STEAM SCHOONER BURNS OFF COAST

(Special to Evening News.)
NEWPORT, Or., May 19.—Engineer Hasterol and two members of the crew of the steam schooner J. Marboffer arrived here today bringing news of the destruction of the vessel by fire Wednesday afternoon, and the death of a number of the crew following from the explosion following the abandonment of the schooner on the reef twenty miles north of here. Relief has been sent to Captain Peterson and his wife and nineteen members of the crew, who are encamped on the beach near the scene of the disaster. The ship, which was an oil burner, was working toward Portland from San Francisco in a head-on gale when the fire started. The flames soon drove the men out of the engine room, where the fire started, and the vessel was left to the mercy of the elements and was finally driven on a reef near shore where she struck and burned to the water edge. The crew took to the boats and made their way through the breakers to the beach and there camped, while three of their number were dispatched for aid.

POWDER EXPLOSION KILLS FIVE MEN

(Special to Evening News.)
NANIMO, B. C., May 19.—An explosion in the Separator plant of the Hamilton Powder Company killed five men. The dead are: George Preston, married; Elais W. Agee, married; H. Meredith, married; W. Baldwin, single; Herbert Hugh married. Hugh was foreman of the plant, and the separator plant was wrecked. The explosion was felt for miles away. One mutilated body was recovered and fragments of human flesh were scattered about for many yards.

The case of Woodruff vs the S. P. Company is on trial before a jury this afternoon. The plaintiff, a resident of Canyonville, entered suit to recover the value of certain horses that were killed by the defendant's train at a point on the public highway where the railway crosses the wagon road near Myrtle Creek. It is believed that the case will go to the jury this evening.

In the case of the State vs Morton, the strong man, who was arraigned on a statutory charge, the jury brought in a verdict of guilty this afternoon. Sentence will be pronounced by Judge Hamilton next Saturday. Morton, it will be remembered, was first held in company with Miss Dellart for larceny, but on the young woman testifying that they had lived together as husband and wife without formality of a marriage ceremony, Morton was indicted on that charge.

WALK WITH EASE.

Dr. Manns, the Chiroprapist and Foot Specialist has come to town prepared to remove corns, bunions, ingrowing toe nails. I have the only bunion cure in the world without a surgical operation.

Little Essay of Humane Interest About Corns.

Corn were discovered by Lord Cornwallis at Cornwall in 1738. Corns are composed of five balls, red pepper, toothache, rheumatism, volcanoes, nervousness, heartburn and emosonia all piled up and jammed together with a pile-driver. A corn is a second cousin to the vesicoid. There are too many of such things. They should be cut out, but Dr. Manns don't cut them out, he removes them without blood or pain, no bad results. Corns are an abomination and a burning shame. They will drive a woman to the Chiroprapist and a man to drink. They will drive a man crazy if he has any other troubles; they will drive a four-horse team if they are sore and irritated. Free consultation—All work guaranteed. Office 320 W. Cass street.
