

AFTER OIL HOLDINGS

Resolutions Are Passed At Mining Congress

Taft be requested to take steps toward recovery of the land, were introduced before the American Mining Congress today.

Resolutions declaring for state as against Federal conservation likewise introduced means a spirited fight on the floor.

Officers Are Raided.

BOSTON, Mass., Sept. 28.—Acting concurrently with the police of New York, Chicago and Detroit the Boston officers today raided the offices of the largest curb brokerage firm in the United States, and arrested Capitalists Sheffels, his clerks and managers.

Before the raid occurred the curb brokers learned that something was doing, and the stocks fell rapidly. As a result there were many wild scenes in the street.

Annulled Charges.

MeALLISTER, Okla., Sept. 28.—Federal Judge Marshall today annulled the "town lot" fraud charges against Governor Haskell and other defendants, declaring that the evidence adduced at the investigation was not sufficient to warrant prosecution. This action upon the part

BIG BROKER SHOP IS RAIDED

Federal Judge Marshall Annuls the Charges Against Governor Haskell and Other Defendants—Trials at an End.

(Special to Evening News.)

LOS ANGELES, Cal., Sept. 28.—Resolutions declaring that the Southern Pacific Railroad Company is holding fifty million dollars worth of California oil lands under the actual grant which specifically provides that the said company is not entitled to, and demanding that President

MOBS RIOT IN GERMANY

Newspapers Urge Harsh Measures to Suppress Outbreak

NO STATE CONTROL RESOURCES

Minority Report Will Precipitate Fight—Aerial Navigator Tries for \$10,000 Prize—Biplane Makes a Fine Stray.

(Special to Evening News.)

BERLIN, Sept. 29.—Newspapers, particularly those of the Meabit section, which has been racked by strikers' riots during the last three nights, today called upon the authorities to use the "iron and blood" treatment to prevent further outbreaks. Rioting last night was the worst that has taken place since the beginning of the trouble, and it is estimated that 700 were injured by the sabers of the mounted police who charged the mob. Many of the injured were taken to the hospitals and are in a precarious condition. Among those who are nursing minor wounds are four American newspaper men who were watching the fight. Property damaged by the rioters is estimated at \$250,000. It is believed that other riots will follow as thousands are idle and have joined the mob.

Vote Federal Control.

PUEBLO, Col., Sept. 29.—Federal control of the water power sites in the Western forest was unanimously endorsed today by the committee on resolutions at the irrigation congress. A minority report will favor state control, and its reading will probably precipitate on the floor of the congress, but it is more than likely that the proposition of federal control will be endorsed by the majority of the delegates. Gifford Pinchot is among the speakers who will talk this afternoon.

Chicago, Sept. 29.—In an effort to win the \$10,000 prize offered by the Chicago Record-Herald for a long distance flight from Chicago to Springfield, Walter Brookings started in a Wright bi-plane this morning to fly 137 miles. Brookings' departure was witnessed by thousands of people. The course is over a level country, and Brookings followed the line of the Illinois Central railroad. The bi-plane made a fine start, and it is believed that the flight will be successful.

CITY ELECTION.

Will Be Held in Roseburg Next Monday.

That the annual city election which occurs in this city next Monday will prove a very quiet and uninteresting event appears evident at this time, and there are many voters in the city who are unaware that such an election is to be held. According to the call one councilman is to be elected from each ward, the recorder, treasurer and other city officers holding over.

To date few people have been of the federal judge practically ends the trials which resulted from the sale of lots in Muskogee which are alleged to have belonged to the Indians. Haskell made a stubborn effort to prevent the cases coming up for trial.

Hottelaw Testifies.

CHICAGO, Ill., Sept. 28.—State Senator Hottelaw testified before the Lorimer investigating committee today that his confession that he received \$25,000 to vote for Lorimer was influenced by the fact that he was told that the Springfield perjury indictments against him would be quashed if he confessed.

State Representative Beckemeyer testified that Leo O'Neil Browne handed him \$1000 in St. Louis, remarking, "Here is your Lorimer money."

Bryan Heard From.

KANSAS CITY, Mo., Sept. 28.—Bryan today, commenting on the republican platform adopted yesterday at New York, said that Roosevelt's brand of progressiveness is not what Westerners call insurgency.

THAT HOME RULE BILL.

Hon. B. L. Eddy will speak Thursday night at 7:30 in front of the Douglas National Bank building on the Home Rule Bill. Be sure that you hear him. s-29

mentioned as prospective candidates, and in some of the wards it looks as though the jobs would go begging.

