Runaway Car.

OVER FOURTEEN KILLED

All Carmen Instantly Smashed, None
of Passengers Tried to Jump—
In an Instant All Was
Over.

(Special to The Evening News)
VANCOUVER, B. C., Nov. 10.—
Fourteen or fifteen persons were killed
in an accident that occurred at
6:30 this morning on the New West-
minster line of the British Columbia
Electric railway. A heavy car loaded
with timber broke from the train
which was ahead of the 6:10 inter-
urban car from Vancouver, on an in-
cline between Lakeview and Collings-
wood station. The runaway came
with terrific momentum, and striking
the passenger car, swept everything
clean level with the seats. There were
twenty-five persons in the car and not
one of them had a real chance to es-
cape. Motorman Thorburn yelled a
warning to the passengers as he saw
the car, and tried to jump for safety,
but he was caught by the runaway
and crushed to death.

Which road will be the first to reach Coos Bay?

The Evening News is indebted to
Mr. Frank B. Tickenor for the above
prophetic map of Roseburg and Coos
Bay's future. In the west the sun
is going down in the ocean, and fly-

ing toward it and the bay as fast as
electricity can propel them are elec-
tric cars on business bent. Following
the coast comes from the north the
steam railroad from Astoria, and

from the south a continuance of a line
up the coast also, pulling its freight
for the Bay. His question engraved
in the face of the map is significant
and to the point: "Which road will

be the first to reach Coos Bay?" The
answer from Roseburg is the Inland
Electric Railway next year.

tained. Secretary Ballinger does not
hesitate to brand Glavis' statements
as an unfounded tissue of falsehoods,
and hopes to be able to bring Col-
lier's before the courts for what he
believes to be their reckless publi-
cation of a sensational article.

under control.

It isn't the not having things that
bothers us so much as the seeing
others have them who do not appear
any more worthy of them than we
are ourselves.

The first report Secretary Ballinger
will make to Congress is in prepara-
tion. It will not only emphasize

sites, but pass up to Congress all fur-

COOS BAY BLOCKED

Members of Port of Coos Bay
Restrained By Injunction

IT IS BUT TEMPORARY

Grounds of Injunction is That Com-
mission Not Legally Organized
—Error in Appointment of
Members, Etc.

(Special to The Evening News)
MARSHFIELD, Nov. 10.—Progress
of work by the commission of the
Port of Coos Bay has been blocked
by an injunction which temporarily
restrains the members from issuing
bonds or in any other way incurring
indebtedness. The injunction was
served on members while they were
meeting for the purpose of opening
bids for half a million dollars bond
issue, which it was decided to float
the injunction was issued by County
Judge John F. Hill, and the suit was
started by J. W. Bennett, acting as
attorney for the Bennett Trust Com-
pany and the Southern Oregon Com-
pany as complainants. The port laws
was not attacked but the injunction
was asked for on the grounds that
the commission is not legally orga-
nized. It is claimed that there was an
error made in the appointment of
the members, and that therefore they
are not legally named and are not
qualified to act. C. R. Peck, attorney
for the commission, recently con-
ferred with the Attorney General and
stated that he had the latter's writ-
ten opinion that the commission was
legally appointed. Until there is a
hearing on the temporary injunction
the port commission is powerless to
do any work. The port has no funds,
it being expected to raise money by
the bond issue which has been ap-
pointed.
