LOCAL BRIEFITIES.

Wednesday's Daily.
Dr. Sanders, rooms 1 and 2, Chapman block.

A marriage license was issued yesterday to P. E. Temple and E. Cantrell, of Dufur.

D. S. Crapper, of Hood River, was in town last night the guest of the Umatilla House.

Yesterday a marriage license was issued to Charles McIntosh and Annie Rawson, of this city.

A private dispatch from Morrow county says it has gone for republican prosperity by about 400 majority.

The ladies of the Lutheran church will have a pie and cake sale at I. C. Nickelsen's store previous to Thanksgiving.

Wm. Bruce, of Grand Dalles, spent last night in the city in order to get the election returns at the earliest possible moment.

The ladies Good Intent society has decided to have a sale of pastry on the day before Thanksgiving. The place of sale will be announced later.

Even the school children have caught the McKinley infection and caught it had. In one of the rooms yesterday the teacher voted the little folks and found 34 for McKinley as against 17 for Bryan.

A private dispatch from Grant county gives McKinley a majority of 235 in seven precincts. The republicans expect to carry the county by a majority of 350 to 500. Grant county used to be very strongly democratic.

Mr. Charles McIntosh, of Three Mile, was united in marriage this forenoon, November 7th, to Miss Annie Rawson, of this city. The marriage ceremony took place at the residence of Mrs. Waters, the bride's mother, Rev. D. V. Poling officiating. The young couple left on the afternoon train for Portland.

From private dispatches received today by Representative Moody we learn that Wallowa county has gone republican by about 100 majority. Four years ago Wallowa gave Bryan a majority of 261. Harney county's majority for Bryan four years ago was 251. This year it will be from 25 to 50.

The latest returns from Washington state indicate that McKinley has carried the state by from 5000 to 6000 majority. The republicans concede the defeat of Frink, republican candidate for governor, by probably 5000 votes. Klickitat county, across the river from here, has elected every candidate on the republican ticket by an average majority of over 400.

Coyotes are said to be feasting on lambs along the line of march taken by Heppner sheep when returning from the mountains, tells the Gazette. When separated from their mothers, as thousands of lambs have recently been, they drop out of their bands in bunches of fifty to two hundred and straggle around by themselves. Some of them get into other bands, but many of them get into coyotes.

A number of creameries in Oregon are now paying 25 cents per pound for butter fat. At the same time Oregon is now making more butter than ever before at this time of the year, says the Medford Rural World. The state has been exporting a good deal of butter this year. Coos county creameries have always sent the bulk of their product to San Francisco, and there has been a strong demand in California all summer and fall for Oregon store butter. A good deal of Oregon's choicest creamery butter goes to Washington cities.

Wasco county gave the prohibition candidate for president 78 votes, distributed among the precincts as follows: Biglow, 11; Baldwin, 2; Boyd, 3; Columbia, 4; Dufur, 16; East Hood River, 9; East Dalles, 5; Falls, 1; Mosier, 1; Mountain, 2; South Hood River, 4; Trevitt, 3; Wamic, 5; West Hood River, 8; West Dalles, 4; Ramsey, 2. Debus, the candidate of the social democrats, got 39 votes, distributed as follows: Biglow, 1; Dufur, 1; East Dalles, 12; Falls, 8; Mosier, 4; Trevitt, 3; West Dalles, 4. The Middle-of-the-road populists polled eight votes distributed as follows: Bakerover, 1; East Hood River, 1; East Dalles, 1; Falls, 1; South Hood River, 1; West Hood River, 3. West Hood River, it may be observed, is the home of one of the middle-of-the-road candidates for presidential elector. The three votes of that precinct show how much in a pop-cute in his own precinct in these piping days of McKinley prosperity.

Thursday's Daily.
Box rents at the postoffice will be lowered one-half, beginning next quarter.
George Porter and Alice Frazier were united in marriage today by Rev. U. F. Hawk, at the Umatilla House.
James Stewart, Murdock McKay and

EASTERN OREGON'S GREATEST DEPARTMENT STORE.

KNIT UNDERWEAR

Alexander McCartney took out full citizens' papers before Judge Blakeley yesterday.

J. T. McGrath and Cora Bell Conly were united in marriage yesterday by Rev. W. B. Clifton, at the latter's residence in this city.

The returns from all the precincts in the county have been received and they place McKinley ahead of Bryan by 532 votes. Nansene's vote is 20 for Bryan, 11 for McKinley. Oak Grove is 35 for McKinley and 15 for Bryan.

D. Creighton, of Three Mile, yesterday consigned to a Portland commission house ten boxes of Newton Pippin apples to form part of a shipment of fruit to China as an experiment of what it may be possible to do in that line of exports.

