by paying one dollar for 8 ounces of old style hair tonic when 14 ounces of **REXALL "93"** hair tonic can be bought for the same price, and the Rexall "93" is a superior article.

The Rexall line of medicines and toilet articles are made by a great co-operative society and the goods are all handled directly from factory to consumer through the local agency.

There is only one Rexall store in the town and consumers can buy from the Rexall store at a saving of 25 per cent to 50 per cent on their drug store purchases.

Where quality is superior and full measure is always given is a good place to buy.

MR. FARMER.

Why pay a peddler \$25.00 to \$50.00 more for a buggy or hack, when you can buy a better job for that much less money from your home dealer. If you buy from a peddler, he sells you today and is gone tomorrow. His guarantee lasts just as long. He has to get a big price for his goods, as he is at a big expense all the time, and if he takes your note, he makes the price so high so he can sell it to a bank at a discount of from 15 to 20 per cent.

Do those "peddlers" pay any taxes to help build and keep up your roads? Do they buy any of your produce? Are they any benefit to you or your county or state?

Think it over, and if you are going to buy a buggy, hack, or wagon get our prices first.
