

10 DEAD MANY INJURED

Lake Shore Passenger and Switch Engine.

A FATAL TRAIN WRECK

Passenger Train Was Running at a High Rate of Speed When the Crash Occurred—Mass of Debris

(Special to The Evening News.)
CLEVELAND, O., Dec. 18.—As the result of the Lake Shore passenger train colliding with a switch engine at the foot of East Twenty-Sixth street, ten persons were killed outright and scores injured at an early hour this morning. The Lake Shore train was traveling at a high rate of speed when it struck the engine and a mass of debris and the loss of many lives as the result of the collision. Fortunately none of the passengers were killed but many were injured. The known dead are: H. L. Adams, passenger engineer; A. G. Burns, engineer switch engine; John Swales, switchman; George Frank, switchman; Edward Bascher, switchman. Fatally injured, Jacob Carrier, passenger; both firemen badly burned; three switchmen, who were killed, were riding on the switch engine at the time of the collision.

OFFICERS INSTALLED

Brotherhood of Railway Trainmen Entertain Invited Guests

About 125 residents of Roseburg and vicinity were present to witness the installation of officers of Unquaga Lodge No. 314, D. of R. T., at the Maccabee hall last evening. Included among the gathering were about 40 members of the local railroad organization, a number of their wives, most of whom are members of Lodge No. 404, "Hard to Get," Ladies Auxiliary to the Brotherhood of Railway Trainmen, and a large concourse of invited guests.

The spacious hall was elaborately decorated for the occasion, numerous emblems of the B. of R. T. order being used. Among the designs were red, white, and green flags, lanterns and rear lights such as are in general use in the operation of trains.

Shortly after 8 o'clock, the appointed hour for the installation ceremony to commence. Installation Officer W. E. Bates took his chair and in a few well selected remarks called the assembly to order, at the same time instructing the conductor to prepare the officers-elect for installation. One by one the several officers were ushered to a convenient spot in front of the presiding official where they were installed and garbed in the regalia of their respective chair.

The installation ceremony of the Brotherhood of Railway Trainmen is brief, but yet impressive. No delays were encountered to try the patience of the assembly, but on the contrary, the entire personnel of officers were installed in less than fifteen minutes.

Those installed were: C. C. Nelson, P. M.; W. A. Coffin, Pres.; S. W. Stürmer, Vice-President; W. O. Cordon, Secretary; W. E. Bates, Fl.; M. A. Williams, Journal agent; V. H. Tibbets, Con.; G. Quille, Chap.; F.

3 COACHES DERAILED

Two Persons Fatally and Many Others Injured

FAST PASSENGER TRAIN

Thrown From Track—Cold Weather Contracts the Rails and Results in a Very Bad Accident—The Injured

(Special to The Evening News.)
CHICAGO, Dec. 18.—Two women are reported fatally injured and a number of other passengers hurt when the fast passenger train of the Chicago, Burlington & Quincy Railroad, bound from St. Paul to Chicago, was wrecked near Western Springs, Ill., early today. Three Pullman coaches were derailed. The wreck is supposed to have been caused by the contraction of the rails due to the intense cold weather prevailing here. Although the railroad officials deny there are any dead passengers it is generally admitted, however, that between 20 and 30 have received serious injury. Among those who have been sent to the hospital for treatment are Mrs. O. A. Lovell, Ymir, B. C., arm broken and head severely cut; O. A. Lovell, Ymir, B. C., badly bruised; Frank Clisby, Spokane miner, bruised; George Tate, Cleveland, bruised; Miss J. P. Payeur, aged seven, ankle broken; Violet Mitchell, Charlotte, Wyo., slightly hurt about the body; Mrs. S. R. Stein, Spokane, slightly injured; Benjamin Bales, Portland, Ore., right side injured; Mrs. Bernard Echelebacher, Portland, Ore., knee injured; M. L. Lane, Seattle, knee wrenched and body cut and bruised.

LEGAL BATTLE OVER LEOPOLD'S WILL

(Special to The Evening News.)
BRUSSELS, Dec. 18.—Baroness Vaughn quietly left Brussels for Paris today, presumably to consult lawyers concerning the contest which it is stated the three daughters of the late King Leopold will institute in order to break the will of their father. The legal battle the daughters are about to institute will probably be based upon the fact that the late king's marriage to the Baroness, whom it is said he left the greater part of his fortune, was only a religious ceremony.

