Culp, of Cedar Rapids, Iowa, one of the many homeseekers who are now coming to Roseburg, after endeavoring vainly for several days to rent a house in Roseburg, went to Sutherlin yesterday, where he has decided to locate. He will move his family to Sutherlin as soon as he can provide a home. J. H. Short, of Drew, who spent several weeks at the hospital in this city last fall under the care of a physician, is, according to a letter received by a friend of the gentleman in this city, still in poor health. Jim has hosts of friends in Douglas county who hope to see him restored to his usual hearty self again. G. W. Sloper, the cleaner and presser, has just received his line of spring samples from Ed. V. Price, Chicago tailor, and invites the public to inspect them. The line is one of the handsomest ever received by him and includes all the latest weaves made into the most fashionable attire for men. In a business letter received from Peel this morning the statement is made that J. W. Greenman, who has been suffering from a stroke of paralysis, is improving, or, as the correspondent puts it, "he is still in the ring." Mr. Greenman's many friends in this city will be glad to learn that he is getting better, and sincerely hope for his ultimate recovery.

Stovin, who recently located here from Virginia, is in the city today. Mr. Stovin states that he is busy setting out 100 acres of the farm which he recently purchased in orchard trees. Sheriff Fenton and Constable Fred Wright made a raid on the resorts conducted by Joe Lesma and Redfield Adams last evening. It is understood that several bottles of liquor were confiscated. Horace L. Marsters and family left for Portland last night to attend the laymen's missionary conference which is to be held in Portland, and after attending this conference they expect to go to Silverton to visit Mr. Marsters' father. For information call on S. M. Suffron. John Spaulding came in from his home at Looking Glass this morning to meet his wife and son, who have been at Portland where the latter has been receiving medical treatment. The young man is reported much improved. Mr. and Mrs. Bodie and son Glenn, of Sycamore, Ill., arrived in the city last night and are guests at the home of Mrs. E. A. Shuey. Mr. and Mrs. Bodie are very much pleased with the city. They expect to look the country over and will doubtless locate in Douglas county, and may possibly remain in this city. A lively legal set-to is in progress in the Justice Court this afternoon. Wiley Pilkington and R. W. Pilkington, the black smiths, are suing Manrice Moore and G. W. Prior for \$71.05 alleged to be due from defendants for blacksmith work. The defendants deny the debt and interpose a counter claim. Attorneys Jackson and Steels are arguing the case for the plaintiffs, and Attorney Lee Cannon is retained by the defendants. A. B. Tensdale, of Cassville, Wis., arrived in this city last evening and will look the country over with a view of locating. Mr. Tensdale says that he has been considering Douglas county and its advantage for the past eighteen months ago and desires to secure a small place near the city where he can build a comfortable home and at once enjoy both farm and city advantages. A car of crude smudge oil arrived last night and the fruit raisers are busy hauling it out to their farms today in anticipation of frost. Mr. H. L. Kitchen states the use of smudges reduces the temperature of an orchard six degrees so that the temperature would have to reach 26 degrees before any damage would be sustained by frost. The use of smudges would therefore practically eliminate any danger from frost in Douglas county. The cost of oil is about seven cents per gallon. All of the delegates to the S. D. Adventists conference are in the city, and two business sessions have been held today. The work of organizing the convention has taken up a good share of the time in the first two meetings. Another preaching service will be held in the West Roseburg church this evening at 7:45 o'clock. These services will be of particular interest to all those interested in the study of Bible subjects, and the public is cordially invited to attend. Alex Nibley, secretary and treasurer of the Portland Cement company, is in the city today in the interests of the people who are negotiating for the railroad right of way through the Glangary tract to the lime stone quarry. In speaking of the matter to a News representative, Mr. Nibley said that his company is pushing the work on the manufacturing plant, and will have it in readiness within six months. Before that time, however, it will be necessary to have selected a quarry where limestone may be had, provided that the deal for the right of way falls through. In order that they may have material to work with as soon as the plant at Oswego is ready for operation. In view of the time limit, the right of way for the branch road to the lime deposits near the Glangary properties must be received by the Portland Cement company within a very short time.

TOILET SOAPS

YOU cannot be too careful in the choice of a soap for washing the skin. Some people seem to think that "any old soap" is good enough so long as it will lather. This is a great mistake. The use of impure, poorly made soap is one of the chief causes of rough, chapped skin, especially among children. Many of the soaps offered and sold for toilet use are made from rancid fats and are scented with rank smelling chemicals and oils to cover their true character.

THE value of a pure toilet soap in keeping the skin in a clear, healthy condition cannot be over estimated. A good soap should be made from pure wholesome fats properly saponified and perfumed only with antiseptic healing oils, and balsams. A wash with such a soap gives a delightful sense of invigoration and leaves the skin soft and firm, very different from the burning, smarting sensation caused by impure, poorly made soaps.

OUR toilet soaps are selected with great care. They are made from pure, wholesome fats and are delicately perfumed. They contain no excess of free alkali, so injurious to the skin, particularly the skin of children. We have given the subject of Toilet and Medicinal Soap a great deal of study and feel confident to advise you regarding the choice of soaps, particularly those best suited for persons with tender skin and for children.

Our best soaps for general use cost 10c per cake or 25c per box of 3 cakes. We have more expensive soaps and also cheaper kinds at 5c per cake, 25c per box of 6 cakes of ABSOLUTELY PURE SOAP.
