that a settlement of the controversy will be effected soon.

No returns are available as to the legislature, but it is undoubtedly republican.

Child Was Crushed to Death.

PORTLAND, Nov. 7.—Through an unfortunate accident, little Master Raymond Oliver Miller, 4 years old, lost his life last evening. He was thrown in front of a log, which his father was about to start down hill for the amusement of the children, and crushed to death.

F. A. Miller, the father, has charge of the Ladd farm, three miles and a half out on the Canyon road. Last evening about 5 o'clock, he started out in the field, accompanied by his two sons. Little Raymond wanted his papa to roll a log down hill to see it roll. Mr. Miller, in order to amuse him, got a good-sized log in place all ready to roll. The little fellow was to start it. In some way or other his clothes were caught upon the log, which threw him over it and directly in its path. In a flash, even before the horrified father could speak, the log had passed, leaving behind the crushed remains of the little boy. Death was almost instantaneous.

McKinley and the Cubans.

HAVANA, Nov. 6.—The Cuban constitutional convention reassembled this afternoon and adopted resolutions to send to President McKinley the following telegram:

"The Cuban constitutional convention has the honor and satisfaction to respectfully salute the president and congress of the United States and to express its sentiments of gratitude to the American people."

General Maximo Gomez, in a letter to Havana papers, says he will not accept office under the Cuban republic.

"As a revolutionist," he declares, "I have always understood that from the moment the revolution was over, my mission will be terminated. What remains to be done to attain the felicity of the land is not a matter to be decided by cavalry charges. The problems pressing for solution must be solved with prudence and calmness and without ardent patriotism that might be necessary at other times."

Both Houses are Safe.

WASHINGTON, Nov. 7.—The next senate, assuming that the state legislatures will fulfill their duty and choose senators to represent their states, will stand, on the basis of yesterday's election, 49 republicans, 27 democrats and 9 independents, with the legislatures in doubt in three states, with the privilege of electing four senators at this time. The legislatures in doubt are Delaware and Nebraska, in each of which states two senators are to be chosen, and Idaho, with one senatorial chair to be filled. Among those classified in the independent column are Senators Stewart of Nevada and Kyle of South Dakota, who in the last congress acted with the republicans on all party matters; Turner

of Washington and Harris of Kansas, who acted with the democrats, and Wellington of Maryland.

Body of Man Found in the Columbia.

ASTORIA, Nov. 5.—The body of a man was found by the Point Adams Life-Saving crew floating in the river near New Astoria this evening. The remains are supposed to be those of Harry Steindorf, of Napa, Cal., who fell overboard from the steamer Bailey Gatzert on October 30. Coroner Pohl left this evening to take charge of the body.

OREGON HAS NO USE FOR BRYAN

Plurality Against Him Grows—And Still 200 Precincts Are Unreported.

YESTERDAY'S additions to the returns of the Oregon election slightly increased the republican plurality in the state—from 14,105 to 14,235. These figures are yet subject to material change, however, for they are based on unofficial reports from only 500 of the 769 precincts in the state, the results in the other precincts being estimated. The 500 precincts report votes as follows:

McKinley	40,527
Bryan	28,180
Woolley	1,346
Debs	854
Barker	128
Total	70,935
McKinley's plurality	12,347

It is estimated that the unreported precincts will add 1863 to the republican plurality. The precincts from which no return has yet been received are the smaller and remoter ones. Probably the total vote of the state will not reach 85,000. In the precincts that have been reported there has been little attention to giving the votes of the three minor parties, and the official figures will surely show a material increase for them above the totals given this morning.

Scalp Bounty Fund.

SALEM, Nov. 7.—State Treasurer Moore received today from Malheur county \$937.84, to be credited to the scalp bounty fund. This amount is about one-tenth of the sum already received from that fund by Malheur county. One of the peculiar things about this scalp bounty fund is that the counties which receive the largest amounts therefrom are as tardy as those who receive almost nothing, in collecting and forwarding their share of it. Almost all the big sheep counties have so far failed to send in the amounts levied against them. It must be that they are not anxious to have the law continued or they would show a willingness to contribute their share to make it operative.

New York Market.

CHICAGO, Nov. 7.—Wheat opened higher this morning on better cables, Liverpool being up 7/8, 6—1 3/8.

