

Greatest of All

Every one in San Antonio, Texas, says that Acker's English Remedy is the greatest thing ever put up for coughs, colds, asthma, bronchitis, croup and consumption. I have been using it over four

years for all forms of throat and lung troubles, and have yet to come across a case where it failed. We have four little ones in our family, and neither my wife nor I have ever lost a night's sleep because of throat troubles among the children. I guess that is more than any other family can say.

Anticipated, and whatever trading is being done is almost entirely to meet requirements of far-distant ships. It is not necessary for us to emphasize the fact that the wheat market is very weak, nor to give reasons for the condition.

A Story of Twenty Years Ago.

The bunch-grass hills of the Inland Empire are justly reckoned among the richest and most prolific wheat lands in the world; and yet twenty-five years ago scarcely one settler in a hundred could be convinced that they would ever be worth a bean excepting for a stock range.

Dull headache, pains in various parts of the body, sinking at the pit of the stomach, loss of appetite, feverishness, pimples or sores are all positive evidences of impure blood.

It is reported that a movement is on foot, said to be backed by Philadelphia coal men, to build at Summit Hill, near Mauch Chunk, Pa., a monument of coal to the memory of Philip Ginter, who discovered coal within a very short distance of Summit Hill.

"I never felt in lower spirits in my life than I did when the stranger mounted his horse and left me again alone in the bunch-grass wilderness. I was more than half convinced he was right and very little urging would have made me pick up my traps and leave.

A very successful school entertainment was given at Ten Mile last Friday night in connection with the close of a term taught by Miss Catherine Martin, of this city.

Seattle, Wash., Dec. 5.—A special to the Times from Port Townsend says: Somewhere outside Cape Flattery in the dense fog bank that has prevailed there for several days in the British ship Gertrud, leaking badly and endeavoring to reach the Sound, where drydock assistance can be secured.

Wheat continues to weaken here, says the Portland Commercial Review, in sympathy with the steady decline going on in Europe. Local prices have reached a low level, yet in spite of present cheapness the demand cannot be said to have been stimulated thereby.

There is no pleasure in life if you dread going to the table to eat and can't rest at night on account of indigestion. Henry Williams, of Boonville, Ind., says he suffered that way for years, till he commenced the use of Kodol Dyspepsia Cure, and adds, "Now I can eat anything I like and all I want and sleep soundly every night."

anticipated, and whatever trading is being done is almost entirely to meet requirements of far-distant ships. It is not necessary for us to emphasize the fact that the wheat market is very weak, nor to give reasons for the condition.

Prices have fallen several cents per bushel during the week, and Walla Walla is reported to have sold as low as 52 cents per bushel. We quote 52 1/2 @ 53 1/2, the latter being given as an extreme on round lots of best shipping grades.

"Pendleton must be an easy place for fairs," remarks the East Oregonian. "Scarcely a week goes by that some rough and tumble scroab doesn't alight in the city and make a little easy money. Unless a stop is put to it, outside people will commence to think that all sharpers need to do is to come here to enrich their pockets.

No Right to Ugliness. The woman who is lovely in face, form and temper will always have friends, but one who would be attractive must keep her health. If she is weak, sickly and all run down, she will be nervous and irritable. If she has constipation or kidney trouble, her impure blood will cause pimples, blotches, skin eruptions and a wretched complexion.

WASHINGTON, Dec. 6.—The House today, at the end of a long session, passed the army reorganization bill by a vote of 166 to 133. Three democrats, Hall (Pa.) and Underhill and Slayton (N. Y.), voted with the republicans for the bill, and McCall (rep. Mass.) with the democrats against it.

"I have used Chamberlain's Colic, Cholera and Diarrhoea Remedy and find it to be a great medicine," says Mr. E. S. Phipps, of Poteau, Ark. "It cured me of bloody flux. I cannot speak too highly of it. This remedy always wins the good opinion, if not praise, of those who use it.

WASHINGTON, Dec. 6.—Brigadier-General Charles P. Egan, commissary-general, was today restored to duty by the president and at once placed on the retired list.

To remove a troublesome corn or bunion: First soak the corn or bunion in warm water to soften it, then pare it down as closely as possible without drawing blood and apply Chamberlain's Pain Balm twice daily; rubbing it vigorously for five minutes at each application.

The only store in this city where the Genuine Imported Stransky-Steel Ware is sold.

A little higher in price, but outlasts a dozen pieces of so-called cheap enameled ware.

BEWARE! Other wares look like it, but the genuine has the name Stransky-Steel Ware on each piece. Do not be deceived. First prize at 16 International Exhibitions. Highest award at World's Columbian Exhibition, Chicago.

Remember this celebrated enameled ware is specially imported for and sold in this city exclusively by us.

It does not rust nor absorb grease, does not discolor nor catch inside. It is not affected by acids in fruits or vegetables. It will boil, steam, wash and bake without imparting flavor or previously cooked food and will last for years.

We caution the public against imitations.

Expect the Men to Settle, But Are Oblivious of Their Own Obligations.

The man who makes a bet with a girl must expect to lose, whichever way things go. At the Washington park race course, says the Chicago Chronicle, thousands of pairs of gloves have been wagered this season, but the dealers have not profited except when the men have been the losers.
