

TAFT CAMPAIGN ON.

President's Visit Arouses Interest—Committeemen Named.

PORTLAND, Oct. 16.—Desirous of initiating a state-wide campaign at once in the interest of President Taft's re-nomination and re-election, members of the all-Oregon managing committee, announced Saturday, will organize at once. Before returning to his home at Dallas last night, Ralph E. Williams, national committeeman for Oregon, said he probably would request the 18 committeemen to meet in Portland for the purpose of effecting organization the latter part of this week.

Individual members of the committee are anxious to get into the harness, unite their efforts and inaugurate an aggressive campaign for President Taft. As soon as the committee has completed its organization, steps will be taken for the formulation of active auxiliary committees in each of the other counties. Co-operation of republicans throughout the state will be asked.

Members of the directing body that has been chosen on suggestion and invitation of the national committeeman with the consent and indorsement of the president and his secretary, appreciate the fact that their work can only be effective when supported actively by members of the party throughout the state. Because of these facts no time will be lost in arranging for the several county committees, which will be asked to work in conjunction with the parent body already created.

The recent visit of President Taft on the eve of the movement for party re-organization had an especially stimulating effect, particularly in those counties through which he passed enroute from Portland to California. In his addresses, brief though they were, at the various intermediate points, the president left a most favorable impression on his auditors. The large attendance of voters at these five-minute gatherings showed unmistakably their interest. The attention paid the president as he spoke indicated full confidence by the people in the president, his administration and the progressive policies he advocates.

As a result, republicans throughout Western Oregon are fully awake and ready to take part in the plan of organization that is proposed. Re-

ports from Eastern Oregon counties show a strong Taft sentiment and a disposition to unite in any movement for party success.

In the formulation of the county committees, the same plan will be followed as was adopted in Multnomah in the selection of the committee of 18. Each committee will include in its membership representatives of every element of republican activity. The committees in their personnel will be strictly republican, designed for the common purpose of continuing President Taft as the nation's chief executive for another term and at the same time uniting the republican party in this state.

USE SWEEPING COMPOUND.

It collects the dust when sweeping, it preserves the floor, it prevents breathing disease germs, and makes the premises sanitary. NO-DUST for rugs and carpets, CEDAR-OIL for floors and linoleums. Put up the 150 and 200 pound barrels, and 100 pound sacks. Write us, Crescent Chemical Company, 526 Washington street, Portland, Ore. Compounds for sale by B. W. Strong, Roseburg, Or. n15

A GOOD POSITION.

Can be had by ambitious young men and ladies in the field of "wireless" or railway telegraphy. Since the 8-hour law becomes effective, and since the wireless companies are establishing stations throughout the country there is a great shortage of telegraphers. Positions pay beginners from \$70 to \$90 per month with good chance of advancement. The National Telegraph Institute, of Portland, Ore., operates under supervision of railway and wireless officials and places all graduates into positions. It will pay you to write to them for full details. n1

When your watch is out of repair you take it to a competent workman, and he goes over the works and carefully cleans and regulates them. The result is a perfect time-piece. The same is true of your piano. In order to get the best possible results from this most perfect and delicate of musical instruments, it should be regularly gone over by one who is thoroughly competent to put it in the most satisfactory condition. It should be perfectly tuned

and voiced, and the action carefully regulated when necessary. Your piano will then be a household joy. Let H. Jay Stone put it in condition for you. Phone 288-R. dif

A coal stove that cost \$16 and used but three weeks for sale at \$12. Large stove, very satisfactory. See B. W. Strong. d017
