ROYALISTS ARE IN CONTROL

Result of Hawaiian Election a Big Surprise—Wilcox Goes to Congress Represents Ignorant Natives and the Dusky Ex-Queen.

HONOLULU, Nov. 9.—(Via San Francisco, Nov. 16.)—Robert W. Wilcox, the independent royalist candidate, has been elected Hawaiian delegate to congress, by a small majority, over Samuel Parker, the republican candidate.

News of the result of the election, which was brought to Honolulu this morning by steamers carrying returns from the other islands, produced much depression among all the whites, as Wilcox was strongly opposed by republicans and democrats alike.

The republicans carried Honolulu and the island of Oahu for Hon. Samuel Parker by 219 plurality, the democratic candidate, Prince David Kawanakoa, receiving only about one-third as many votes as Parker.

The independent native party have carried the house of representatives by a large majority. They will have 14 of their men in the house, with nine republicans, and six men who are independent and democratic.

It is likely as a result of the election that congress will be asked to establish some limitations on the privileges. The natives have won upon a race division, and now many of the whites want a property qualification for voters.

The returns which are not quite complete show Wilcox 69 votes ahead. The precincts to be heard from are expected to slightly increase this plurality.

The most encouraging feature to the whites of both parties is in the fact that the Wilcox majority is so small, which shows that very many of the natives were divided upon other than race lines.

The present prospect is that the congress-man-elect will be utterly ignored by the commercial and other interests of the islands.

More Cattle Trust Talk From Loving.

NEW YORK, Nov. 16.—The Times prints the following: George R. Loving, of Fort Worth, Tex., is in the city for the purpose of forming a cattle combine, and it has been reported that John D. Rockefeller is to be interested in the company.

Mr. Loving said that the company would not attempt to control prices at all, but that it was the intention of those who are promoting the company to purchase about 3,500,000 acres of land be-

tween Texas and New Mexico for the purpose of going into the cattle-raising business on a large scale.

Mr. Loving says that he was not in Cleveland two days ago, and that he has not called on Mr. Rockefeller, and that there is no one else interested in the company.

Peabody Museum Egyptian Antiquities. NEW HAVEN, Conn., Nov. 16.—The Peabody Museum has received from London an important collection of Egyptian antiquities presented to Yale by the Connecticut members of the American Archaeological Association.

In the collection are a number of rare specimens, among them ornaments of shell and green glass beads, pendants of felspar and pieces of flint which date back to prehistoric times.

In the tombs that were excavated were found model tools, axes, hoes, chisels, a headless statue several jars, two gold earrings and some gold hairings.

These specimens have all been placed in the Peabody Museum in a room that will later be used exclusively for Egyptian antiquities.

Alaska Indians are Starving. CHICAGO, Nov. 16.—"Unless government aid is extended the Alaska Indians the death rate this winter will be appallingly large."

This is the statement of G. B. Swinehart, of Nome, Alaska, who is on his way to Washington, where he will bring the matter before the notice of the department of the interior.

Continuing, Mr. Swinehart said: "The Alaska Indians are in dire straits. About a month ago I made a trip down the Yukon river and found hundreds of men and women dying of a disease that is nothing more nor less than consumption.

The commission now has a party stationed on the Chagres River, in Colombia, taking soundings to complete the data as to the Panama canal route, and three score men at least are engaged in making bearings on the Nicaragua route.

The data they will collect is not necessary for the use of congress. The report will disprove all but the Nicaragua and Panama routes from further consideration, and it is understood will recommend the former route.

Dowie's Contract Laborers.

WASHINGTON, Nov. 17.—There was a hearing at the treasury department today before Assistant Secretary Taylor on the action of the immigration officials at Philadelphia in refusing entry to a party of Birmingham lacemakers who had come to this country under the patronage of Alexander Dowie, the divine healer.

THE CRUSADE HAS BEGUN

New York Authorities Act on Bishop Potter's Advice.

NEW YORK, Nov. 17.—District Attorney Gardner, to whom Mayor Van Wyck, upon the receipt of Bishop Potter's letter, directed a communication that steps be taken by the district attorney's office to suppress the vicious conditions existing on the East Side in the "Red Light" district, today secured fifty warrants returnable tomorrow.

The poolrooms and gambling houses were open today as usual, undisturbed by the wide advertisement of the Tammany crusade vice. The only seeming effect of the publicity that has been given to Mr. Croker's declaration was that doorkeepers in the best-patronized resorts for betting on the races have performed their duty in something more than the perfunctory manner that ruled earlier in the week.

Chief Devery was asked today if he had read the letter sent by Bishop Potter to Mayor Van Wyck, calling attention to an alleged laxness in the police department. He said:

"I have nothing to say touching on or appertaining to that matter." He made a similar answer when asked if the investigation and resultant complaints made by the Tammany committee of five in the search after vice would be treated in the customary manner.