New York opened at 79 1/4, December, and had frequent and rapid fluctuations between 79 1/4 and 78 1/4, closing at the bottom. Some of the heavy operators were free sellers on the advance. Stocks were very strong as a result of the election.

To Fight Against Aguinaldo.

NEW YORK, Nov. 6.—A Washington dispatch to the Herald says that Adjutant-General Corbin has received from Judge Taft, president of the Philippine commission, a dispatch forwarding a message from Senor Baencaminio, formerly secretary of foreign affairs in Aguinaldo's cabinet. It is understood that Senor Baencaminio, besides unreservedly accepting American sovereignty, submits a proposition to organize a force of Filipinos to make war upon the supporters of his former chief.

Bryan Feels Badly.

LINCOLN, Nov. 7.—Bryan cannot conceal his feelings. He looks disappointed and acts that part. He breakfasted at 9 o'clock and stated he had enjoyed a full night's rest. He promised a public statement as soon as he analyzed the vote. He is cut to the quick over the negative position of his town's people. It is predicted he will not remain long in Lincoln.

Fell in a Brush Fire.

SALEM, Nov. 7.—The 8-year-old daughter of Mr. and Mrs. John Mack, who live near Stayton, fell into a brush fire on Monday afternoon and was terribly burned before she was rescued.

The father and mother of the child were digging potatoes near the house and the little one was only a short distance from them when the accident occurred. She is in a serious condition.

NO TIME IS TO BE LOST

Filipinos to Be Forced Into Absolute Submission—An Aggressive Policy—England Must Suppress the Hong Kong Junta at Once.

NEW YORK, Nov. 8.—A special to the World from Washington says: Great Britain will be requested by the government to suppress the Filipino junta at Hong Kong. The administration has had this in contemplation for some time, and now that no political obstacle presents itself, the action is to be taken without delay.

Secretary Hay Has Already Been Advised of the Administration's Wishes in the Matter.

He will direct Ambassador Choate to represent to the British government that the Filipinos are maintaining at Hong Kong for the purpose of aiding Filipinos in their rebellion against the authority of the United States in the Philippines, and that they are practically making Hong Kong a base of supplies for the insurrectionists. Objection will be based on the ground of a violation of the laws of neutrality.

Great Britain is expected to promptly comply with the request. In this same connection it may be said that Lopez, the representative of Lgoncillo, who recently came to the United States from Europe, will be closely watched and if excuse be found by reason of his conduct he will not be permitted to remain within the borders of the United States. The suppression of the junta at Hong Kong is in accord with the policy now to be pursued with respect to the insurrection in the Philippines.

Accepting the result of the election as unqualified indorsement of the president's Philippine policy and giving assurance that the American people have expressed approval of the attempted subjugation of the natives, military operations will now be carried on in the Philippines with greater vigor. The rainy season is now near the end, and as soon as troops can be moved freely about the islands the most strenuous efforts will be made to suppress the insurrection and force the Filipinos into absolute submission. Instructions sent to General MacArthur several days ago were in contemplation of this programme. He was directed to assemble his troops into larger commands that they might be able to inflict severe punishment on any bands of Filipinos encountered.

With the return to Manila of troops sent to China, General MacArthur will be able to inaugurate a campaign which it is hoped in official circles here will accomplish the desired object. It is also counted upon here that the ending of rainy season will permit of the return to the ranks of a large percentage of the soldiers from the hospitals, incapacitated by the diseases brought on by the rains and excessive heat prevailing during the summer and fall months.

Boer Cause is Not Hopeless.

CHICAGO, Nov. 8.—Loutey Wessels, a former officer in the Boer army and a brother to one of the Boer envoys to this country, addressed an audience last evening on affairs in South Africa and the conditions of his countrymen. He asserted that the Boer cause is far from hopeless and that it is in as favorable a condition as three months ago.

An effort will be made to secure thousands of signatures to petitions that will be presented to congress asking the intervention of the American nation.

"Shot Full of Holes."

