A beautiful souvenir calendar for the year 1910, compiled and arranged by the ladies of the Presbyterian church of this city, has just been printed in the job department of the News office. This work of art carries half a dozen photographs of the new church building and of prominent members of the society. It is arranged in booklet form and has an appropriate quotation for every day of the year. The mechanical work of the edition is also of the highest order, and altogether this souvenir calendar reflects much credit on the ladies who are responsible for its creation. Copies of the calendar are on sale at several business places in the city, and those desiring to secure one should look to the matter early, as the edition is limited.

Quite a number of local citizens are agitating the proposition of making Roseburg a separate road district inasmuch as they believe the tax paid by the property owners in this city should be expended in improving the streets. It is alleged that this money has been spent in the county heretofore with little benefit to the town. We learn from County Assessor Calkins that a little over \$11,000 would be realized from a 3 mill tax levied on the taxable property in Roseburg together with the 1 mill proportion received from the state and county tax. With this amount of cash at hand it is needless to assert that Roseburg's streets would soon present a metropolitan appearance.

The college was never in better condition, he says, and a large attendance is looked for at the winter short courses which begin early in January. Dr. Withcomb complimented this city on the great strides it is making in the way of paved streets and new business blocks, and is firm in the belief that Roseburg has a great future before it.

Mr. Kennedy and wife, of Canada, arrived in the city this morning enroute to Pacific City, Curry county, where the former expects to engage in the hotel business. Mr. Kennedy says that Pacific City was recommended to him as being the metropolis of Curry county, and that a force of 500 men were now engaged at work in that vicinity. From local citizens Mr. Kennedy ascertained that Pacific City was of little consequence, few people having cast their lot in that vicinity. Accordingly the gentleman and his family have decided to remain here until spring when they will investigate the location more thoroughly.

## DEATH IN R. R. YARDS

Many Inexperienced Men are Being Hurt Daily.

## ONE KILLED EVERY DAY

Fatalities Occur Mostly Among the Men Who Are Taking Places Vacated by Striking Switchmen—Report to Governor.

(Special to The Evening News.)  
Minneapolis, Minn., Dec. 29.—Death is reaping a rich harvest in the switchmen's strike. It has been less than a month since the beginning of the trouble between the railway companies and the switchmen, but in that short thirty days over thirty men have lost their lives in the various railroad yards of the roads effected in this state. This condition has become public through a report that has just been made to the governor, and the fatalities are said to have mostly been among the inexperienced men who have tried to do the work of the striking switchmen. Accidental deaths average almost one each day from this source since the beginning of the strike, and there is practically no change in the situation at this time. Railroad officials say that so far as they are concerned the incident is closed, and they will operate the lines without union labor. Labor leaders assert that vital interests are at stake and that unionism will fight the matter to the end. The report of the death rate may cause the governor to take some action toward a final adjustment of the difficulty, and friends of the labor cause hope the executive will not pass the matter lightly by.

## HUNT FOR BURIED TREASURE

Family of Deceased Farmer Find \$12,000 in Garden.

Suisun, Cal., Dec. 30.—The entire Rayn family of Maine, a little town near here, are busy today digging up their front garden in the hope of unearthing more of the fortune buried by Cyrus Rayn, a wealthy farmer, before he died six weeks ago. Already \$12,000 has been found.

When Rayn died inquiry at the banks resulted in the unexpected discovery that the presumably wealthy farmer had not a cent on deposit. One day, a week later, one of the sons, digging in the garden, struck a tin can containing more than \$5,000 in gold pieces. A few days after that another member of the family found a smaller sum at the foot of an old tree. Late yesterday a covered wagon was unearthed, partly filled with silver coins. Rayn was supposed to have been worth \$50,000.

## FREE HOUSEKEEPERS, STORE-KEEPERS, JANITORS

I have it now, a sweeping compound that will meet the most exacting requirements. It is cheaper than you have been using as it has less sand in it and consequently lighter. It will not harm the finest rug or carpet. It will take up all dust from wood floors or covered floors. Unless floors are very dirty it can be used more than once, again reducing cost. Retail at 5 cents per pound. But that you may know how it does its work I will give you a sample package if you will bring this adv. with you. "The man with an axe to grind," and this time I want to know how many of Mr. Bates' readers see my adv.