In the first ward Frank Clements retires, and in the event he declines to become a candidate for reelection the position will probably fall to John T. Long, who is frequently mentioned by the voters of that district.

In the second ward, Charles Patrick retires, and from gossip, he has emphatically declined to accept another term. Who will accept the place is not known at this time.

In the third ward Councilman Bounds retires, and it is said that Dr. George E. Houck has consented to run. According to politicians he will have no opposition, being acceptable to both the "dry" and "wet" element.

In the fourth ward Councilman Strong retires, and it is generally whispered that he has utterly refused to accept another term. Other prominent persons mentioned for the office are C. L. Hadley and Walter Hamilton.

In the fifth ward Alva Bellows retires. He will probably be given a second term without opposition should he accept the honor at the hands of his friends.

In the sixth ward Councilman Mullen retires, and it is said that he will run for reelection. According to statements of certain politicians Mullen will have opposition. The identity of the prospective candidate, however, is held from the public at present.

DISTRICT FAIR RACES.

Fine Crowd, Good Clean Sports for Everybody.

There never was a better day for watching the races, and today was a notable one in the harness racing annals of Southern Oregon. The grand stand was crowded to its capacity by the youth and beauty of Roseburg and Douglas county, while scores of veterans whose grey locks told of fleeting years were present, showing that interest in this distinctive American sport had not abated with the passing of youth's bloom. Beneath the oaks in the natural amphitheatre overlooking the track hundreds of interested people sat in the shade and enjoyed the racing events.

Shortly after 2 o'clock the first race for the afternoon, the 2-2-3 race was called. There were four entries and after a couple of scores came up to the line and were off. The heat was won by Martin, owned and driven by F. P. Norton, of Marshfield, time 2:20.

The second heat of this race was also taken by Martin, as was the third, giving Norton first money of the \$300 purse.

In the 2:20 trot there were four to start, Dolly McKinley, owned by R. W. Clark; Flament, Jr., black stallion, owned by Fred Woodcock, of Albany; Detroit, brown mare, Stopenfield, owner, and Phyllis Wynn, bay filly, F. E. Alley, owner. It was a pretty race, the first heat being taken by Flament, Jr., in 2:29. In the second heat Dolly McKinley took the race from the stallion in a spectacular finish, winning by a neck in 2:27. The third heat was an exciting race, Detroit leading the quartet, but at the half mile post Phyllis Wynn, Wilson, up, forged to the front and held her lead in a closely contested race finishing in 2:24 1/4. The beautiful little mare was lustily cheered by a thousand admirers as she was brought before the judges stand for recognition.

The fourth heat of the 2:20 trot was taken by Dolly McKinley, giving her first money.

Five-Eighths-Mile Dash.

Four thoroughbreds lined up below the five-eighths post to contest for the \$200 purse. There was no question about the interest, and everybody enjoyed the race which was won by Carl P., time 1:02 3-5.

Mile Dash.

There was somewhat of a departure from the published program in this race, Kline Kohr not starting, which was a disappointment to the many fanciers of the sorrel stallion, who missed him greatly. The race, hotly contested, was won by Victor, owned by Mrs. L. Galbraith in 1:43, which is the fastest record for the track.

Good races are promised for Friday, and it will pay you to lay aside business cares and go out and pass a delightful day with your friends at the fair.

It would be a good idea for the management to sprinkle the road between the city and the grounds, do it early Friday.

WANTED.—salesmen. Many make \$100 to \$150 per month; some even more. Stock clean, grown or reservation, far from old and new ridden orchards. Cash advance weekly. Choice of territory. Address Washington Nursery Co., Trenchard, Washington.

COAL MINERS STRIKE

Four Hundred Men at Roslyn Walk Out

UNION PRESIDENT FIRED

Company Claimed Right to Employ Weigher, but Miners Thought Different—Roosevelt Band Wagon Crowded.

(Special to The Evening News.)

ELLENSBURG, Wash., Sept. 29.—Four hundred coal miners are on a strike at the Roslyn mines and possibly a thousand more will be induced to join the strikers. The operators of the mines, which are owned or controlled by the Northern Pacific railway company, discharged a weigher, who in this instance happened to be the president of the miners' union. The miners insisted that the company was not entitled to choose its own weigher and a walk-out followed.

