## YONCALLA NEWS

### Interesting Items Gathered by Correspondent.

Miss Julia Bishop has returned to Portland.

Geary Young, of Oakland, was looking after business interests at this place the first of the week.

Miss Echo Gaddis, manager of the Roseburg Creamery was a business visitor to this city last Monday.

Mr. and Mrs. Alvy Wise, of Cottage Grove, have moved to this city to reside.

E. C. Smith and wife, of Portland, attended the funeral of the late Robt. Warner at this place last week.

Mr. L. E. Warner made a business trip to Stella, Washington, last week returning home Monday.

Chas. Wamsley and family left last Tuesday for their home at Roseville, Cal., after several days visit with relatives at this place.

Jas. Ambrose, Jr., made a business trip to Cottage Grove the first of the week.

Harry Stearns and wife visited with relatives at Oakland a few days the first of the week.

Mrs. Nathan Crow spent several days at Cottage Grove this week on business.

W. A. Barr, Roseburg's popular piano man, was looking after business matters at this place last Tuesday.

Mrs. Eva Ellis, of Cottage Grove, visited with friends at this place a few days this week.

Mr. Zimmerman, of the anti-saloon league, delivered an interesting and instructive lecture at the M. E. church in his city Monday evening. Mr. Zimmerman is a fluent speaker and voices his sentiments in a fearless, straight forward manner, and if Oregon doesn't "dry up" in 1910 it certainly will be no fault of his.

Z. L. Cox has sold his grocery store in this city to Mr. O. H. Verbleck, of Douglas, Arizona, who will take charge of the business about December 1st.

Mr. Cox contemplates going to Arkansas with his daughter, Miss Bertha, to spend the winter.

Geo. Bull and Mr. Gherkins have gone to the Smith river country to engage in a few months trapping for fur bearing animals.

Jas. and Chas. Pumphrey left last Monday for their old home and the scenes of their boyhood at Bravelly, Ind., where they will visit relatives and friends until about January 1st when they will depart for Valles Mexico, where they have large holdings, to remain for about three months.

The "Pumphrey boys" as they are familiarly known have been residents of this place for several years and are known to be honorable and upright men and will be greatly missed by their friends and acquaintances. It will be remembered by many that Jas. had quite a thrilling adventure with a bear a few years ago while hunting on the Siuslaw in company with Walt Cowan, and was only spared the honor of being chief guest at a brainy repast by a very narrow margin, so narrow in fact that brain succeeded in getting the greater part of the nimrods wearing apparel. It is stated on good authority that Jas. goes to Mexico to claim an old Creole sweetheart who has been waiting for him these many long years in the land of parrots and greenery. It is also stated on equally good authority that Chas. is not the chap to be outdone by his brother and it is therefore expected that two Creole Bells will probably be brought across the border when the boys return to the land of the free and the home of the brave.

Once again the inevitable has cast the senseless reaper in our midst and has stricken from the threshold of time one of our most highly esteemed and loyal citizens, Robt. Warner, son of Mr. and Mrs. L. E. Warner, who was struck by a flying missile caused by a blast while in the performance of his duty at the throttle of his hoisting engine at Stella, Washington, November 7th. Robt. was employed by the Cascade Construction Company and was highly respected by his employers and fellow men, and that such a dreadful misfortune should be his untimely lot is indeed a heart breaking and lamentable affair. The remains were brought to this city for burial. The last sad rites being administered by those whom had known and respected Robt. during his sojourn at this place.

Robt. was the eldest son of Mr. and Mrs. L. E. Warner, of this place, and was about twenty three years of age. Being endowed with a desire to follow his vocation as engineer he was at all times happy when doing his duty and laying aside for a future day.

Being of a cheerful disposition, his presence carried sunshine and good cheer and he was ever ready to speak a word of cheer and lend a helping hand to those whom misfortune and trouble had befallen.

