"Is your name written there?"—on The Evening News' subscription books?

At the rate now subscribers for The Evening News—Roseburg's only five daily—are being received, before the present week closes our list of those who will receive the paper regularly each day will be larger than any other paper published in Roseburg. Verily, there seems to be all kinds of room for a real, live daily paper in Roseburg.

A San Francisco millionaire after fourteen years of marriage divorced his wife on the grounds of having married him for his money. The wife must be an exceedingly good woman in a case where after all these years no better excuse for a divorce from that alleged can be found.

Why do democrats and democratic newspapers so severely denounce the proposed "assembly" plan proposed by republicans for the suggestion of the nominees on their own ticket? It is because all the stories told of democrats registering as republicans prior to the last general primary to defeat republicans are true? They must be or this talk against the "assembly" would not be made by those who are "democrats" solely for principle? They would have nothing to object to in what is done for its own government by the republican party did they not have some selfish motive which prompts them to condemn something which should in all reason be none of their concern.

With our improved increased railroad prospects our present line street paving is very likely to look like 30 cents as compared with the amount of work in this line that will be done next year. With the terminus of the Oregon Electric Railway line will there be a great increase in street paving but much more building done than was pushed to completion this year. It is evident that we will not only have our full share of the general prosperity that is beginning to spread over the entire country from one end to the other, but we will have a very big lot of good times which will belong exclusively to Roseburg and Douglas county.

The citizens of Salem have done a wise thing in putting up only one set of candidates for the city council. There is wisdom in such a course in that the nominees are sure to be the choice of a majority of the taxpayers, and when the election is over everybody will have no ground for contention. In Roseburg all will be as one man boasting the city. Outside of Portland politics personalities, spite work or any contention in the shape of a side issue of any sort should not be permitted to cut any figure in a municipal election. They distract, anger and divide a community without any good resulting from such a decision, and in the heat of contest many men are rushed into office in position who would never get there while the taxpayers were in their cool and careful senses. Roseburg has been eminently successful in the election of her officials during these years, and to this fact has been due the fact that in a great measure, have not only been chosen but elected by the citizens who have not gone mad on any occasion and introduced politics in city elections. If this shall be the general policy hereafter, for six or eight years at least, the growth of Roseburg will continue to be pushed onward by united action on the part of its taxpayers, and will advance by leaps and bounds until some peace-destroyer introduces politics. Then he will be backed by others whose entrance for office will divide the working and building force of the city into discordant and destroying factions in order that they may have an opportunity of securing spoils.

FOUR ORDERS.

In the matter of the petition of O. Gunter and others for a county road in road district No. 46. Ordered that the board of road viewers meet at the beginning point of said road on the eighteenth day of November 1909, and proceed to view, survey and locate said proposed road according to petition.

In the matter of the petition of A. L. Woodard and A. E. Wheeler asking for a quit claim deed to the county to certain lands sold by the county as delinquents. Petitioners requested to furnish abstract of the same by January, 1910.

The claim of Harvey Taylor, of Drain, for \$49 damages for a horse which sustained a broken leg by jumping into a knot hole in the Sandy Creek bridge, near Leona, was disallowed.

Petition for a county road between Glendale and Galesville, the same to traverse land owned by Mrs. Anna E. Springer, dismissed because of alleged defect in petition.

Appropriation of \$10 per month to the Boys' and Girls' Aid Society, of Portland, until such time as the court may deem it wise to discontinue said amount.

Hooper, the tinsmith and presser, has just received his fall and winter samples from the Royal Tailors, Chicago. All the latest weaves and designs are shown. If you are looking for something sweet can on him. He has the goods at the right prices. Perfect fit guaranteed.

Abdul Hamid is writing a book. He persists in persecuting mankind.

THINGS WE THINK.

The man with polished manners always shows you his bright side.

Taft stands on the tariff. That ought to keep the schedules down.

The race between Cook and Peary hinges on who shall have the pole.

Peary says he nailed the flag to the pole and has Cook nailed—and has demonstrated in other ways that he is somewhat of a knocker.

The person with an evenly-modulated voice will hold your attention long after the person with a loud, high-pitched voice has lost his wind.

The Cleveland Plaindealer has discovered that there are 3,000 ways of making pumpkin pies—and this number presumably does not include the way mother makes 'em.

Someone who claims to know says that in the days when Latin was a world editor meant "something to eat." The edible variety isn't raised in Douglas county.

Don't keep your children living in fear of some fearful punishment or allow them to feel that they are not as good as their associates. It will develop a feeling of timidity that will be a great handicap in their later fight with the world.

One of the demure daughters of the "400" has completed making a payment of two and a half millions for one of those gilded puppets of Europe's aristocracy which she recently imported. Here must be a tariff schedule which a watchful and benevolent republican congress forgot to revise.

A Chicago professor argues that we should teach our young ladies and girls the Jiu Jitsu system so that they will be able to defend themselves from vile-minded men. Young ladies who spend their spare time with associates morally their equals will find a knowledge of Jiu Jitsu of little practical use.

Beauty is said to be skin deep, but who would want a hide like a rhinoceros?

When they got to making newspapers out of corn stocks the thrifty farmer will take a stent of fodder to town and have the printer run him up a year's supply of reading matter while he waits.

Teacher's Annual Institute.

In accordance with Sec. 53 of the Oregon School Laws, the County Superintendent of Douglas county, will hold at Roseburg, commencing Wednesday, November 17, and continuing three days, an annual institute for the teachers of said county.

All teachers of the county are required by law to attend, unless excused by the Supt. for some unavoidable cause, and all boards of directors of the county are required to attend at said institute. A good programme has been prepared and I trust every teacher will make an effort to attend. Yours very truly, THURMAN CHANEY, County Superintendent.

CLEVELAND NEWS.

After riding with Dr. Houck in his auto, N. D. McBeath and Conrad Long decided to purchase them one if Dorris Davis would go in with them. Mr. Davis says he will take a share if Jess Tooley will loan him some money. Mr. Tooley will accommodate his warm friend, provided Mr. Morgan's family will pay their "board bill."

Mr. Morgan said the Moon shines more this year than it ever has before.

A. E. Martin is thinking of moving to Washington D. C. We don't understand what for, but perhaps Mr. Taft could tell us.

Prof. Geo. A. Crane is in the wilderness of the Cascade mountains near Prospect. He is teaching school in the day time and trapping rats at night. There is a prospect for a school.

Cred Conn says he can stand the snow storm as well as anybody.

While shearing sheep for Geo. Alderson, Dave Good and J. Alderson got more wool in their teeth than in the sacks.

Mr. E. H. Crane has returned from his farm at Cleveland and moved to the Metropolis of Douglas and is now a man of leisure.

Wallace Murdock is having good luck catching "Dog Salmon." Good luck to you, Wallace.

Dan Hall was seen passing over the streets of Cleveland, driving Robert Hayden's \$500 team.

We are glad to hear that Frank Conn has found his \$6.00 hat while on his road to Cleveland.

Conrad Long imagined that he could shoot better in the dark than by electric lights.
