BRING HIGH PRICE

The Celebrated Trotter "San Francisco" Sold for \$15,000.

The current issue of the Breeder and Sportsman says:

"Mr. L. V. Harkness, proprietor of the famous Walnut Hall Farm, at Donrair, Kentucky, has purchased from the P. W. Hodges company, of Detroit, Michigan, for \$15,000, the trotting stallion San Francisco, 2:07 3-4 by Zombro 2:11, dam Oniska by Nutwood Wilkes 2:16 1-2, second dam Bay Line by Direct Line, son of Director. San Francisco was bred by P. W. Hodges, the well known California trainer, who bought the dam Oniska from the late Martin Carter for \$275 to be paid for in training bills. He sent Oniska to Zombro and got a foal that he trained and raced in 1908 to a record of 2:07 3-4, and also trotted him a mile in public this year in 2:04 3-4. San Francisco is without doubt one of the fastest living trotters and is capable of lowering his record if prepared for a flight against the watch. He is a remarkably game horse and can go as many heats in fast time as any horse that appeared this year. Mr. Hodges' many friends in California will be glad to hear that he has received a good price for San Francisco and hope that Mr. Harkness will give the stallion an opportunity to reduce his record further before retiring him permanently to the stud.

At Walnut Hall San Francisco will become one of a coterie of famous stallions, among which are Walnut Hall 2:08 1-4, Moko and Mobei, and will be mated with some of the greatest broodmares owned in Kentucky."

In commenting on this sale the Horse World accords great praise to the noted stallion, as follows:

"Few trotting stallions have attracted more admiration than has been accorded San Francisco 2:07 3-4, the magnificent son of Zombro, during the two seasons he has been seen on the eastern tracks. With a confirmation which includes substance, quality and beauty, possessing extreme speed and undoubted courage, San Francisco has been much admired, and the breeders of the east will be pleased to learn that he will be added to such a great stud as there is at Walnut Hall Farm, the home of Moko and Walnut Hall, 2:08 1-4. San Francisco has not been given the best opportunities in the way of training, but his record of 2:07 3-4 and his public mile in 2:04 3-4, shows his greatness as a performer. In breeding he is an ideal horse to cross on the young mares at Walnut Hall, produced by mating the Electioneer-Wilkes stallion Walnut Hall on daughters of Moko, a great representative of the Dash Wilkes branch of the Wilkes tribe. San Francisco represents Alcyone branch of the Wilkes family on his sire's side through the McKimney line, and his top-cross in the female line is the Guy Wilkes branch of the Wilkes family, with outcrosses to Director and Nutwood. San Francisco will have unequalled opportunities at Walnut Hall Farm, and unless he proves a gross exception to the established laws of heredity he will found a family that will place his name in the list of famous sires."

The sale of this horse and his purchase by perhaps the greatest stock farm in the world is of interest to Douglas county from the fact that the dam, Oniska, is owned by Frank E. Alley of the Broadway Stock farm. Mr. Alley has a colt of the same mare which is another in-bred to San Francisco, being sired by Greco B., another good son of McKimney, of which he thinks very largely, as it is a handsome colt and possessed of as much speed as was San Francisco at the same age.

BURNED TO DEATH

Three Men, Among Them a Former Millionaire.

San Bernardino, Cal., Dec. 20.—James Stewart, one of the original discoverers of the former great Calico silver mine in this county, and a millionaire when the silver burst and he went broke, was burned to death in a bunkhouse on the Santa Fe road in Arizona.

Fred Early, who arrived here this morning, to work in the shops, reported that Stewart and two other wandering prospectors went into the bunkhouse to sleep. An unidentified man entered during the night, poured kerosene oil on the feet of the sleeping men and set it on fire. All were horribly burned and Stewart died a few hours later.

NICARAGUA HAS NEW PRESIDENT

(Special to The Evening News.)
Managua, Dec. 21.—Jose Madriz has assumed the presidency of Nicaragua to succeed Zelaya, who was forced to resign.

50 CASES TYPHOID

Impure Water Is the Cause of the Scourge.

Oregon City, Dec. 20.—Thirty cases of typhoid fever have developed at Willamette, a little town on the west side of the Willamette river, three miles south of Oregon City. None of the cases have resulted fatally and five trained nurses are fighting the scourge.

The fever had its origin in the water supply of the town, which is ordinarily pure, but the recent fresh-

ets caused the Willamette river to overflow its banks and the spring became contaminated with the water from the river. The people of Willamette are now boiling the water before using it.

Every doctor in Oregon City has from one to five cases of typhoid fever under his charge. Miss Alice Stone, a trained nurse, who was attending Harry Berdine, was attacked by the fever and is critically ill at her home in Casemah. It is feared other cases will develop, as use of the water for the last few weeks has been universal.

John M. Work, member of the National Executive Committee of the Socialist party, will speak at the court house in superior court room this evening at 7:30 o'clock on the subject of "What's so and What Isn't About Socialism." Mr. Work is said to be one of the best Socialist speakers in the party, and will no doubt present the claims of Socialism in a very able manner. The public is invited to hear the lecture.

FIRE CLAIMS 18 VICTIMS IN LONDON

(Special to The Evening News)

London, Dec. 21.—It is definitely stated that eighteen persons lost their lives in a fire which destroyed the great mercantile establishment of Arding Hobbs at Clapton, a suburb of this city, at noon yesterday. Eight bodies have been recovered, and ten individuals are missing who were known to have been in the building when the fire started, and it is believed that they were unable to escape. The search for victims of the fire is going on, as it is almost a certainty that the smoking ruins cover more victims.

Mr. Luce of Portland arrived here this morning to accept a position as abstrator with the Douglas County Abstract company.
