Quite a lot of talk is heard on the streets of late relative to changing the city charter and bonding the city preparatory to paying a portion of the streets and adding other material benefits to the city. Let us move ahead.

State Commander Shaw of the O. A. R. delivered an address on patriotism in the opera house last Monday evening, there being a large attendance. Com. Shaw is an interesting speaker and speaks of the hardships of war with authority, having served his time on the firing line, whenever and wherever duty called him. "We are not boasting of our prowess nor are we looking for war, but there's not a nation upon the globe but what respects Uncle Sam," said Mr. Shaw. Gus Peret, the local marksman, satisfactorily demonstrated his ability as a trick shooter and all-around marksman to Mr. Reed, representative of the Peter's Cartridge Co., last Monday. Mr. Reed complimented Mr. Peret very highly on his ability as a "shootist" and intimated that a good position with the Peters people awaited him. But as Mr. Peret already has an offer from the U. M. C. people he is as yet undecided as to which he will accept. Mr. Peret is an excellent marksman with any and all firearms, and if given an opportunity to demonstrate his ability doubtless will in a very short time be ranked with the top notchers and possibly second to none.
