WILL BE SIGNED

Bill Increasing Membership of the House.

DEMANDS ARE TODAY DENIED

General Manager Calvin, of The Harriman System Refuses Demand of Espee Employees for Less Hours and More Pay.

(Special to The Evening News.) WASHINGTON, Aug. 5.—It was predicted today that the re-appointment bill increasing the membership of the house will be signed very soon by the president now that the house has agreed to accept the senate amendments to the measure, despite the fact that it is regarded in some respects as a democratic bill.

Although the democrats secure gains in representation in the South, it is pointed out that the gain of six members from New York alone should tend to balance up matters from the republican viewpoint and for this reason it is believed Taft will not hesitate in signing the measure.

The most important amendment is that which permits redistricting of congressional districts by initiative and referendum instead of by legislative action in states where these laws are in force.

Increase Is Rejected.

SAN FRANCISCO, Aug. 5.—Following the refusal of General Manager E. E. Calvin, of the Harriman system, yesterday to grant the demands of Espee employees for shorter hours and higher pay the next move by the employees is being awaited with interest here today.

Calvin's distain followed a lengthy conference with a committee of the federated employees. An eight hour day and 7 per cent increase in pay for helpers and semi-skilled workmen all over the system was asked. The new schedule, if granted, would have meant a total yearly increase of between \$1,800,000 and \$2,000,000.

The university has been deprived of much of its income through the operation and diversion of the new tax and mortgage amendments.

COLONEL TALKS

Roosevelt is Called Before the Stanley Committee.

SERIOUS RIOTING IS REPORTED

Police Are Stoned By Strikers—Hotel Housing Strike Breakers Is Attached—Espee Men To Appeal.

(Special to The Evening News.) NEW YORK, Aug. 5.—Theodore Roosevelt, ex-President of the United States, was the principal witness to appear before the Stanley investigating committee today.

Roosevelt appeared voluntarily when asked by Stanley to tell what the steel magnates told him in 1909. Drawing a big manuscript from his pocket he read slowly and distinctly. It reviewed the business conditions which were panicky, and told of how the officers of the steel trust and the Colonel conferred with Attorney General Boneparte and Secretary Root.

"I wish it distinctly understood," said the Colonel, "that I acted wholly on my own initiative and consequently I wish to accept full responsibility. A panic was due to unreasonable fear and the way to stop it was to restore public confidence. I had to act instantly, and I believe such action was for the public good."

Serious Rioting Reported.

DES MOINES, Iowa, Aug. 5.—Serious rioting today marked the opening of the street car employees strike. The company had several hundred strike-breakers on hand, but the temper of the strikers and their sympathizers over awed them and no attempt was made to move the cars. Five thousand men and boys overpowered the police and stoned the hotel in which the strike breakers are housed.

Employees Will Appeal.

SAN FRANCISCO, Aug. 5.—Refused shortened hours and an increase in pay by General Manager Calvin, of the Harriman lines, the shop employees belonging to the Federation are today planning to take their grievances direct to General Manager Lovett, head of the system.
