JURY'S VERDICT

Fulkerson's Death is Attributed to Accident.

BROTHER ARRIVES FROM WASH.

Coroner Jewett Says He Believes Fulkerson Committed Suicide, Notwithstanding Verdict of Coroner's Jury to Contrary.

Coroner Jewett returned here late last evening from West Fork where he was called following the sudden death of Harold Ellis Fulkerson, whose lifeless remains were found in a room in the West Fork hotel shortly after 9 o'clock Tuesday evening.

Although the coroner's jury returned a verdict to the effect that the deceased came to his death through the accidental discharge of a revolver, Coroner N. T. Jewett, who viewed the remains and conducted the examination of witnesses, believes it a simple case of suicide.

He attaches little significance to the fact that the man's pipe was found lying upon his breast, considering that he frequently indulged in smoking tobacco in his various forms.

Coroner Jewett says he also found a letter which was written by Fulkerson to a former sweetheart in Seattle. The letter is considered of little importance by the coroner inasmuch as it contains nothing which would tend to unravel the mystery surrounding the demise.

Fulkerson was a dentist, but had been engaged in the forestry service at West Fork for several years.

He was about 25 years of age and a member of the Odd Fellows lodge, of Glendale.

His parents reside in Zumbrode, Minn., to which place the remains will be shipped for burial. A brother, who resides in Washington arrived here this evening for the purpose of accompanying the remains East.

The bullet which resulted in the young man's death entered the right breast, and penetrated the heart and lungs. His death was probably instantaneous. The body is being prepared for burial at the Roseburg Undertaking Parlor.

The verdict of the jury follows: "We the jury empaneled by the coroner in this case after viewing the body of the deceased and hearing all the testimony presented before us find that the name of the deceased was Harold Ellis Fulkerson, that he died at about the hour of 7:15 p. m., on October 24, 1911, at the West Fork hotel, at Dethan, Douglas county, Oregon, from a gunshot wound, the said wound being inflicted by a revolver in his own hands. And we, the jury believe that the said wound was caused by accident."

BOY SCOUTS OF AMERICA.

Organization Will Be Effected in Roseburg.

Through the efforts of Rev. Burkhardt and others, an organization to be known as the Boy Scouts of America is soon to be launched in this city. The younger generation is taking an active interest in the perfecting of such boys' organizations and the success of the order is almost assured.

The Boy Scouts now number 300,000 in this country. Porto Rico, Honolulu and the Philippines. The boys join for the fun there is in it, and also because it helps them to be come stronger and more capable. The training does much to make "an all around man."

A scout becomes first a "tender-

foot." After serving a month he may qualify for the second class. To become a first class scout requires much strenuous training, and the scouts of this class are still few.

The motto, "Be Prepared," is made the guiding principle in the Boy Scout's life. He is taught that he must be prepared to do the greatest possible service to others.

The Boy Scout movement is a program for boyhood, a recognition of boy life, beginning at 12 years, when the boy is just developing into manhood. Scouting takes a boy at this critical period of his life and provides him with helpful outdoor recreation which, at the same time, gives him an outlet for his pent-up energies and practical means for applying his energies.

LOS ANGELES, Oct. 26.—With the initial panel exhausted and only four possibilities as jurors secured, the McNamara trial was resumed today, Darrow taking up the examination of E. L. Essley, a transfer man and the last individual of the first panel. Manning, whom both sides passed, is sick and may have to withdraw from service. He was looked upon as the only one of the four who would finally be chosen. Essley was finally excused, the judge reserving decision in the Winter case until tomorrow. At this point Judge Bordwell suddenly adjourned court until Friday forenoon, because the original panel was exhausted, the court deciding to call for a new venire of forty, he directing the sheriff to have them in court tomorrow.

When your watch is out of repair you take it to a competent workman, and he goes over the works and carefully cleans and regulates them. The result is a perfect timepiece. The same is true of your piano. In order to get the best possible results from this most perfect and delicate of musical instruments, it should be regularly gone over by one who is thoroughly competent to put it in the most satisfactory condition. It should be perfectly tuned and voiced, and the action carefully regulated when necessary. Your piano will then be a household joy. Let H. Jay Stone put it in condition for you. Phone 285-R. dtf

ARE CHAMPION

Athletes Win Worlds Championship Series.

GIANTS LOSE WITH GOOD GRACE

Philadelphia Boys Leave for "Quaker City" Tonight In The Best of Spirits—Thousands of Dollars Changed Hands.

(Special to The Evening News.) NEW YORK, Oct. 26.—In an "exhibition" hardly worthy of more than ordinary mention, the "Athletics" Philadelphia's celebrated pennant winners, today defeated the "Giants" of New York by a score of 13 to 2. As a result the Philadelphia team has won the worlds championship title, and will return to the "Quaker City" tonight—victors in one of the most sensational baseball series ever pulled off in the United States.

The "Giants" were completely outclassed in today's game, and hundreds of fans who assembled in anticipation of witnessing what they termed a fast exhibition retired at the end of the seventh inning, when the Athletics scored seven runs. In his language of the more experienced fans, the Giants went to pieces, and were utterly unable to keep pace with the Athletics who were confident of success from the start. The New York rooters are a sorry lot of boys this afternoon, but notwithstanding, they are already looking ahead to the season of 1912 when they expect to make good. It is estimated that today's game was witnessed by 25,000 people, including no less than 2,000 fans who came from Philadelphia by special train.