N. Y. Democrats Convene.

ROCHESTER, Sept. 29.—Although the democratic New York State Convention opened here today the general opinion among politicians is that the state will not be perfected until tonight. Charles Murphy, a Tammanyite, who dominates the convention, says that he has no one to put forward as a candidate. Edward Shephard, of Brooklyn, is apparently leading for governor.

Get On Band Wagon.

SARATOGA, Sept. 29.—The Roosevelt band wagon is already crowded and more constantly clambering up, and it is plain that his faction will select the ticket at the closing of the convention. A complete re-organization of the republican part in New York state is predicted, and party management will be placed in new hands, while the old leaders will be dropped. It is asserted that Herbert Parsons will be chosen as state chairman to succeed Woodruff. Roosevelt declared that the platform adopted yesterday was progressive, but the radicals, however, assert that it is more favorable to the administration than otherwise.

GOT THEIR "WIGGS" MIXED.

Blonde and Brunette Exchange Headgear.

VANCOUVER, Wash., Sept. 28.—In the darkness of their Pullman berth—the ill-fated lower 7 again—two young women who boarded a North Bank train at Spokane last night carelessly exchanged their hair ornaments, which, because one is a decided blonde and the other a pronounced brunette, caused unlimited amusement among other passengers, provoked an outburst of laughter from a local street conductor, brought forth smiles from persons whom they passed on the street and created confusion, bordering upon riot, to the girls themselves, when they glanced into a convenient mirror at the St. Elmo Hotel this morning.

Both women were well dressed and either would have attracted more than passing attention because of her striking beauty, alone. They hastily retired to their room, following the discovery of their predicament, and did not appear again until late this evening, when their tresses, from all outward appearance were of natural growth.

The girls afterward admitted that they were aware when they retired to their berth yesterday evening and that the matter did not get their attention until the train was due within 20 minutes, to arrive at Vancouver. In their haste to dress, they explained, they accidentally made the exchange that proved so disastrous to their personal appearance.

I. B. Riddle, M. F. Rice and B. W. Bates returned this morning from Coos county where they spent the past several days visiting at points on Coos Bay and at Coquille City and Bandon. The trip was made in Mr. Riddle's automobile and the journey proved a delightful outing for the party. The roads between Roseburg and Myrtle Point are receiving considerable attention and much substantial road building is in progress. Especially is this true over in Coos where a large number of men are steadily employed doing a class of road work equal to any in the state. While some sections of the thoroughfare between this city and Myrtle Point still remains in a bad condition a great

amount of substantial work has been accomplished and if the two counties would co-operate in carrying on the road building, within a brief time this city would be connected with the principal points on the coast with a road equally as good for travel during the winter months as it is at this time of the year.

OFFICIAL RETURNS.

Results of Election Determined by Clerk.

Compilation of the official election returns for Douglas county was completed late this afternoon and show the following results:

Republican Returns.

For Congress—
W. C. Hawley 646
B. F. Mulkey 486
For Governor—

If you want something strictly up-to-date in Suits, Skirts, or Long Coats, don't fail to call and inspect our nobby line of samples, and cuts, of made to measure garments. We are representing one of the oldest and most reliable Ladies' Tailoring companies in Chicago. Everything made to your own measure, and a perfect fit guaranteed. THE FAIR.

Manhattan Shirts, Stetson Hats, Keiser Neckwear, Staley Underwear, Home of Regal Shoes.

Lest you forget, we keep every Suit we sell to you Pressed Free.

Benjamin Clothes
Alfred Benjamin & Co. 1215 1/2
Copyright 1910

Most of the men we know have a way of arguing with themselves about the style of suit they are going to wear for Fall and Winter.

Some of them, (we're told) are strongly in favor of a fairly loose back style, while a great many, especially the Young Men, prefer the semi-form fitting model which we picture here.

It is called the Seabright and is one of a younger generation of clothes which simply is irresistible. Every thing about the Seabright is of such a decisive nature and it illustrates so nicely what remarkable productions "Benjamin Clothes" are, that our enthusiasm over them quite runs away with us.

The Seabright is a Three-Button Sack Suit which has been in great demand in New York for some time, and we predict a flattering reception for it in our city after today. While "Benjamin Clothes" are built by the very best clothes talent which New York can supply, and while the styles are precisely like the most exclusive Fifth Avenue Tailors are putting out, they are moderately priced.

Any Young Man who will come to us and "try on" a few patterns in this Seabright model will be the most enthusiastic fellow outside of New York City. They're all "worked up" over it there.
