EUGENE TO COOS BAY Completion of Railroad to Bay Al-most Assured.

EUGENE. Or., April 28,—Word was received today at the office of the Lane County Asset Company from North Bend, where B. F. Kidder, S. P. Ness and M. Svarvarud, have been working in the interests of

her, S. P. Ness and M. Svarvarudhave been working in the interests of the company's proposed line to Coos Bay from here by way of the Sinslaw, that a subscription of 250,000 shares of stock at \$1 a share had been secured from L. B. Kinney, the local promoter of that—place.

The money is subscribed on, condition that it will be spent on the Coos Bay end of the line in making of surveys, securing necessary right of way, terminal grounds, and in the actual construction of a railroad from Bugene to Coos Bay. It is further attrulated that Mr. Kinney may furnish rights of way, terminal grounds, material or labor upon surveys or construction instead of actual payment.

A further requirement is that the eapital stock be raised to 2,000,000, and that the company spend an equal amount of money at the same time to survey and construct from Eugene to Coos Bay.

This agreement practically means the immediate construction of the line. The Asset company already has a crew of surveyors working west from Eugene and options on practically the whole distance. The company also proposes to extend this

line through Springfield and up the McKenzie River, for which a bridge site has been located and a fran-chise in Springfield secured.