The very high esteem with which Robt. was held by those who knew him best can be evidenced no more conclusively than by the large number of relatives and friends who crowded the M. E. church to its utmost to listen to the funeral address, and then followed the remains to their last resting place. While in the midst of life we are in death, Man is but a mere flickering flame upon the threshold of time. The but as the passing of a day and the flame has flickered and ceased to exist. But it is our hope that in flickering here and ending mortality that we shall burst forth with spiritual illumination and vivid immortal glory into that great beyond from whose hours no traveler returns.

MRS. MCGINTY.

Woman Bears Silently What Man Would Make Riot Over.

From time immemorial it seems to have been taken for granted by woman that it is her lot to suffer in silent torture while carrying out the functions of her sex. A large proportion of the human race seem to think that it is quite normal for a woman to be in misery for several days out of each month. The period of pregnancy likewise has been supposed to be one of discomfort and pain instead of happy and joyous anticipation. It is taken for granted, even today, by a large percentage of peo-

ple that woman is inherently weaker and given more to ailments than man. Many a woman suffers in silence for years, her friends perhaps knowing nothing of her trouble, whereas a man with comparatively trifling trouble would create a small riot in the home.

Because a woman has suffered always, we take much for granted, and often do nothing to overcome the trouble. But we are gradually finding out that this is a serious mistake. We are acquiring knowledge from many sources, and not the least item in our newer knowledge is the fact that all this misery and suffering to which woman has been subjected is unnatural and unnecessary. We are learning, in these conditions, that all the trouble is due to definite causes. The sufferings of woman are not accidental. They are not the result of a dispensation of Providence.

As soon as we see this, we are ready to see the conclusion. If the troubles of woman are due to definite discoverable causes, then it is possible, in a large measure at least, to remove these causes and to restore normal conditions. The question is to decide what are the fundamental causes of disease. Osteopathy has come forward with new discoveries in this field and is able to prove its findings at every point.

We used to think that a certain amount of disease was normal. A measure of pain and sickness was appointed unto each of us. This idea of disease predestination made us think that abnormal conditions were inevitable and escape impossible.

But the twentieth century gospel of health is quite different. We have come to see that health, not disease, is the normal condition. We have been compelled to admit that health is the rightful heritage of every woman.

Nature has no vengeance to satisfy and nature does not single out one woman for suffering and another for health. Nature does not deal with personalities. Nature operates through law—the natural laws of life and of our physical beings.

The tendency of Nature is always back to the normal—to restore equilibrium—to the return of health. But natural laws or forces are, to a large extent, blind. Rightly used, they serve us; wrongly used, they just as rapidly destroy us. Just as we utilize the electric current successfully and without danger so long as we respect conditions which we know attach to it, so we can use the natural forces and conditions of the body—for its advantage or its destruction. The same force which drives a locomotive forward, serves to drive it backward. So the principles and energies of the body can be directed for health or for disease.—Osteopathic Health.

DANCES—NOTICE—DANCES

Notice is hereby given that on and after Saturday, November 20, 1909, the dances given at the Armory Hall will be conducted by Prof. W. E. Williams. Social dances every Saturday night from 9:30 to 12 o'clock.

No greater service has been rendered to womankind than the giving by Dr. Fredrick K. Stearns of his remarkable prescription for the many weaknesses with which women are afflicted.

This great remedy is being placed on the market by the New York and London Drug Company and is labeled "Nyal's Vegetable Prescription," "a boon to womankind"

The local drug firm, Fullerton & Richardson, are agents for Roseburg. They report as follows:

"Nyal" remedies are superior to all of the highly exploited patent medicines, but the best of the Nyal's line is the "Vegetable Prescription."

"During the many years we have sold drugs in Roseburg we have never heard as much favorable commendation of any other medicine. Nyal's Vegetable Prescription has received the praise of every woman who has used it.

Other Nyal's medicines which are worthy of mention at this particular season are:

**Nyal's Baby Cough Remedy for colds. Relieves difficult breathing.**

**Nyal's Croup Ointment.**

**Nyal's Cod Liver Oil Compound without the oil.** It is better than "Vinol" or Emulsion of Cod Liver Oil and is an ideal system builder and tonic.

**FULLERTON & RICHARDSON,**  
Druggists, Roseburg, Ore. Agents for "Nyal's"
