Headquarters for Holiday goods is at the Roseburg Book Store. One of the most elaborate instruments for piano use has just been received by the Roseburg Furniture Company, and is now on display in their store. It is a Columbia grand piano de luxe, beautifully encased, and furnishes music of a very sweet tone. The instrument has been purchased by a local party and will be placed in his home at Christmas time.

Many attractive Xmas gifts at the Roseburg Book Store. The state law enacted at the last legislature which provides that all doors to public buildings, such as churches, theatres and city and county buildings shall swing outward, is now in effect. Accordingly the local officers are notifying a number of those parties who have as yet failed to comply with the law.

CHEERFUL ABOUT IT

A Massachusetts Man Says He Has Machine That Flies

WORCHESTER, Mass., Dec. 14.—A remarkable assertion of the practicability of aviation is embodied in the announcement yesterday of Wallace E. Tillinghast, vice-president of a Worcester manufacturing company, who asserts that he has invented, built and tested secretly an aeroplane capable of carrying three passengers and in which he says he has flown from Worcester to New York, thence to Boston and back. A speed of 120 miles an hour was made at times he declares.

The test was made on September 5 at night, according to Mr. Tillinghast, who says he circled the statue of Liberty at an elevation of 4000 feet and was seen on the return trip by a coast guard on Long Island when flying low, the fact being recorded in the newspapers at the time.

Mr. Tillinghast says the machine is a monoplane, weighing 1550 pounds, equipped with a 120-horse power gasoline engine. He refuses to tell where the machine is, but says he will bring it to Worcester for a public demonstration.

CONVENTION A SUCCESS.

Dairymen and Fruitgrowers Hold Annual Convention

PORTLAND, Ore., Dec. 13.—State dairymen and fruitgrowers held their annual conventions in Portland during the past week and both were well attended and very successful. Both of these great industries will receive a decided impetus from the gatherings of the past week. Better acquaintance of the men actively engaged in dairying and horticulture has resulted and the interchange of ideas is always valuable. Thursday night a reception to the two bodies was given by the Commercial Club. A valuable suggestion was made by President H. C. Atwell of the fruit-growers, who advises an annual fruit show in Portland at which time all sections of the state shall be represented. This idea is being taken up actively by all interested in the development of the state along these lines and the advantages that may be expected to result are very great.

OLALLA BUDGET

It is time Olalla reports. Very quiet at this time. Health is usually good. More rain than we have ever had at this time of the year. Roads are bad although the mails are coming in quite regularly. Farmers are uneasy regarding the possibility of getting their seedling done. But little grain sown as yet. Haines surveyors are at work and seem to be locating the line permanently. We are of the opinion that the company mean business, they are doing no wind work. Improvements are being made on many of our farms. New residences, barns, fences and other improvements. School is progressing as well as usual with Prof. B. C. Gilis at the helm. A four months term.
