### Philadelphia Republicans Will Therefore Defeat T. R.

## MAY SETTLE EXPRESS STRIKE

### Strike of the Garment Workers in Chicago Far From an End—Employers Insist on An Open Shop.

(Special to The Evening News.)  
NEW YORK, Nov. 3.—That republicans are contributing to the democratic campaign fund hoping to thus defeat Rooseveltism in New York, was asserted today by State Chairman Huppuch. As a proof of his assertion he published a letter from H. B. Bartol, of Philadelphia, a republican, who enclosed a contribution to the democratic fund. The letter says that Roosevelt is a dangerous man and not fit to be trusted, and scores him in this language: "When a former president of the United States attacks the supreme court it shows that he is dangerous and not fit to be trusted with authority." Roosevelt is at present on his way to Iowa and Ohio where he will deliver several campaign speeches.

### Hope for Settlement.

NEW YORK, Nov. 3.—Prospects for an early adjustment of the express drivers strike are bright today. A conference was arranged for this afternoon between the companies and the strikers, and if the trouble falls to the mayor or the city will try to secure ar-

## Demand Open Shop.

CHICAGO, Nov. 3.—Destruction of the open shop is the only thing which is preventing the settlement of the garment workers' strike, according to a representative of the State Board of Arbitration which is endeavoring to secure a settlement of the trouble. The strike leaders told the board today that they are willing to settle by arbitration, but will insist on recognition of the union. On the other hand the employers maintain that the open shop must be recognized by the union. It is doubtful if the question can be settled until one or the other recedes from their position. Police have been ordered to maintain peace and quiet in the strike district.

## REVOLUTION IN SPAIN

### Will Render Assistance to the Royal Family and English Subjects—Martial Law is Declared in Honduras.

(Special to The Evening News.)  
LONDON, Nov. 3.—Spain is a cauldron of seething revolt today, and despite the strictest censorship it is a recognized fact that the revolutionary movement is spreading. An extra force of 20,000 men has been added to the Madrid garrison, and the forts at Barcelona have also been reinforced. The pick of the Spanish army has been stationed in the strongholds to serve as a check upon the revolutionists. The military police have been provided with rapid fire guns, and the long predicted strike among workmen, begun at Barcelona, is spreading throughout the country, and thousands of laborers are idle. Among the reports that reached the French frontier last night was one to the effect that King Alfonso had been assassinated and that members of the royal family had fled. While the rumor could not be confirmed it nevertheless shows the disturbed condition of the country. The English Admiralty office has ordered Western Mediterranean and the Eastern Mediterranean fleets to concentrate near Spanish ports to be ready to assist the royal family and afford protection to British subjects in case of necessity.

## Martial Law Declared.

WASHINGTON, Nov. 3.—Advises that martial law had been declared in Honduras were received at the state department today from Commander Hays of the U. S. gunboat, Princeton, and the message stated that the affairs of the republic were badly muddled. Insurgents are in full swing, while all foreign interests are threatened. It is almost a foregone conclusion that the United States will be compelled to intervene to protect her interests, although further action on the part of the Honduras government will be awaited.

## THE STRAIGHT TICKET.

One of the most enthusiastic republican rallies held in Douglas county for years, occurred at Yoncalla last evening, when Congressman W. C. Hawley, candidate for re-election, and George Neuner, candidate for representative from Douglas county, addressed the voters regarding the issues attendant to the present campaign. Both gentlemen won favor at the hands of the Yoncalla republicans, and it was the general expression that the latter will stand pat on November 8, and vote the straight republican ticket. In fact, the republicans of Yoncalla say that Quine, Fullerton and Emery will carry that precinct by a large majority, principally through the manipulation of the Wonnacott-Lenox-Review machine. The entire republican ticket will win on November 8 is the prediction of Yoncalla republicans.

Mr. Reed made The News a cordial call this morning. The gentleman is one of the foremost business men of Gold Hill, being identified with the banking interests and the water power company there. No little excitement occurred at the corner of Pine and Cass streets shortly after 11 o'clock last night, when Elmer Staley, son of George Staley, was attacked by a fellow by the name of Charles McCurdy, and seriously stabbed. McCurdy fled immediately following the affray and up to a late hour this afternoon has succeeded in eluding the officers who are in pursuit. According to persons purporting to know the facts regarding the occurrence, Staley and McCurdy engaged in an altercation with the result that the latter became angered, and whipping from his pocket a jack knife, attacked Staley who was unarmed. During the melee that followed Staley sustained several injuries, the most serious of which is a cheek wound. Several minor cuts about the body and legs indicate that McCurdy was bent on making good his attempt, but became frightened and fled before succeeding. Immediately following the affray, Staley was carried to the Lewis cafe, where he remained until such time as arrangements could be completed preparatory to his removal to the hospital. Dr. Hoover has charge of the case and says that Staley will probably recover in a few days. As near as can be ascertained McCurdy recently arrived here from Yoncalla where he has resided for some time. He was given employment at a local livery stable, but on account of an over charge of "booze" he was compelled to lay off yesterday. He was arrested at the Central hotel this afternoon by Constable Wright.

## FOR COUNTY TREASURER.

To the voters of Douglas County: Having received the republican nomination for the office of County Treasurer of Douglas county, at the primary nominating election held September 24th, 1910, I hereby announce my candidacy for re-election to said office. I have endeavored to conduct said office in a business-like and economical manner. Not desiring to close my office to make a campaign, I hereby solicit your suffrage and vote for re-election.

I am a friend of the direct primary law, and availed myself of its provisions by having my cards printed May 24th, 1910 (two months before the republican assembly endorsed my candidacy) followed by a published announcement which was run as a regular advertisement until election day. ## MURDERED, ROBBED

### Salem Real Estate Man Shot at Night

## ON LONELY ROAD NEAR CITY

### New Revolver Found Near Scene of Crime, and Police Believe Murderer was Acquainted With Victim.

(Special to The Evening News.)  
SALEM, Or., Nov. 3.—A determined search was begun today for the slayer of J. F. Roberts, a real estate man, who was shot and killed and then robbed of approximately \$5,000. The murder was committed while Mr. Roberts was enroute to the home of his brother to pay off a debt on the farm, and was near the reform school. It was late when Roberts arrived at the bridge near the reform school, and after the crime was committed the murderer fled under cover of the darkness. The police are of the opinion that the murderer is a resident of Salem, and that he was acquainted with Roberts and knew of the contemplated trip. This theory is based on the fact that a new revolver, from which three shots had been fired, was found near the scene of the crime. A satchel was also picked up in which was found \$193, and which gave evidence of having been hastily searched. Roberts, when found by Earl Gardner a short time after the shooting, was still alive. He was hurried back to Salem and placed in the hospital, but died within an hour without regaining consciousness. He was shot in the head.

Aresaman, minister from Panama to the United States, who said that the independence of Panama is guaranteed by the Hay-Bunau-Varilla treaty, and that annexation would not be considered by the president. The reports that annexation is the only solution of the Panama problem is erroneous and not founded on facts. ## Draper and Tailor

That's what the old time clothier put on his sign. A tailor sewed seams, a draper hung clothes. Nowadays we say clothier and that's all. We've learned to look for drapery, it's what makes or spoils an otherwise well tailored garment. Drapery doesn't necessarily mean a lot of folds and fullness. If you'd like to see perfect drapery try one of our Harth's Toggery suits or overcoats. They drape and hang with balance, that means fit and style, and it's tailored into the clothes so that it's part of them, never comes out.