It Happened in a Drug Store.

"One day last winter a lady came to my drug store and asked for a brand of cough medicine that I did not have in stock," says Mr. C. R. Grandin, the popular druggist of Ontario, N. Y.

It is beyond the range of human probability that Mr. Bryan will again become the candidate of the Democratic party. But he can lead to victory a new party conducted on safe and conservative, yet progressive, lines.

There is no pleasure in life if you dread going to the table to eat and can't rest at night on account of indigestion. Henry Williams, of Boonville, Ind., says he suffered that way for years, till he commenced the use of Kodol Dyspepsia Cure, and adds, "Now I can eat anything I like and all I want and sleep soundly every night."

Renew Fighting in the Philippines.

MANILA, Nov. 18.—Last week witnessed a very considerable increase in rebel and American activity in the field. Many skirmishes occurred, and several engagements in Northern and Southern Luzon.

Philippines Will Be Shown No Mercy.

NEW YORK, Nov. 19.—Forbearance has ceased to be a military virtue in the Philippines, according to news that comes from the war department. So says a Washington dispatch to the Herald.

war department, and during the coming campaign in the Philippines no mercy is to be extended to those in active rebellion or who give aid and comfort to the insurgents.

The administration, according to a high official, has become weary of the long-drawn-out war. It has been conciliatory in dealing with the insurgents, and the efforts to accomplish peace by this means have met with contempt.

Story of a Slave.

To be bound hand and foot for years by the chains of disease is the worst form of slavery. George D. Williams, of Manchester, Mich., tells how such a slave was made free. He says: "My wife has been so helpless for five years that she could not turn over in bed alone.

Croker Has Gone.

NEW YORK, Nov. 17.—Richard Croker sailed for England today on the steamer Lucania. Before starting, Mr. Croker said:

"This movement by Tammany Hall against vice means business. We have taken up this fight to purify the city in earnest, and we propose to carry it to a successful issue."

Chief Devery was asked today if he had read the letter sent by Bishop Potter to Mayor Van Wyck, calling attention to an alleged laxness in the police department. He said:

Unburied Dead at Galveston.

GALVESTON, Texas, Nov. 17.—The United States surveying corps today found over 100 dead bodies in a swamp just west of the city, on the island where they had been deposited by the storm of September 8.

Attacked by Boto Men.

MANILA, Nov. 17.—Two hundred bolomen, with fifty rifles, attacked Bugason, Island of Panay, October 30th. The Americans lost three men killed—Lieutenant H. Koonz, Kitchen and Corporal Burns—all of Company F, Forty-fourth Infantry.

CONTEST ON THE BIG CANAL BILL

Promises to Be the Most Memorable of the Session—Question of Fortification.

NEW YORK, Nov. 19.—Plans are being made by the administration, according to a Washington dispatch to the Herald, to press with vigor for the ratification by the senate of the Hay-Pauncefote treaty, in its original form as the first step towards constructing an isthmian canal.

This action is likely to precipitate one of the memorable contests of the coming session of congress. Opposition to the treaty is based on the fact that it provides that no fortifications shall be erected on the canal.

The Davis amendment was copied from the tenth clause of the Constantinople treaty securing the neutrality of the Suez canal. General John A. Kasson, of Iowa, special commissioner, and formerly minister of the United States to Germany and Austria, supports the Hay-Pauncefote treaty.

"It is manifestly absurd to attempt to make a private national 'snap' of the exclusive control and use of a great inter-oceanic waterway," said he in an interview.

"To establish such conditions by law would be a challenge to all nations to combine against us and to compel us to do what we ought to do in the spirit of modern civilization, and in reciprocity for the privileges which we enjoy in the Eastern world."

No predictions can be made as to the vote on the treaty.

Germany's Appetite for Bourbon.

NEW YORK, Nov. 19.—A special to the World from Washington says: Germany is rapidly becoming a nation of whisky drinkers, according to the report of Commissioner of Internal Revenue Wilson.

Africa buys more rum from the United States, and leads the list in the exportation of that article, having been supplied with 357,769 gallons.

The only countries which did not buy any American whisky were Japan, Spain and Venezuela.

The Philippines are beginning to use the American product, as 11,264 gallons of bourbon and 3822 gallons of rye were shipped there during the last fiscal year.

Philippine Bushwhackers.

NEW YORK, Nov. 19.—Colonel Ernest Gillington, U. S. A., inspector-general in the Philippines, was among the arrivals on the liner New York, from Southampton. He has been in Germany since May.

Referring to the state of affairs in the islands, he said that he had been away from his post so long that he was unable to express any decided opinion on the question.

"The backbone of the rebellion has been broken for some time," he added, "and the only trouble now is to bring bushwhackers and insurgents to bay. As to how long that will take I do not know."
