ROSEBURG'S NEW ENTERPRISE.

When asked by a reporter for this paper if going into the piano business on so large a scale was not an extraordinary business proposition for a firm operating a general store to do, Messrs. Rice & Rice responded as follows: "We have been watching the piano business as conducted on the Pacific coast for some time, and we knew that the people as a rule were paying too much for the actual piano value they were getting. We have always felt that one of our home merchants ought to handle a good high-grade reliable piano, such as we have found in the S. W. Miller piano and player piano, and buy it direct at the factory and sell direct to the home of purchaser. We knew by adopting this system of buying and selling direct that we could save the piano-buying public the jobbers' and agents' big profits and we are proving it right along to each buyer of the artistic S. W. Miller piano which can be bought only at the store of Rice & Rice."

RECIPROcity vs. COMPETITION.

Mutual dependence makes people sociable and polite, and our morality is predicated upon our identical interests. Notwithstanding a man's wealth, if he is oblivious to everything but self, he is an ignoramus, a would-be aristocrat, who is unworthy of cognizance by an enlightened and refined people. It is for our well being to be honorable, respectable and aspiring to higher attainments, socially, morally, intellectually and financially. We sometimes find our mistakes and correct them. After a consuming fire has devastated our tenements we build better. When a man assumes that society cannot get along without him, we let him go and sometimes pay him to go. Reciprocity invokes municipal laws, sanitary laws, marine laws and so on through the whole category. While we regret that some are guilty of everything in the catalogue of crime, yet we are prone to remove the causes and place a quarantine around them and call the law into requisition for our protection. —L. C. HILL.

MR. FARMER. Why pay a peddler \$35.00 to \$50.00 more for a buggy or hack, when you can buy a better job for that much less money from your home dealer. If you buy from a peddler he sells you today and is gone tomorrow. His guarantee lasts just as long. He has to get a big price for his goods, as he is at a big expense all the time, and if he takes your note, he makes the price as high as he can sell it to a bank at a discount of from 15 to 20 per cent.

Do these "peddlers" pay any taxes to help build and keep up your roads? Do they buy any of your produce? Are they any benefit to you or your county or state? Think it over, and if you are going to buy a buggy, hack, or wagon get our prices first. J. F. BARKER & CO. CLASSIFIED ADVERTISEMENTS WANTED.