COAL SHORTAGE AT THE BUTTE MINE

(Special to The Evening News.)
BUTTE, Mont., Dec. 18.—The Boston Montana Mines Amalgamated Copper Company, is again idle today due to a shortage of coal resulting from the coal blockade during the switchmen's strike. Three thousand men are idle. Strike breakers have been sent from Missoula to Wallace, Idaho, where they will be employed in the yards. Many threats of violence have been made against them but so far no serious trouble has occurred.

Rev. W. H. Eaton preached at the Baptist church at Dillard last Friday evening to a large congregation.

SENTENCE DEFERRED ON SUGAR TRUST MEN

(Special to The Evening News.)
NEW YORK, Dec. 18.—The sentencing of the five sugar trust employees convicted of criminal conspiracy to defraud the government in connection with weighing sugar importations was deferred today by Judge Martin until January 5. Under the present indictments the men stand convicted on two counts the maximum penalty for which is imprisonment for two years and a fine of five thousand dollars. Four checkers, John R. Coyle, Thomas Kehoe, Edward A. Boyle and Patrick J. Hennessy were released on \$500 bonds each. The bail of Oliver Spitzer, the dock superintendent, has been increased to \$10,000.

NO PROOF COOK REACHED THE POLE

(Special to The Evening News.)
COPENHAGEN, Dec. 18.—It is reported today on high authority that the committee from the University of Copenhagen on their preliminary examination of the records failed to discover any proof that would tend to show that Dr. Cook had ever reached the North Pole. However, the committee has not completed its investigation and it may finally be shown that the Doctor has the pole located.

THOMAS LYNCH FOR PRESIDENT

(Special to The Evening News.)
NEW YORK, Dec. 18.—Thomas Lynch, of Meriden, Conn., was today unanimously elected president of the National League. John Heydlo, who has acted as president since the death of Harry Pulliam, was chosen as the secretary. Mr. Lynch was placed in nomination by John T. Brush, of the New York Club.

THREE-CENT FARE ONE-CENT TRANSFER

(Special to The Evening News.)
CLEVELAND, O., Dec. 18.—Federal Judge Taylor, acting as arbitrator in the famous Cleveland street railway dispute today decided in favor of a three-cent fare with one cent transfer.

CITY WATER SUPPLY

Supply is Pumped by Steam to Reservoir—182 Feet.

OAKLAND, Dec. 18.—Oakland has accepted the water system which has been in course of installation the past

Summer, and will now have a sufficient supply of pure water and ample fire protection, something the city has needed for years. The system is composed of two miles of water mains, the eight-inch feed main which supplies water from the reservoir, which is located on a hill having an elevation of 182 feet. It delivers the water to the smaller mains and affords a nozzle pressure of 99 pounds. The water is pumped by steam from Calapoola Creek, a clear, pure stream which rises in the Cascade Range and affords a goodly quantity of water the whole year. This improvement will greatly lower the insurance rates.

TURKEYS VERY SCARCE

Local Buyers Meet Difficulty in Filling Orders

PRICES REMAIN HIGH

Only Half the Number of Birds Will Be Shipped For Xmas Trade as Were Shipped Prior to Thanksgiving

From the several local turkey buyers The Evening News learns that fewer turkeys will be shipped to the outside market to supply the Xmas trade this year than for some time past. In fact, a majority of the buyers predict a scarcity of Christmas birds as most of the turkeys were sold prior to Thanksgiving, the price paid at that time being equally as high as at present. Most of the local buyers are paying from 22 to 23 cents per pound, according to the quality of the bird. In some instances, however, it is said that 23 1/2 cents per pound is being paid for choice birds which will be shipped early next week to the Portland and Seattle markets. Few birds will reach the San Francisco market this year. Among those who are purchasing birds in Roseburg are Harness & Johnson, Alton S. Frey and George Kohlhaas. The latter buyer, however, is handling but choice birds, the most of which will be held for home consumption. From Oakland, the chief turkey center of the state, we learn that a scarcity of turkeys also prevails, the conditions being somewhat the same as here. It is estimated by those who pretend to be well in touch with the market and supply that only half the number of birds will be shipped for the Christmas trade as were prior to Thanksgiving.

MILLION AND HALF PORTLAND BUILDING

(Special to The Evening News.)
WASHINGTON, D. C., Dec. 18.—The treasury department has decided to recommend an appropriation of a million and a half dollars for the erection of a building at Portland to be used exclusively for the postoffice. This present postoffice building will be used for court and other federal purposes. If the appropriation meets with no opposition the money will be available by next summer and active work on the structure will be commenced immediately thereafter.
