LOCAL NEWS.

A. L. Barnes, a recent arrival in this city, has purchased the Strange printing material and will open a job printing establishment in the building formerly occupied by W. B. Hammitte, and situated on Oak street, in a few days.

The members of the county court will convene in regular session tomorrow morning at 10 o'clock. No business of great importance is scheduled for consideration, and it is probable that adjournment will be taken within a couple of days.

The recital to be given on Wednesday night of this week by Fred Emerson Brooks, at the Presbyterian church will be a treat. Parents should take their children to this high class entertainment. School children will be admitted for 25 cents.

The northbound passenger train leaving here at 1:50 o'clock yesterday afternoon was delayed nearly three hours at Sutherlin as the result of the derailment of the locomotive and tender. Train No. 49, due here at 5:30 o'clock last evening was held up by the wreck and did not arrive here until nearly 7 o'clock.

The Drain State Bank this morning filed a suit in the circuit court against the Skelly Lumber Company, in which they ask to recover the sum of \$2,119.85, alleged to be due on a promissory note. Aside from the principal the plaintiffs ask interest at the rate of eight per cent from the date of execution of the note. Attorneys Fullerton & Orcutt represent the plaintiffs.

The local lodge of Eagles held a very important meeting at their hall, on Jackson street, last evening. At the conclusion of the regular business session, A. C. Marsters delivered a brief address in which he called attention to the benefits that will be derived by the coast cities following the completion of the Panama canal. Other local orators also spoke on subjects of interest to the members of the order.

Publicity Manager Schlosser, of the Roseburg Commercial Club, today received a letter from J. F. Brallier, of Seattle, in which the writer submits a proposition in hope of interesting local citizens in erecting and maintaining a woolen mill in this city. Mr. Brallier suggests that an incorporation be formed with a capital stock of \$50,000, thus allowing ample money with which to purchase the necessary site, erect the buildings, equip the plant, and defray such other obligations as may be necessary. Mr. Brallier says that he will invest \$5,000, and will also sell to the company the necessary machinery at a very low figure. He estimates that the site can be purchased for \$3,000, the buildings erected for \$8,000, and the machinery bought for \$10,000, thus leaving \$9,000 of the paid up capital stock of \$50,000 as a working fund. In order to take advantage of Mr. Brallier's offer, however, it will be necessary to elect him manager of the business at a liberal salary. It is probable that the proposition will be brought up for consideration at a future meeting of the commercial club, at which time some definite action will be taken.

A great bargain, considerably below cost is a Plate Rack for \$1. These racks are of best selected oak in weathered and golden. If you will expect to want plate racks this spring when house cleaning comes, buy these racks while they last.

\$1.25 Racks 60c

These are of oak in golden finish. Truthfully this is a better bargain than the first.

LOCAL NEWS.

This is a good time of year for the Rose Club to get busy.

John Whitsette, the recently appointed janitor at the courthouse, assumed his duties this morning. "Dick" Hewes, former janitor, has been promoted to foreman of the "chain gang", comprising all prisoners who are sentenced to terms in the county jail for minor offenses. Mr. Hewes has four men under his command today, and suffice to say that they will be compelled to earn their board and lodging.

WASHINGTON PARTY.

Myrtle Creek Bay View Reading Circle Entertains.

One of the most delightful social functions of the season was the Washington party given by the ladies of the Myrtle Creek Bay View Reading Circle, Tuesday evening, February 21, at the beautiful home of Mr. and Mrs. S. S. Johns. Each member of the club who was so unfortunate as to possess a husband was expected to bring him with her, while her sister, free from such entanglement, had the privilege of inviting a gentleman friend to accompany her, thus it happened that the company numbered about a score. The different rooms of the home were tastefully and appropriately decorated with pictures of the father of his country, flags of various sizes, and the proverbial hatchet with which the youthful George is reported to have hacked the cherry tree, (probably a Royal Ann), which historic event has come "thundering down the years" as revealing a characteristic of the embryo hero of the Revolutionary war that differentiates him from many so-called "patriots" and "statesmen" of modern times. The reader will recall that Washington could not tell a lie. Some present day statesmen—but we digress.

By way of amusement for the fair entertainers the awkward men were put through a series of stunts that provoked unfeigned mirth and caused the ensuing hours to flee on speedy wings until the luncheon was announced about the turn of the night. This feature of the thoroughly enjoyable program revealed clearly what the self-styled "lords of creation" are best adapted to—the preservation of delicate edibles. It is needless to say that the luncheon testified anew to the culinary efficiency of the evening's entertainers and their guests will long remember the supreme happiness of the occasion and continue to congratulate themselves on being among the elect.

Those present were Mr. and Mrs. S. S. Johns, Mr. and Mrs. C. O. Nelson, Mr. and Mrs. Merry West, Mr.

and Mrs. E. J. Fairbanks, Mr. and Mrs. S. C. Hunter, Mrs. Inez Miller, Misses Alice Johns, Inez Hunt, Abbie Bond and Orilla Peters and Messrs A. C. Daig and Floyd Roador. X. X. X.

WRITE THAT LETTER.

Tomorrow is the first day of March and people all over the state of Oregon are preparing to write letters to friends in the East calling their attention to the attractions and resources of the different parts of the state. Roseburg and the Umpqua Valley have as much to offer as any other place in Oregon, and the people of this community should follow the general plan, and write to some friend "back home" and encourage him to come and bring the family with him. The Portland Commercial Club is furnishing stamps to all that will write—the citizens of Medford and Grants Pass have made special preparation to send out the biggest mail ever, and every patriotic citizen of Roseburg and Douglas county should see to it that this locality is not neglected and that the friends in the East are notified that Roseburg and Douglas county are on the map, and mighty anxious to have them learn where the "best in the West" really is.

we may accomplish refund at an early date.
