JURY PROBING

Into Evidence "Found" By Burns at Indianapolis

DARROW WILL OPPOSE SCHEME

Of Prosecution to Transfer Evidence From Indianapolis for Introduction at McNamara Trial in Los Angeles.

(Special to The Evening News.) LOS ANGELES, Oct. 27.—Interest today in the McNamara trial is centered at Indianapolis, where the federal grand jury is expected to begin investigation on the raid of the detectives on the offices of the International Association of Bridge and Structural Iron Workers. This investigation was forced by W. J. Burns, its real object being to devise some means of getting the alleged evidence garnered in the raid transferred to Los Angeles and introduced in the trial against McNamara here. If this alleged evidence is brought here the defense will put up a fight to prevent its admittance into the present trial, contending that there is no connection between dynamite and clocks "found" by Burns in Indianapolis and the times explosion here.

The defense secured a substantial concession from the state today when Attorney Fredericks agreed to examine witnesses alternately, so that each man interrogated for cause shall be disposed of before another is called. J. J. Rush, a farmer, was passed for cause by the defense today.

Jury Probing Find.

INDIANAPOLIS, Oct. 27.—United States District Attorney Miller said today that he was not in a position to discuss the McNamara investigation by the federal grand jury here. In order to discover, if possible, whether James McNamara and Orrie McNamara parried dynamite from one state to another, the grand jury, under instruction of the United States attorney, is now investigating the facts in the matter. If the alleged claim that these men did this, it would involve them in the federal law meshes for violation of the statutes in this act.

CONVICT LABOR ON ROAD.

Gang of Twenty-eight Go Monday to Crater Lake Highway.

SALEM, Or., Oct. 26.—Governor West completed plans today for shipping the 28 convicts who will be sent from the state penitentiary for work on the Crater Lake road. Twenty-five of these will be pick-and-shovel workers, two will be cooks and one blacksmith. The gang will leave here Monday.

The governor says the gang will be kept there indefinitely and as fast as the terms of any of the men expire, others will be sent to take their places, that the gang may remain intact.

The camp of the convicts will be on the T. M. Peeler ranch at Florence Rock, 100 yards from the present wagon road in a grove well supplied with water. The road that

is to be constructed this winter will be from the base of the hill at what is known as the Higgenbotham ranch to the new Fumice hill grade, this being at present the worst part of the Crater Lake highway, and is practically impassable.

GETS FULL PARDON.

Convict Who Arrested Salem Man Given Entire Freedom.

SALEM, Or., Oct. 25.—Governor West has restored to citizenship, Bert Heaton, the deputy game warden who caused the arrest of Curtis Cross, a well-known business man, because Cross had displayed in front of his store a deer that had been shot by a friend.

In this connection it has been recalled by old Salem people that Governor West, when a boy, used to drive a heifer for E. C. Cross, father of Curtis Cross, and there has been considerable comment on the fact that one of West's convicts, out on a conditional pardon, should arrest the son of a man who started West in life, because the son was accused of violating one of the game laws.

PLUCKY GIRL TO RESCUE.

Ready Wit and Nerve of School Teacher Aves Japs.

HOOD RIVER, Or., Oct. 26.—Hoisting an American flag in the face of a shrieking mob of Japanese section hands at the school house, the plucky little Columbia school teacher, yesterday morning saved from rough handling and possibly from death James O'Brien, an O. W. R. & N. section boss, who had fled before them into the building.

As the girl tugged at the balyards and the plucky little Columbia school teacher, yesterday morning saved from rough handling and possibly from death James O'Brien, an O. W. R. & N. section boss, who had fled before them into the building.

As the girl tugged at the balyards and the plucky little Columbia school teacher, yesterday morning saved from rough handling and possibly from death James O'Brien, an O. W. R. & N. section boss, who had fled before them into the building.

JAPSHOOTSTWO

Killed One of His Employers and Wounds Other

OPENED FIRE WITHOUT WARNING

Wounded Man President of Moving Picture Company of Chicago—Local Manager Died Instantly.

(Special to The Evening News.) LOS ANGELES, Oct. 27.—A cold blooded and possibly pre-meditated murder occurred in this city today when William Selig, of Chicago, president of the Selig moving picture company, was probably fatally wounded, and Francis Boggs, general manager of the local branch office of the company, was killed by a Japanese gardener, Frank Miyamoto, who was in the employ of the man he shot. The Jap entered the offices of the company at Edendale, a suburb of Los Angeles, where the company officials were discussing business affairs, and without warning opened fire with a revolver. Boggs was instantly killed, and Selig seriously wounded. It was at first thought that Selig would die, but following his removal to a hospital and an examination made of his wounds, indications are that he may recover. The Jap was placed under arrest and lodged in the county prison.

