(Special to The Evening News.) SALEM, Ore., Aug. 19.—Nothing having arisen to warrant his commuting the sentence of Jesse P. Webb who, the court decree, must hang on September 5, Governor West today declares that he will not interfere with the execution of the decree.

I really didn't mind providing the suits, but when he forced me to read letters his affinity wrote I calculated it was time to quit."

This statement made to Judge Conley won an absolute divorce for Mrs. Anna Bennett from her husband, John.

He also asserts that he loaned the defendant the sum of \$100, of which he previously recovered \$25. Other than the principal the plaintiff requests interest at the rate of 6 per cent as well as the costs and disbursements incurred in bringing the action. Attorney John Long represents the plaintiff.

Corruptness Is Charged by Senator LaFollette.

INTRODUCE R. R. RESOLUTION

Congress Will Adjourn Next Tuesday Afternoon—Government Ownership of Railways Is Urged By Senators.

WASHINGTON, D. C., Aug. 19.—Asserting that the United States Supreme Court had yielded to the big interests and had written into the anti-trust law matter which Congress had never placed there, Senator LaFollette, in an address before the Senate today introduced and discussed a sweeping series of amendments to the Sherman law which was designed to make any restraint of trade unreasonable.

Also Railroad Resolution. WASHINGTON, D. C., Aug. 19.—This afternoon Senator LaFollette offered a resolution declaring it the sense of the Senate that the government should own the Alaskan railroads, together with terminal facilities. He said he would explain the resolution Monday.

To Adjourn Tuesday. WASHINGTON, D. C., Aug. 19.—Concurrent with the presentation of a resolution fixing Tuesday afternoon as the time for Congress to adjourn, a favorable recommendation was received from Chairman Warren of the Senate committee on resolutions.

EXPECT BIG RUSH. Railroads Preparing Special Colonist Rates.

CHICAGO, Aug. 19.—Preparations are being made by Western railroads to handle an unprecedented movement of land seekers to the Pacific Coast states this fall. Special colonist rates are in effect from September 15 to October 15. These rates are usually made twice a year, in the spring and in the fall, and range from \$33 from Chicago to \$25 from the Missouri river for one-way trips.

During the colonist movement in the spring nearly 90,000 persons traveled to the coast, according to estimates. Present prospects are that the movement this fall will even exceed that number.

OPERATING AT PORTLAND. Promoter of Road to Coos Bay in the Limelight.

Coos Bay Harbor: G. F. Averill, promoter of this place, is now operating in Portland and is endeavoring to float the class of bonds he induced a few Coos Bay suckers to buy last year. He plans (on paper) to operate a system of gasoline motor cars to be run on specially built tracks having a capacity of about 25 passengers or an equal amount of freight. He claims to have rights of way secured from the headwaters of Coos river to Roseburg and proposes to begin construction at once. Last year he flooded the country with literature offering stock for sale with the understanding that all money paid in was to be expended in construction. He also promised to have the road in operation July 1. Blank notes of \$100 each were sent and a number of people signed them. These notes are unconditional, and if their makers are worth their value are collectable. Averill defrauded the class of bonds he induced to buy, and as security gave six of these notes. He now attempts to get possession of these notes by offering his personal note secured by a bond in the new company for \$1,000. This has been refused, and he was told that he would be expected to take care of his account or the notes would be collected by law. This of course would mean a case for the district attorney to look into, and in all probability the grand jury might make a few inquiries also. It can be easily proven that the notes were procured by fraud and that

would mean a serious offense. Hence it is obvious that Mr. Averill secure control of the notes. Business men who have looked into the motor traction scheme declare it impractical, and further say that the operations of Mr. Averill have every appearance of wildcatting in the rankest form.

Mr. Averill has as his associates his son and W. P. Evans, formerly of this place and former president of the Rapid Transit Company, the Kinney corporation which put so many Coos Bay people on the bankrupt list last year. This paper is not given to condemning without cause, and, therefore, we sincerely hope that the people of Coos Bay at least will refuse to lend capital to this scheme.

President Taft Signs Campaign Publicity Measure—Provides for Complete Publicity of House and Senate Candidates.

(Special to The Evening News) LONDON, Eng., Aug. 19.—More than a quarter of a million men are on strike in this city today, and as a result business is practically paralyzed. Provisions in London are as scarce as in Liverpool and suffering among the poorer classes is intense.

Admitting that both the railways and the subways are practically tied up, the officials of the companies assert that two-thirds of the employees operating in London are remaining loyal to the companies and are in readiness to lend the operators such assistance as is possible. Transportation facilities show somewhat of an improvement over yesterday, presumably due to the reason that hundreds of strikebreakers are being employed. No garbage is being removed and the danger of an epidemic of illness grows.

Taft Signs Publicity Bill. WASHINGTON, D. C., Aug. 19.—President Taft today signed the campaign publicity bill. The measure provides for complete publicity of campaign expenses by candidates for both houses, and limits the sum spent in a single campaign to \$5,000 in the House and \$10,000 in the Senate.

Thanks God for Enemies. PHILADELPHIA, Pa., Aug. 19.—"I glory in them and thank God for the enemies I made in denouncing the Astor-Force wedding," said the Rev. George Richmond, rector of St. John's Episcopal Church, today, when shown criticisms of various newspapers concerning his stand. Richmond said he believed the couple will be married before they return from their vacation trip.

To Adjourn Next Week. WASHINGTON, D. C., Aug. 19.—The House Ways and Means committee today feels certain that Congress will adjourn by Tuesday or Wednesday. On a party vote it was decided to accept the Senate amendment to the "house-rotten bill, and report on the measure is expected today. This is the last of the Democratic tariff bills.

HUSBAND SEEKS CHILDREN. Wife Has Affinity, and After Long Chase Is Caught.

PORTLAND, Aug. 19.—Working here and there as a boiler-maker to earn enough money to go from place to place about the West, in three searches for his two small sons, who he says, were kidnapped in April, 1909, by their mother, who fled with an affinity, W. Brannock of Taft, Cal., ended his quest early yesterday morning by recovering the boys and placing their mother and R. A. Lovegrove in the county jail.

Brannock says search for his sons had cost him close to \$15,000, which he had obtained in various ways, chiefly by day labor, and that often when hard pressed and eager on a new crew he had gone for days without a bite to eat.

The arrest of Mrs. Brannock and Lovegrove took place late Thursday night at the Firland lumber mill near Sandy, where the two men were working. Mr. Brannock came to Portland last Sunday morning. He reported the case to officers of the juvenile court and they joined him in the search. They located Lovegrove Thursday afternoon and went there in an automobile.