LINCOLN, Neb., Nov. 7.—"To have been shot full of holes" is the way Bryan's closest friends refer to yesterday's election. The crushing defeat of the Nebraskan has cast a deep gloom over the populist national headquarters. Bryan's cherished hope was for a plurality of the popular vote, whether he was successful or defeated, and the blow delivered has staggered him. The great republican gains in Lincoln and the state of Nebraska were the least expected by Bryan.

Woman with a Shotgun.

PHOENIX, Ariz., Nov. 6.—A shotgun in the hands of a woman ended the career of Ventura Peco, a Mexican robber, in a sensational manner last night. Mrs. Bena Peterson heard a noise in the cattle corral, in the rear of the house. Taking a shotgun, she went to investigate, and saw a man trying to steal a calf. She fired both barrels into his body, killing him instantly.

Englishman Fleeced.

LONDON, Nov. 7.—The morning and afternoon papers here declare that sixteen to one has been forever killed by Bryan's defeat and are jubilant in consequence, thus expressing the pleasure of a great majority of Englishmen at the result of the election in the United States.

Dog Bites Child.

SHELDON, Nov. 7.—Frankie, the 3-year-old son of E. Mendenhall, was bitten and his face was lacerated by a savage dog. The dog was promptly shot.

The New York Cash Store is the sole agent for Hamilton Brown shoes.

pinned down in the cab, the coals from the firebox burning off both his legs to the knees. The bodies were brought to the undertaker's immediately.

The aged parents of Hendricks are almost distracted from their awful grief. Campbell's home is in Albany, where he has a mother and sister. He is the man who gained fame in Alaska by making a record-breaking trip with a dog team from Dawson City to Skagway some time ago.

It is stated the wreck was due to a misinterpretation of orders on the part of Engineer Drennan of the extra.

Superintendent L. R. Fields happened to be in the city, and is looking after the dead and wounded men.

Coroner Twitchell has summoned a jury and will hold an inquest tomorrow on the remains of Wilhelm and Hendricks.

NEBRASKA IS REDEEMED

Bryans State Will Give McKinley 5000 Plurality—Bryan Congratulates McKinley.

WASHINGTON, Nov. 8.—Assistant Secretary of War Meiklejohn today telegraphed here as follows:

"Fullerton, Neb., Nov. 8.—Nebraska is redeemed. McKinley has carried the state by not less than 5000. The legislature is republican, both houses."

CHICAGO, Nov. 8.—Vice-Chairman Henry Payne, of the republican national committee, today received a telegram from the chairman of the state committee of Nebraska stating that the republicans carried the state by a safe majority; also that they have the state senate and in all probability will be able to organize the house.

Leelle Coombs, chairman of the republican state committee, telegraphed Mr. Payne that an official count will be necessary to determine the electoral vote of Kentucky. The telegram states: "Three thousand legal republicans remain uncounted in the ballot boxes. Other frauds will cost us 5000 votes."

Lincoln, Neb., Nov. 8.—William J. Bryan sent the following telegram at noon today to President McKinley:

"Hon. William McKinley, President of the United States, Washington, D. C.: At the close of another presidential campaign it is my lot to congratulate you upon a second victory.

WILLIAM J. BRYAN."

WRECK ON SOUTHERN PACIFIC

Two Freight Trains Meet Head On and Tear Each Other to Pieces—Two Men Instantly Killed, Two Fatally and a Third Badly Injured.

ROSEBURG, Nov. 8.—The worst wreck ever known on this division occurred about daylight this morning two miles south of Roseburg. Two freights, the regular No. 225 southbound, and a long extra coming north, met on a curve in a heavy fog and literally telescoped each other.

Engineer Sam Hendricks, of No. 225, and Fireman Wilhelm, of the extra, were caught beneath the wreck and almost instantly killed. Fireman Ed. Riddle, Engineer Wait Drennan and Head Brake-man Charles Campbell, were all badly injured, the latter two dying fatally. Riddle lost a foot and suffered a broken left arm. Campbell's head was badly hurt, his right leg crushed, his left arm broken, and it is feared his back was broken. Drennan received a cut through the skull over the left eye three inches in length, which exposed the brain. His leg was broken and he sustained many bad cuts and bruises.

One of the trainmen ran to town with the news, and an engine and caboose were sent out after the three injured men, who were cared for by three physicians on arriving in the city. Some time was required to get Hendricks and Wilhelm from the wreck. The latter was
