ARE AFTER WESTBROOK.

Allege That His Bed Sheets Are a Little Too Short.

(Special to The Evening News) COTTAGE GROVE, Or., Nov. 15.—From present indications Bert Westbrook, proprietor of the Oregon Hotel, will be compelled to go into court and explain why he has not complied with the recent "nine foot bed sheet law" enacted at the last session of the Oregon legislature. The grieved parties are a couple of disgruntled transients who stopped at Westbrook's hotel a few days ago. It is said that the complaint is the

outcome of a personal spite. Westbrook says he will fight the case.

No greater service has been rendered to womankind than the giving by Dr. Fredrick K. Stearns of his remarkable prescription for the many weaknesses with which women are afflicted.

This great remedy is being placed on the market by the New York and London Drug Company and is labeled "Nyal's Vegetable Prescription," "a boon to womankind"

The local drug firm, Fullerton & Richardson, are agents for Roseburg. They report as follows: "Nyal" remedies are superior to all of the highly exploited patent medicines, but the best of the Nyal's line is the "Vegetable Prescription."

"During the many years we have sold drugs in Roseburg we have never heard as much favorable commendation of any other medicine. Nyal's Vegetable Prescription has received the praise of every woman who has used it.

Other Nyal's medicines which are worthy of mention at this particular season are:

Nyal's Baby Cough Remedy for colds. Relieves difficult breathing.

Nyal's Croup Ointment.

Nyal's Cod Liver Oil Compound without the oil. It is better than "Vinol" or Emulsion of Cod Liver Oil and is an ideal system builder and tonic.

SPINAL CORD BROKEN.

James A. Finch Did Not Die of Physic Shock.

SALEM, Or., Nov. 15.—A report has been gaining circulation here that James A. Finch, hanged at the Oregon Penitentiary Friday for the murder of Ralph Fisher, died from "physic shock" between the time the trap was sprung and the instant when his body jerked taut the hangman's noose. Dr. J. N. Smith, who gave the official announcement of Finch's death, says Finch did not die from physio causes, but from a broken spinal cord.

"Usually in death by hanging," Dr. Smith said, "the check ligament, which supports a process in the neck, is broken, and the process, thus unsupported, presses upon the spinal cord, causing death; but in the case of Finch this usual manner of death did not hold. Finch met instantaneous death when the rope jerked taut, the spinal cord itself having been broken, and not the ligament."

"Death by hanging does not result from strangulation or suffocation, as some say, either," continued the doctor, "but is a direct result of the breaking of the ligament which supports the process already mentioned." No postmortem examination, as requested by Finch in his speech on the gallows, was held in this city.

BURIED AT NIGHT.

Remains of Finch Were Interred Without Ceremony.

PORTLAND, Or., Nov. 13.—Very quietly and in the darkness the body of James A. Finch, who was hanged in Salem Friday for the murder of Ralph Fisher was brought to this city, taken to a local cemetery and buried. There was no curious spectators and the relatives and friends of the dead man chose this time for the burial so there would be none. It is also said that there was no ceremony, but that the coffin containing the body was silently lowered and the earth heaped over it. The utmost secrecy was maintained in regard to the entire affair. The death certificate of Finch was filed in the health office today and the burial certificate secured. The death certificate was signed by Dr. J. N. Smith, the physician of the state's prison, and the removal permits from that city was signed by W. T. Rigdon, the health officer at Salem. The cause of death on the death certificate was hanging.
