PEACE PROGRAM

Society of International Law Convenes at Washington.

FAMOUS TOUR REBUILT

Effort Will Be Made To Keep Richeson From Electric Chair—Public Sympathy Expressed for Woman.

WASHINGTON, D. C., April 25.—The American Society of International Law, which was formed in 1906 for the purpose of "fostering the study of international law and promoting the establishment of international relations on the basis of law and justice," assembled in this city today for its sixth annual meeting. Opening tonight with an address by Senator Root, the sessions will continue over tomorrow and Saturday.

The society has decided to devote its entire meeting this year to the consideration of the program, organization and procedure of the third Hague Conference in 1915. The speakers and their subjects will include the following: Gen. George B. Davis, formerly judge advocate general of the United States army, on "The Effect of War upon International Conventions and upon Private Contracts"; Thomas William Balch, of Philadelphia, on "The Marine Belt and the Question of Territorial Waters"; Rear Admiral Charles H. Stockton, president of George Washington University, on "The Codification of the Laws of Naval Warfare"; Pasquale Pierre, senator of Italy and professor of international law in the University of Naples, on "Some Considerations on the Past, Present and Future of International Law"; Henry White, formerly American ambassador to France, on "The Organization and Procedure of the Third Hague Conference"; and James L. Tryon, secretary of the Massachusetts Peace Society, on "The Permanent Court of International Justice."

Effort to Save Richeson's Life.
BOSTON, Mass., April 25.—The hearing on the appeal for commutation of the sentence of Clarence V. T. Richeson, confessed slayer of Avis Linnell, who is sentenced to die in the electric chair during the week of May 19, will come up before Governor Foss tomorrow morning. William A. Morse, of this city, and John L. Lee, of Lynchburg, Va., counsel for the former prisoner, will ask for the commutation of their client's sentence and the governor will thereupon decide whether it shall be presented to the executive council. It is understood that one point that will be urged in favor of commutation is the fact that Richeson's confession saved the state the expense of trial. This expense, it is estimated, would have amounted to fully \$45,000.

Georgia Labor Federation.
WAYCROSS, Ga., April 25.—Representatives of the various trades unions throughout Georgia were assembled in this city today when the annual convention of the state federation of labor was called to order by President Jerome Jones. The convention will continue its sessions until all of its business is concluded, which will probably be Saturday.

Sympathy For Woman Slayer.
CLEVELAND, O., April 25.—Much public interest and sympathy is manifested in the case of Mrs. Rose Devorkin, of Lawrence, Mass., who was arraigned in court today for trial on a charge of second degree murder, for killing Jacob Horvitz in Cleveland street, on November 27, 1911. Mrs. Devorkin shot Horvitz, trailing him here from her Massachusetts home. She charged that Horvitz had known her as a girl, and that on stories growing from the friendship her husband had divorced her according to the Jewish rite. Since the tragedy the woman has given birth to a baby boy, now about two months old.

Letters of Celebrities Sold.
LONDON, April 25.—One of the most interesting auctions of autograph letters and historical documents that has taken place in London in some years was held today at Sotheby's. The collection included holograph letters of Lord Nelson, Queen Elizabeth, Mary Queen of Scots, the Duke of Wellington, Cardinal Wolsey, Charles II, Oliver Cromwell and many other celebrated figures in English history.

New Campanile Dedicated.
VENICE, April 25.—Tens of

thousands of people witnessed the solemn blessing today of the reconstructed Campanile of St. Mark's. Not only the people of Venice, but hundreds from the provinces of Italy and from neighboring countries joined in making the event one of international importance. Interest was added to the occasion by the presence of King Victor Emmanuel and Queen Helena. Senator and deputies of the Italian parliament were present in numbers, while the Vatican was represented by a distinguished delegation headed by several members of the college cardinals.

The Campanile which was dedicated today is a perfect re-production in every detail of the old one destroyed on July 14, 1902. The old tower was one of the famous structures of the world. For centuries it stood as a visible reminder of the time when the Venetians dominated the arts and commerce of the world. It began as a water tower before the Christian age was in its teens, and developed into a bell tower, with bells ringing forth at the first hint of danger, and latterly was considered a part of St. Mark's cathedral.

Today the tower stands just as before. Its restoration has occupied almost ten years and is considered by architects and engineers as a most remarkable achievement. The bronze statues and the famous gates are again in place, the whole loggia has been restored, and the great bronze angel, 16 feet high looks down again from the pinnacle of the structure. At 10 o'clock this morning, as a fitting prelude to the dedication ceremonies, the chimies were rung. Tears glistened in the eyes of the Venetians as they gathered in the square of St. Mark's and heard the old familiar sounds for the first time in almost a decade. Of the five bells in the restored Campanile four are new and were presented to St. Mark's by Pope Pius X.