W. H. Butts today sold to a man from Pleasant Home the Martin Wing house and lot on the bluff near the Tackman greenhouses. The consideration was \$500 cash. Mr. Wing intends to move back to his ranch in the Wamic country.

Five families recently arrived from the Middle West have bought farms and settled in Morrow county, northwest of Heppner. They say that they are making money by the move, as they sold their old farms at \$60 an acre and have bought just as good soil at \$10 an acre, with a much better climate.

Money-lenders are doing a land office business these days, so they say, and in nearly every instance the loans are solicited by farmers for the purpose of buying more lands. The brokers say it is a very rare thing to find a farmer asking a loan in order to pay an old debt, but when he does the loan is only for a short time, and is solicited because the farmer refuses to sell his wheat at the prevailing price.

A man named Lindley, who claims to have been working on the railroad near Mosier, while attempting to cross the track in the neighborhood of the Wasco warehouse last night, was struck by cars and driven against the platform of the warehouse, sustaining a broken collar bone, a broken rib and severe bruises on the left hip. He was brought to the city jail, where his injuries were attended to this forenoon by Drs. Logan and Geisendorfer.

News from the middle fork of the John Day river tells of considerable excitement there over the discovery of sylvanite mixed mine, which is owned by D. B. Stalter, of Heppner. This is said to be the first sylvanite discovered on the Pacific coast, and the ground all around the Mayflower has been located. Old miners say it is a second Cripple Creek. Snow is already accumulating in that locality and interfering with work.

At the suit of Superintendent Gardner, of the Portland Boys' and Girls' Aid Society, Mrs. I. Brown was summoned before Judge Blakeley this afternoon to show cause why she should not surrender to the society her three minor children aged 10, 5 and 2 respectively, on the ground of having grossly abused her maternal authority over them by gross and criminal neglect and of being unfit to have them in her care or custody. The case is under hearing as we go to press.

Sheriff Kelly has succeeded in having captured at Portland one of the thieves that a short time ago broke into the store of W. A. Johnston and stole a lot of cutlery. The thief, who gives his

H. U. Patterson and others for a new county road in the Mosier precinct was granted and G. R. Wood, C. A. Cramer and S. D. Fisher appointed viewers.

A good-sized audience greeted Rev. Chris Nickelsen last night at the M. E. church. His theme was "Luke Warm Christians," and he handled it in his usually able and interesting manner. Mr. Nickelsen preaches again this evening and a cordial invitation is extended to everybody to be present. There will be no service Saturday evening. The program of services for Sunday will be announced in tomorrow's CHRONICLE.

The state association of county judges, commissioners and assessors will meet in Portland Tuesday, November 20th. As in years past, the purpose of the annual session will be discussions of the questions of taxation, and how to make reasonable levies on property throughout the state. It is expected that more than one-half of the county judges will attend the meeting and special attention will be given to the preparation of various recommendations to be presented to the next legislature looking to greater uniformity in the county assessments.

The auction sales of crown claims of the Klondike, which began on October 2nd, reopened on Nov. 5th, in Dawson. This has created a great stir among the hardy miners, who have been industriously scouting about the field looking up the prize properties the queen has for sale. No one knows just what claims to be offered are blanks or which contain the hidden prizes. The claims embrace all that have lapsed to the government from failure in representation and other causes, and all that have been reserved as alternate properties.

Emil Heckler, a Wapinitia sheepman, was kicked by a horse in the side yesterday afternoon and had three of his ribs fractured. He had brought to town a four-horse load of hogs and when he arrived in the neighborhood of the Columbia brewery the lead horses became entangled and as Mr. Heckler descended from the wagon to straighten them out, one of the wheel horses kicked him with the above result. He was taken to the Umatilla House and had his injuries attended to by Dr. Logan. Mr. Heckler's injuries are very painful but it is not yet certain how much he is injured internally.

The contract has not yet been let for the construction of the race track, but it will be, in all probability, within the next day or so. The Gentlemen's Driving Association has all the money needed to finish the work. The surplus of about \$550 remaining in the hands of the treasurer of the street fair has been donated to the association on the understanding that the district fair will be held here next fall instead of at Antelope. It is not thought that there will be any trouble in getting the fair back. As a matter of fact it ought never to have been allowed to leave here, and would not have left if the people of The Dalles had taken the interest in it they should. It is notorious that many of them never thought it worth while to attend, and it was impossible to get the business men sufficiently interested to make exhibits. Things are different now. The street fair has demonstrated what can be done when the business men put their shoulders to the wheel.

