THE HAM AND THE VEGETABLE

TALKING about Ham, the man that discovered the Swift Premium process of raising, fattening on good old Iowa corn, and curing ham in a scientific manner has made good. Swift Hams have a quaint flavor that is pleasant to the taste. He was not a man that discovered four hams in a hog, no, no, Swift Hams are all ham, two only from one hog.

A LITTLE VEGETABLE TALK

Says the Beat to the Carrott if you'll Lettuce we'll Cell-e'ry head of Cabbage a Ripe Tomato so they can catch up with the Cauliflower, the Onion says I am a strong second, but the Swift Ham says do you think the frost will hurt the pumpkins, and the Pepper got hot because the Bean says you are stringing us--wouldn't that make you Redish.

We do keep a good assortment of vegetables, and can most always give you the freshest and best the season affords. We have ripe tomatoes, cauliflower, celery, lettuce, cabbage and all kinds of underground vegetables, also seed.

Besides using the general delivery we run a wagon of our own for accommodations on rush orders and suburban calls. No matter where you live or where you buy, come in, come in and see our stock and ask our prices. Remember there is some satisfaction in knowing that what you eat is pure food, clean and wholesome.

Pure Gold Butter, Is just as Good as the name implies. Better leave a standing order, for it's in great demand.