No Peace At Present.

BERLIN, Oct. 26.—Advices from Constantinople say that the reports of recent battles with Italian losses at Tripoli have ended for the present any chance for mediation. The Turkish government has swung over to the idea of continuing the war.

A dispatch from Tripoli says 300 men were killed in the battle at Tripoli on Monday, and that Italian reinforcements are needed.

WHO WILL HELP US?

Some Excellent Suggestions Toward Building Up a Town.

When a city or any community becomes aware of certain conditions and places existing in its midst that are detrimental to its progress materially, morally or any other modern civilization, its citizens are moved to action by way of improvement.

Roseburg's better class of people have been awakened and evidently are determined to renovate and beautify every part of the town. They will not be ashamed to show visiting strangers to every nook and corner. These good people do not wish to harm anything or bring loss to any one. Their earnest desires and efforts will be to eradicate evils of every description. Many things are now being done and will be reformed and become a blessing instead of a withering blight, as at present. How we are pleased to see a worthless good-for-nothing boy reform and make a man of himself. The time is not passed when workers that are worthless men may be reformed and become a blessing to their homes and worthy respected citizens of a community that will be proud of them.

Is it not a fact that some of the back alleys and vacant lots need cleaning up and work done that will beautify every part of the town? How clean and nice the whole city, even the alleys and vacant lots? Let us all put forth our best efforts to that end. A clean city will be a healthy one and it will be sought by lovers of such conditions and they will soon fill the vacant lots and become helpers in the good work. Are there stables, cow and chicken yards rather near any of our homes to make the home beautiful, slightly and pleasant? If so, may we get busy and plan to have all these things in the proper places. If there are remnants of former saloons, or any real "near beer blind pigs or tigers," they should be diverted and changed into places of some business that is needed and will be a blessing instead of a curse. The owners of such places and operators who they will soon fill the vacant lots and become helpers in the good work.

Among today's real estate transfers are deeds executed by the following parties in favor of the Oregon, Dallas & Roseburg Railroad Company. The land described in the several deeds comprises a right-of-way from Green Station to the company's quarries, two miles east: Roy Bruce, \$125; Robert Triggs, \$175; Stonehill Co., Inc., \$150; Thomas P. Carnes, \$1,500; W. L. Cobb, \$1,200; Dewitt McGhee, \$200; James A. Hughes, \$125; Edward Johnson, \$400 and E. L. Giles, \$930. With the right-of-way secured and the deeds on record it is probable that the company will commence the construction of its track at once.

ALL WERE KILLED

Fierce Conflict Between Turks and Italians

STEEL TRUST BEFORE COURT

Will Fight Government Suit To Compel Dissolution of Combine—Officers On Trail of Finance Kings.

(Special to The Evening News.) LONDON, Oct. 27.—Mehat Bey, commanding the Turkish forces in Tripoli, and practically all of his officers, met death in a fierce fight with Italian forces yesterday. The messages bearing this news were official dispatches to the Italian government.

Trust Shows Fight.

NEW YORK, Oct. 27.—Summoned to court to show why their billion dollar combine should not be dissolved because it is a trust, the steel kings have determined that they will not be ousted from the throne of power without a fight. In line with this policy the giants of finance met at the palatial home of J. P. Morgan last night to discuss the questions involved in the suit instituted, and they were so engrossed in the plans evolved that the meeting did not adjourn until early this morning.

Francis Stetson, general counsel for the steel corporation, in discussing the suit, said that "We know just what we are charged with and just where we stand and will act accordingly." United States Marshal Shodan is in New York to serve individual defendants with summons to appear. He has already served papers on Gary, and is now trailing John D. Rockefeller, J. P. Morgan, Andrew Carnegie and others.

SERMON FOR WOMEN AND GIRLS.

On Next Sunday Afternoon at Three O'Clock.

Dr. Boyle will deliver a sermon to "women and girls only." This lecture should be heard by five hundred women. We are having a splendid service each evening at the Christian church. Be sure to come to night.

SPECIAL SERVICES.

