

DIVIDE IN DISTRICTS

Rose Show Committee Hold Another Meeting.

TO ELECT CAPTAINS

Liberal Prizes Will be Awarded to Captains Who Take an Active Interest in The Event—Duties Outlined.

In order that an abundant supply of roses may be procured for the Rose show which will be held in this city on May 12, the first day of the Second Annual Strawberry Festival, the committees in charge of arrangements, at a special meeting held last evening, decided that it would be well to divide the town into fifteen or twenty districts. A captain for each district will be appointed by the soliciting committee with duties outlined as follows:

It shall be the duty of each captain to see that every rose grower thoroughly understands the manner in which entries are to be made. It shall be his duty to create as much enthusiasm in his district as possible and to secure as many and as large exhibits as possible.

Captains doing the best work will be awarded prizes. In awarding these prizes the following plan shall be adopted:

For every first prize awarded to persons residing in his district, the captain shall receive credit for five points. For every second prize three points and for every honorable mention one point. In addition the captain having the largest number of persons making exhibits shall receive five points, the second largest three points and the third largest one point.

The captain getting the largest number of roses shall receive five points, the second largest three points and the third largest one point. Also the captain getting the largest number of named varieties of roses shall receive five points, the second largest three points and the third largest one point.

First and second prizes and honorable mention to the captains securing the largest number of points. The members of the Ladies Auxiliary to the Roseburg Commercial Club held a very interesting meeting at the club rooms last evening. Aside from disposing of regular routine matters and the admittance of several new members, a general discussion prevailed relative to the entertainment features of the Second Annual Strawberry Festival. Included in the programme will be a May pole dance for the school girls and races for the boys. In each liberal prizes will be awarded. It was also

decided to invite every school child in the county to participate in the parade, and accordingly invitations will be sent to the several schools throughout the county at once.

Randall today appointed a committee of business men to confer with officials of the various paper mills, situated on the west side of the river, concerning the employment of foreign laborers. The committee was appointed at the request of members of the Oregon City Commercial Club at a special meeting held last night. The action is attributed to the large influx of foreigners during the past few months.

NO BIDS SUBMITTED

Bond Issue To Be Sold At Private Sale.

BILLS ARE ALLOWED

City Engineer Furnishes Estimate of Cost of Paving Segregated into Streets—Important Ordinance is Read.

Little business of an important nature was transacted at last evening's session of the city council aside from allowing the usual monthly accumulation of bills and the consideration of routine matters. It had been anticipated that considerable time would be consumed in considering the bids for the sale of the \$40,000 bond issue, but such was not the case, not a single bid having reached the recorder prior to the meeting.

Recorder Orcutt explained that he had received several letters from Eastern bonding houses shortly after the bond issue was advertised for sale, and in some instances had furnished certified copies of the legal proceedings as well as copies of the city charter. "Three letters were received later," said the recorder, "and in each instance the firms declared that four and one-half per cent interest was too low, considering the fact that money is somewhat higher than a year ago. The bonding firms also informed the recorder that the customary rate of interest was five per cent, few issues having been taken at a lower rate during the past six months.

Inasmuch as no bids were received Councilman Josephson advanced a motion authorizing the Mayor to appoint a committee of three councilmen for the purpose of investigating the advisability of disposing of the bonds at private sale as permitted under the city charter. When placed to a vote the motion carried unanimously and the Mayor appointed Messrs Strong, Micell and Josephson as members of such committee. They will report their findings at the next regular meeting of the council to be held Monday evening.

Estimate by Streets.

Acting in accordance with previous instructions the city engineer furnished a detailed estimate of the cost of the pavement last evening, segregated into streets instead of in its entirety as heretofore. Plans and specifications were also submitted for consideration and were read in full by the recorder. But one slight change was made in the specifications, that being to the effect that the binder contain at least 50 per cent crushed rock instead of gravel. This alteration was effected upon the request of the Mayor, who said that he believed crushed rock would give better satisfaction than gravel.

Following are the estimates of the several streets to be paved as compiled by the city engineer and submitted to the council last evening.

REPUBLICANS WORRIED

Congressman Harrison's Resolution Revives Trouble.

SHIELDING BALLINGER

It is More Than Likely that the Resolution of the New York Congressman will Precipitate Fight in House.

(Special to Evening News) WASHINGTON, May 3.—Republican House machine leaders are not a little worried today over the action of Congressman Harrison (Republican) of New York, which was presented yesterday, and which calls upon Attorney General Wickersham for certain papers, and data having a bearing on the Ballinger-Pinchot controversy, requested by Attorney Brandeis before the Ballinger investigation committee.

The committee, however, refused to ask Wickersham for the documents. If the Harrison resolution comes to the floor of the house, as it now appears certain that it will, it means that a fight over the matter will likely transpire, and the democrats will then declare that the investigating committee has been trying to shield Ballinger and the attorney general. Some of the

Minor Matters. City Recorder Orcutt reported that he had received no bids for the improvement of Ella street, and consequently it would be necessary to re-advertise for bids.

A petition signed by Charles Harpster and others, asking that two blocks on Pine street, south of Mosher, be paved during the summer was referred to the street committee.

The city recorder was authorized to solicit bids for publishing fifteen notices of street improvement, and award the contract to the person submitting the lowest bid.

The Marshal was instructed to enforce the ordinance prohibiting the shooting of fireworks within the city limits.

regular Republican leaders are disgruntled over the action of the committee, and express themselves in strongest terms. One prominent republican scored the committee and said that the action "put the republicans on the defense," and that it was a thousand times better not to give anyone a chance to shield someone else. Party leaders express themselves as satisfied that the resolution was presented for the sole purpose of giving the democrats the opportunity of manufacturing campaign material for the congressional election this fall.

Guest of Lords.

(Special to Evening News.) LONDON, Eng., May 3.—Peary, the north pole explorer, was a guest of the Royal Club today. Luncheon was served in its palatial home on St. James street, and was attended by prominent scientists, both of England and abroad. There were also many noted explorers present, many of whom lauded Peary as the most deserving explorer of the age. Earl Salisbury, former Lord of High Chancellor, was among the brilliant, as were several noted English lawyers. A reception followed the luncheon and Peary was heartily congratulated on account of his pole exploit.

Mrs. Lulu Shepard, who lectured at the Baptist church last evening, left for Glendale this morning, where she will appear at the Presbyterian church tonight. From Glendale she goes south, finally terminating at Salt Lake City, Utah.
