FRIDAY, NOVEMBER 10, 1911.

The fray of an ass is rarely taken seriously.
The growing popularity of The News with all classes of people—and what the public wants is news—is, to alleged competitors, like a dose of gall and wormwood.

The Evening Medicine Sheet has had another fit, doubtless brought on by an accumulation of poison in the liver of the quill pusher brought on. We suggest that he read his medicine ads, and seek relief through their recommendations—he then will doubtless see things with a clearer vision, and truthfully.

This paper does not resort to slander, alleging that all men are "liars" to prove a point. In exposing civic rottenness we have only done a duty imposed upon us by the position we occupy. The evidence secured by Sheriff Quine in his recent raid is proof of assertions. The verdict of the recorder's court a few weeks ago, was also proof of what we asserted in regard to social evils. The evidence found in the city charter and produced in those columns is accepted by every fair-minded citizen that the procedure of the new council in appointing Mr. Penton as marshal was not regular—that was all we claimed. The News has not alluded to any member of the council as a "liar" or a "hoodlum," but did bring the attention of the councilmen to the charter provisions governing these matters. None of us are omnipotent. We make mistakes. Charter regulation of such affairs

EVERYBODY TAKE NOTICE.
If you want to sell your property, whether it be the farm, city lot or houses, cows, horses, or chickens, a classified ad. in The News will bring you a buyer quicker than any other medium. Call in and let us tell you about the matter.

is the right way. The News is sure good citizenship sees it the same way. These matters were merely overlooked—that's all. No harm was done, and Mayor Miesell and the entire council are men of integrity and will abide by the charter. None of them would consider any other method. The Mill Sheet's wallings to the contrary notwithstanding. Thus the booming ones more returns from whence it came.

THE COKE RECALL.
Canyonville Call: The Coke recall, which has been carried on in a quiet, business-like manner, in the past few months, is to be pushed in earnest. Those who have been in charge of the movement have completed a full account of the matter and each and every voter will receive a copy of the same, including the instructions given the jury. While not often doing the alms act, on those seldom occasions performing it with fear and trembling instead of bravado of the Greek, we have and will continue to support the recall of any official, be he great or small, friend or foe, who in our opinion has misused the confidence placed upon him. We opine that the instructions to the jury, placards him incompetent, which in itself is enough for unper proceedings. Very few, comparatively few, attorneys will admit that Cook made a mistake—all done according to law—had to do it. All the attorneys in Oregon can't stuff such rot down the throats of the masses. Personal liberty, men and brethren; personal liberty! Liberty to slay the souls of the innocent, yet not liberty to mete out justice to the guilty.
