CURED IN 48 HOURS

"I had been a sufferer from hemorrhages for months, experiencing the most intense pain and agony," says Mrs. R. W. Herrman, living at 629 Twelfth street, Sacramento. "I was treated by a local physician for one entire month, but experienced no relief. One day in perusing a daily paper, I noticed an article about the Fer-Don medical experts, and concluded to call and see what they could do for me, as I had made a mistake in selecting my physician before. I felt satisfied that as they had cured others, they certainly could cure me.

"I called at their offices, explained my condition to one of the experts and after an examination, placed myself in their hands. After only forty-eight hours' treatment I was perfectly cured and am today as hale, healthy and hearty as I ever was in my life. I cannot speak in too loud praise of their wonderful cure in my case, and can heartily recommend them to all who suffer as I was doing.

"My husband, kindness itself, was anxious and nervous about my condition at first, but now joins me in all I have said, and is more than pleased at my rapid and complete recovery. He, like myself, was willing to grasp at anything promising a cure, as a drowning man would grab at a straw. It is almost useless to describe my condition, as it is the same old story—dragging pains, constipation, torpid liver, backache and worst of all, nervousness. At times I could hardly drag one foot after the other, and words can hardly describe my suffering. But thanks to Fer-Don's Medical Experts, I am now a well woman."

MRS. P. F. FENWICK, OF OROSI, CALIFORNIA, WHOSE DAUGHTER IS NURSE IN THE HOSPITAL AT VISALIA, HAD A LARGE TUMOR.

For a long time this tumor growth had caused him much pain and worry and the dread of the surgeon's knife had prevented him from undergoing operation.

He came to the Fer-Don medical experts and placed his case in their hands. No knife was used and, according to Mr. Fenwick's own statement, he suffered not the least pain. There was merely an application of one of the secret preparations and in five minutes' time the tumor was lifted from the head and it was all over. "How do you do it?" Fer-Don was asked. "I don't do it," he replied. "Myself nor my brother do not practice medicine here in your state; I do not remove these tumors myself. The European medical experts do these things with the aid of their secret and powerful preparations. At their office they remove many tumors and cancers; they cure appendicitis (in cases where the pus has not formed in the appendix) and perform many other wonderful cures with the syring and other treatments. The knife is never used by these men as their system of bloodless surgery does away entirely with the painful operation."

Only twenty more cases will be accepted. The Medical Expert that accompanies Fer-Don has announced that he will only accept twenty more cases while in Roseburg, as he is so busy with the patients treating he cannot devote his time to many more new cases.

HOWLING MOB HAS NO TERROR

(Special to the Evening News)
CAIRO, March 29.—Several thousand nationalists made a spectacular demonstration before the hotel where Col. Roosevelt is a guest, and above the tumult could be heard the shouts of the men in the street clamoring for "a constitution," and at the same time crying for the overthrow of their autocratic government. The verandas of the hotel were filled with guests who fled in terror to the safety of their apartments, but to the American all this was a very entertaining affair and he calmly remained in full view of the surging throng and viewed their demonstration with apparent interest.

CUTS OFF HIS WIFE'S EARS. To Show His Appreciation of Her Kindness.

CHICAGO, March 28.—Filled with love for her husband and remorse at her causing his arrest, Mrs. Mary Pellinski, of Evanston, a North Shore suburb, on Saturday, obtained his release from jail. Yesterday Pellinski it is alleged, cut off his wife's ears with a razor and then beat her face with his fists. Pellinski was sent to the county jail on March 9 to serve a \$50 fine imposed for assault and battery on a charge preferred by his wife. The police yesterday arrested Pellinski on a charge of mayhem.