Elder A. F. Hallinger, an evangelist, will speak at the Seventh Day Adventist church in West Roseburg tonight at 7:30 o'clock, and will hold a second service at the same place Saturday afternoon at 2 o'clock. The public is cordially invited to attend both services. Elder Hallinger is an able speaker, has traveled throughout this country and to England, and has a message to give to the people of Roseburg. He is a close Bible student and his address tonight and tomorrow afternoon will deal with important questions for this time in the world's history. Be sure to hear him.

STOP MOUTH-BREATHING.

Your Nose is Specially Built To Safeguard You Against Infection.

The habit of mouth-breathing must be stopped absolutely. Only by the air being filtered through the nose can you remain germproof. Remember this. The main channel through which poisonous germs enter the body is the breathing apparatus—the nose and mouth—sometimes the ear. The germs of tuberculosis, pneumonia, spinal meningitis, diphtheria, poliomylitis, tonsillitis, reach the body through the nose and mouth. The present state of civilization calls for constant care and watchfulness in methods of breathing and in the hygiene of throat and nose. Automobiles and trolleys rushing along the city streets keep in motion millions of germs. Heaps of dried manure are churned into dust; its hidden germs are turned out and sent through our window screens and on to our pillows, for us to breathe in, unless nose and throat are germ proof.

They can be made germproof only by cleanliness and right breathing. See that there are no growths—adenoids—in the nostrils. Have the breathing channel perfectly clear of all foreign substances. Wash it seldom, however, and then only to clear it of road dust. In perfect condition, the nostrils are germ proof. Salt solutions and other similar "home remedies" are dangerous, because the salt, or alum, or whatever is used, irritates the sensitive membrane, and it is this slight irritation which gives lodgment to germs. From Munsey's Magazine.

LOCAL NEWS.

Joe Huffman, the town marshal, left for Portland this morning.

H. S. Brown, of Forest Grove, is spending a couple of days in Roseburg.

Dwight Reed, of Drain, was a business visitor in Roseburg for a few hours yesterday.

H. M. Kennedy, of Canas Valley, was a business visitor in Roseburg today.

Attorney Ness, of Eugene, spent the morning in Roseburg attending to legal matters.

Mr. and Mrs. V. Bounds, of Luckles, spent the day in Roseburg visiting with friends.

Jay C. Fry, of Canas Valley merchant, spent the day in Roseburg attending to business matters.

T. P. McKenzie, assistant district

IS A REPUBLIC

According to Proclamation of Chinese Rebels.

GOVERNMENT SOUGHT PEACE

Rebels Proclaim Themselves Independent—Foreign Consuls Notified That Safety Is Assured—Taft Lances With Laborers.

(Special to The Evening News.) SHANGHAI, Oct. 27.—General Li Hung has proclaimed himself provisional president of the Chinese republic. All foreign consuls have been notified that everything possible will be done to protect foreign interests during the present revolt. It is believed that the revolutionists will temporarily accept him. The proclamation declaring China to be a republic came as an answer to the government's overtures for peace, which were implied in yesterday's surrender to the national assembly's demands, which agreed to terminate the revolt in consideration of certain and immediate drastic reforms advocated. General Li does not believe the government's promises to be boni fide.

Lunches With Laborers.

MILWAUKEE, Oct. 27.—Today at noon 1,500 factory, store and shop workers, with their employers, lunched with President Taft, and the affair was certainly a unique greeting. After luncheon the president visited the city schools. He will leave Milwaukee for Chicago this evening, where he will meet five members of the cabinet, and during the three days he stays in Chicago several important conferences will be held.

CHECK ARTIST AT WORK.

Smooth Individual Bilks Washington Merchants of Nice Sum.

CENTRALIA, Wash., Oct. 26.—A man named Henderson has swindled Centralia merchants out of various sums of money this week. Henderson made a small deposit in the Farmers & Merchants Bank and proceeded to make checks for many times the amount he had on deposit.

The plan used by Henderson was to enter a store, make a small purchase and receive currency in exchange for the checks, and it is believed that the man secured nearly \$500. Henderson cannot be found.

Setting The Pace

THAT is our maxim in business. We argue that by giving our customers the best value for their money, the best styles, the best workmanship and the lowest prices, we ensure their patronage in future seasons. It has always come out that way in the past, and it will certainly do so this season, for our models are the best we have ever offered, and those who have already inspected our goods proclaim them to be remarkable values. You will find a few minutes well spent in looking over the new styles we have to offer you. Our customers' only difficulty is to make a selection from such a pleasing array.