Latest election returns assure McKinley 292 votes in the electoral college

against 155 for Bryan. Kentucky with only 13 votes is in doubt. McKinley's vote in 1896 was 271 to 176 for Bryan. McKinley carries Nebraska by at least 2000 and the republicans count on a safe majority in the legislature. McKinley carries Indiana by about 32,000. Idaho goes for Bryan by a small majority. North Dakota gives a republican majority of over 12,000, or about 4 to 1 of the vote cast. McKinley's plurality in Illinois is over 95,000. Delaware gives McKinley a plurality of over 4000. Ohio's plurality for McKinley will be 73,000 and Iowa's 99,072. McKinley's majority in Washington will be between 11,000 and 12,000. Rogers, democratic nominee for governor, beats Frink, republican nominee, by a bout 1300. California gives McKinley the enormous plurality of 40,000. Oregon's plurality for McKinley is in the neighborhood of 14,000.

Oregon apples will be worth \$1.00 per box inside of three weeks. Colonel H. E. Doseh, secretary of the state board of horticulture, who closely follows the market, bases such an assertion upon the big jump of prices of apples in the New York market. Baldwin apples have advanced from \$1.50 to \$2.50 per barrel; Kings, from the same price to \$2.50 and \$3 a barrel; York Imperials, from \$1.50 to \$4 a barrel. Red table apples will bring in New York over these prices an advance of 25 to 50 cents a barrel. As soon as these facts become known, Oregon, apples will naturally raise a notch in prices, because the local market is sympathetically affected by the New York quotations. Colonel Doseh advises growers not to be in too big a hurry to sell. The growing favor of the better class of Oregon apples for the export trade, taken together with the failure of the apple crop in the main Eastern belts, is a good indication the prices will hit the top notch. Quite a number of apples have been placed by dealers upon cold storage for Christmas trade, which helps to strengthen the market.—Telegram.

"The Hottest Coon in Dixie," which comes to the Vogt next Tuesday night, is the leading colored attraction of this country this season both in the number and prominence of its members. Wonderful progress has been made in the caliber and popularity of exclusive colored shows during the past five years, until they now take rank with our leading amusement attractions, and the doors of many of the leading theaters of the big eastern cities are being opened to them and a marvelous business in most instances has been the result. In its costumeing, musical selection, comedy, etc., this newest bidder for public favor will compare favorably with any of the pretentious white face comedy organizations on the road, having fully double the number of people, and in its singing, at least, far surpassing anything outside of the big operatic companies, the manager is positive he has secured a treat for his patrons who love good singing and pure, wholesome fun. The famous "Clorindy" chorus of sixteen singers, now with the "Hottest Coon in Dixie," was for sixteen consecutive weeks the rage at the New York casino night garden. They were also seen for eight consecutive weeks in Chicago, and appeared in all of the principal cities of the country between New York and San Francisco.

A very stylish ladies' waist, made of French flannel and nicely trimmed, in the latest colors, only \$2.23 at the New York Cash Store.

Mrs. Johnson Entertains at Mosier.

MOSIER, Nov. 5, 1900.

On last Wednesday evening the young people of this vicinity were invited to spend the evening with Miss Mabel Riddell at the residence of Mr. and Mrs. Wm. Johnson. It being Halloween the young people were first greeted by grinning jack-o'-lanterns from gate posts and house tops. The evening was enjoyably spent in cracking jokes as well as in playing Halloween tricks and games. The merriment was kept rife until a late hour, when, after each had tried his or her fortune, they all went home well satisfied with the evening, although those whose fortunes consigned them to single blessedness had a determined look on their countenances which defied fate itself.

Among those present were: Mr. and Mrs. Wm. Johnson, Mrs. French, Misses Lillie Johnson, Mabel Riddell, Bessie Middleswart, Elsie Middleswart, Nora Root, Edna Root, Dollie Graham, Anna Dunsmore, Lurean Dunsmore, Hester Kent, Hilda Granlund, Adelene Sellinger, Daisie French, Messrs. John Wellburg, Geo. Chamberlain, Wm. Rowland, Price Hunter, John Davenport, Chas. Davenport, Bennard Sellinger, Frank Middleswart, Leo Root, Elmer Root, Gordie Graham, Wm. Graham, Edward Dunsmore, Harry Davis, Clarence Dunsmore, Willie Marsh.

Southern California.

Notable among the pleasures afforded by the Shasta Route is the winter trip to Southern California and Arizona. Renewed acquaintance with this section will ever develop fresh points of interest added sources of enjoyment, under its sunny skies, in the variety of its industries, in its prolific vegetation and among its numberless resorts of mountain, shore, valley and plain.

The two daily Shasta trains from Portland to California have been recently equipped with the most approved pattern of standard and tourist sleeping cars, but the low rates of fare will still continue in effect.

Illustrated guides to the winter resorts of California and Arizona may be had on application to

C. H. MARKHAM, G. P. A.,
Portland, Oregon.
