FOR SALE—Alternate 5, 10 and 15 acre tracts of fruit and garden land to suit purchaser, the owner reserving alternate tracts and the 20 acre the buildings are on. North and northeast 89 is naturally adapted for raising apples, pears, and the like, because north and northeast slope over green cedar atmosphere, which is the best for raising harder and better flavored and longer keeping fruits. Another advantage is that the 150 acres is favorably located in its topography and distinct from surrounding country, so that there has not been early and late spring frosts to injure fruit and garden vegetables, which adds materially to the worth of our land. There is a creek of cool mountain water running through the land, and also some springs of good water. Apply early before the boom is on. The prices now are \$30, \$40 and \$50 per acre. The ranch is located on the Roseburg and Coos Bay wagon road and stage line, 12 miles west of Roseburg, and is 5 miles from Looking Glass. Inquire on the ranch, or address James Inman, Looking Glass, Oregon. dtf
