Progressives Lead in Eastern Elections Yesterday.

SOCIALISTS FORCE TO FRONT

Several Cities Elect Socialist Mayors—New Mexico Elects Democratic Governor—Wilson Boom Is "Busted".

(Special To The Evening News.) WASHINGTON, Nov. 8.—With the exception of New Jersey, where Governor Wilson got a big vote back, progressives throughout the East easily won in the elections yesterday. Wilson evidently lost control of New Jersey. In Ohio Democrats are jubilant over the great gains they made there, and in Massachusetts the election of Foss, democratic, is hailed as a repudiation of the republican tariff principles. In addition to progressive success socialists show a remarkable gain over the vote of last elections throughout the East. In Ohio progressives have elected a majority of delegates to the constitutional convention, which assures the enactment of the initiative, referendum and recall, including the judiciary. New York has gone republican, thus disavowing Tammany's grip on the city. The Tammany county ticket

was elected by a narrow margin. Governor Pothier was re-elected in Rhode Island along with the entire state republican ticket. In Maryland, Goldsborough, republican, is leading in the county over Gorman, democratic, for governor. Kontakky gave a plurality of 3,000 for James McCreary, democratic, for governor as well as electing most of the democratic candidates to the legislature, meaning that Ohio-James will be the next United States senator from the Blue Grass State. New Mexico, in the first election since statehood was bestowed, elected William McDonald, democratic, for the first governor, and along with him the state ticket. Indications are that the legislature may be republican.

Socialist Vote Surprising.
The socialist gains marked the elections held yesterday and gave that party power in districts where heretofore it had been able to muster a counting vote.
In Schenectady, N. Y., the socialists elected a mayor, all other city officials except one, and a majority of the county board. In addition, the assembly district, in which Schenectady is located, returned a socialist assemblyman.
Ohio was another winning ground for the socialists. There they elected eight mayors and the returns in half a dozen chief cities showed large gains. Besides Schenectady, Cleveland, Columbus and Dayton were the most favorable cities for the younger party.
In the second Kansas congressional district, where a successor to the late Representative Mitchell was elected, the socialists made gains.
In several other states, among them New Mexico, where socialists

HACKED SPOUSE

With Hatchet While in a Terrible Nightmare.

SUICIDED WHEN AWAKENED

Wife Will Die—Women Charged With Incinerating Day Old Infant—Woman Appeals While Police Search.

(Special To The Evening News.) SAN FRANCISCO, Nov. 8.—Awakening from a horrible nightmare to find that he had literally hacked his wife to pieces with a hatchet last night, John Edward Cooper, a wealthy contractor of middle age, slashed his throat with a razor and died a few minutes later. His wife was hurried to the emergency hospital, but there is no hope of saving her life. The couple had three daughters, and the family were happy and contented. Before retiring last night they had planned for an outing which they expected to take in a few days. Cooper first carried the youngest daughter, Lillian, out of the room, then got the hatchet and attacked his wife, whose shrieks for help brought up the police. As the officers rushed to the rescue of the unfortunate woman Cooper awakened from his sleep, discovered what he had done and slashed his throat just as the police came into the room.
Murdered Infant.
PORTLAND, Nov. 8.—While detectives were searching at Warren, Columbia county, for Hilda Johnson, a domestic, charged with murdering her 24-hour-old infant and its mother in the farmer at the home of Mrs. George Kelly, on North 23 street, the woman suddenly appeared at the Kelly home today and excitedly demanded clothing. Refused by the frightened maid and vowing that she would return, the woman left abruptly as she came, not having been seen since, although police have waited all afternoon for her appearance. Slightly the woman gave birth to a baby and a few hours after left the house. Detectives working on the case believe that she incinerated the child in the furnace, affecting that they found bones of a baby there, but physicians doubt the story, as they assert that the fire would have destroyed every vestige of so young a child.

"Human Hearts" will be the attraction at the Palace theatre next Sunday night. The story of "Human Hearts" is one of love, pathos, and devotion, skilfully intermingled and set against the theme may be the play contains many laughable scenes and situations controlled by the quaint characters of Jim Mason, the tramp, and Mose, the faithful old negro, who brings out a smile or a good hearty laugh just at a time when some pathetic scene or line of the play is about to bring out handskerchiefs from many in the audience and the childish logic of little Grace Logan brings a tear one moment, and a smile the next. It is such plays as "Human Hearts" that are the most successful and seemingly will live forever. A complete production is carried for the piece, the scenery being handsome and striking in appearance making a befitting frame for the author's story. It is promised that the production will be worthy of the play and that the performance of "Human Hearts" will be first class in every respect.