Bender and Thomas, the Athletic battery, were in the pink of condition for today's game, and the manner in which they won over the opponents came as a surprise to the throngs that lined the bleachers. Ames, who pitched for New York, was batted freely, and in the face of poor support, was unable to control the situation as he desired.

Hitcher Coombs, who was quite seriously injured yesterday in the hospital, but it is not thought an operation will be necessary. In the sixth inning he caught his foot in the box while delivering a ball and sustained internal injuries. Despite his condition, however, he remained in the box until the tenth inning when he was compelled to quit the game.

Today's score follows: Tooms 1 2 3 4 5 6 7 8 9 Athletics 0 0 1 4 0 1 7 0 0 Giants 1 0 0 0 0 0 0 1 1 Summary—Athletics, 13 scores, 13 hits, 5 errors; Giants, 2 scores, 4 hits, 2 errors.

Batteries—Bender and Thomas; Ames and Meyers.

Doyle's Score Illegal.

NEW YORK, Oct. 26.—The run credited to Captain Larry Doyle in the 10th inning of yesterday's game, which gave New York Giants their second victory over the Philadelphia Athletics in the world's series, was not legally scored, according to a statement made after the game by Umpire William J. Klem, of the National League, who was officiating behind the plate as the umpire-chief.

Doyle did not touch the plate, according to Klem, and if the Athletic club had made an appeal, the umpire said he would have declared Doyle out and the inning would have ended in a tie score. As it was getting dark, the game could not have gone much further.

Umpire Klem's declaration that Doyle did not touch the plate was corroborated by Francis E. Richter, of Philadelphia, and J. G. Taylor Spink, of St. Louis, the official scorers appointed by the national baseball commission. Manager McGraw, of the New York team, admitted after the game, according to Klem, that Doyle missed the plate.

No Protest Can Be Made.

Despite the fact that the umpire-in-chief and the official scorers say Doyle did not touch the plate, no protests can be lodged with the commission as to the result of the game. It is said because the Philadelphia club made no appeal on the plate, Umpire Klem's statement was made to the Associated Press just after the game ended. A question was raised in the scorer's box, whether the ball caught by Right Fielder Murphy off Merkle's bat in the 10th inning was caught on foul ground. Klem said the ball was caught by Murphy in fair territory, that he made his decision that way, and that he was corroborated by Umpire Brennan, who was on the right field foul line, near Murphy.

"Doyle never touched the plate," Klem volunteered. "But as the Athletic players made no appeal, the game goes as a victory for New York."

Klem Tells of Incident.

In telling the Associated Press of the incident Klem said: "When Murphy caught the ball in right field I set myself to see the plate to get Murphy's throw. Doyle came like a streak and made a long slide into the plate. He went across with one leg back of the plate and the other over it about a foot. He never got any nearer than that. I saw it plainly and waited. Usually I run to the dressing-room when a game is over, but this time I stood at the plate for several minutes, waiting to see if the Athletic players would appeal."

Lapp evidently did not see that Doyle missed the plate, as he was busy taking Murphy's throw, and probably took it for granted that Doyle had really touched the plate. None of the Athletics made the appeal and as I was about to move away, McGraw, in passing from the

third-base coach's box to the players' bench, said to me: "Did you see it, Billy?" "I certainly did," said I. "Mess" Would Have Followed. "What would you have done about it if they had appealed?" McGraw asked, and I replied that if the claim had been made that Doyle did not touch the plate, I would have given my decision as I saw it, but you see what a mess I would have got myself into.

"Well, I would have protected you," McGraw replied, as he walked away.

ERRING HUSBAND ARRESTED.

Is Found By Wife After Search of Years, at Everett.

EVERETT, Wash., Oct. 26.—Emory Sheltron, who deserted his wife in Minneapolis seven years ago, was arrested at Grant Falls yesterday by Deputy Sheriff R. Markham and was brought to the county jail. The warrant for Sheltron's arrest was secured by Mrs. Sheltron, who accidentally discovered Sheltron's whereabouts when she stopped off in Seattle on her way to Portland to visit her daughter.

At an employment agency she found a man who had worked with Sheltron, who is employed as a saw-filer. The man had known Sheltron by his real name, although after he left Minneapolis Sheltron assumed another name. Recently he felt secure, it was stated, and assumed his old name.

Sheltron has been working in a shingle mill and it was not known by his companions that he had been married. Mrs. Sheltron said today that she was not anxious to retain Sheltron as her husband, but she wants to secure an arrangement with him whereby he will support his three children. She has also three children by her first husband to support, being a widow when she married Sheltron.

Sheltron was greatly surprised when placed under arrest. Mrs. Sheltron said she had never given up the belief that she would some day locate him.

The Southern Pacific Railroad Company today employed three additional men, all of whom reported for work at noon. One of the men is a car repairer, another a roadman, and the third a boilermaker.

INTERNATIONAL COMPLICATION FEARED.

WANTS JAPANESE PROTECTION.

SANGHAI, Oct. 26.—It is reported but not confirmed that the revolutionists have succeeded in capturing Canton after a hard fight in which the casualties were heavy on both sides in the struggle. Reports are rife here today that the Chinese emperor is preparing to go to Mukden and put himself under the protection of the Japanese government.
