FIFTEEN GREAT DEPARTMENTS OF KNOWLEDGE

The Fifteen Great Departments supply the needs and exercise all the faculties of the growing mind. Natural Science, which lights up nature; delightful history, mechanics and arts; beautiful places to be seen or dreamed about, adventure, which arrives and brings back a treasure; real people more interesting than giants and cleverer than fairies; things to make and do which delightfully occupy busy hands—all satisfy and stimulate eager young minds. The reason for including every department will be easily apparent after examining the work.

President John H. Finley, of the College of the City of New York, introduction says: "Suppose a boy of ten were to spend fifteen minutes a day reading these pages, he would at 13 know more about the earth and the life on it than the wisest men knew a few generations ago."

### A WELL-ROUNDED EDUCATION

A well-rounded education cannot be obtained in the school room alone. The boy or girl whose progress in the most rapid will almost always be the one whose reading has been carefully selected at home. The editors of the BOOK OF KNOWLEDGE have rendered this great service to childhood. No wise parent will neglect the opportunity offered by this work to study the disposition and capabilities of his child. In many cases a child's life work may be determined by the possession of these books.

### THE THREEFOLD INFORMATION

The important facts in all the leading articles are indelibly impressed upon the mind in three different ways. First the summary at the head of each article, then the wonderfully interesting article itself, then the pictures illustrating it, with the several lines of terse and vivid description.

### THE LITERARY DIGEST SAYS OF THE BOOK OF KNOWLEDGE:

"It is an exhaustive work and a notable example of editorial skill in the choice of topics and their treatment. Adults as well as children will be fascinated alike by the luminous text and the illustrations. As has already been pointed out in these columns, one of the best of such a work would be to assist parents, their sons and daughters in finding out whether a child's natural bent be toward science, mechanics, trade or literature."

### LET THE CHILDREN DECIDE

They will be delighted with the beautiful illustrated booklet mailed free giving the contents of each of the Departments of Knowledge. The valuable pamphlet, "The Mind of a Child," also presented.

**The Grolier Society, LONDON and NEW YORK**

### THE WISDOM OF THE WORLD IN SIMPLE LANGUAGE

The lost art of simplicity—the art of presenting profound truths in the simple language which a child can understand—has been discovered by the editors of the BOOK OF KNOWLEDGE. The simple clear and convincing style which appeals equally to the adult mind is the secret of the great drawing power of this remarkable work. It quickens and stimulates thought and in a marked degree awakens interest in the world of ideas. Not only facts but ideals are absorbed, and learning made a real delight.

### POPE 77 YEARS OLD TOMORROW

Americans Wed In London—Belgium Hold Election—Bible Society 100 Years Old—German Catholics Meet.

(Special to The Evening News.)  
CHICAGO, Ill., June 1.—After a lapse of a year and a half since they were indicted, Frank B. Harriman, John M. Taylor and C. L. Ewing, former officers and employes of the Illinois Central railroad, and Joseph E. Buker will be arraigned in court here on Monday to stand trial for conspiracy in connection with extensive frauds said to have been practiced against the railroad. Through the padding of repair bills a total of \$4,825,650, it is charged, was illegally taken from the Illinois Central by the four men named, in company with several car building and equipment concerns, which also were mentioned in the indictments. Harriman formerly was general manager of the Illinois Central, Taylor was general store-keeper and Ewing was general superintendent. At the time the alleged repair bill padding was done Buker was superintendent of machinery.

**Pope Seventy-Seven Years Old.**  
ROME, June 1.—The Pope will be seventy-seven years old tomorrow. He was born at Riase on June 2, 1835, in accordance with his wish the celebration of the day will be private. The greater part of the day he expects to spend in company with his sisters and a few specially invited of the faithful. In anticipation of the anniversary many addresses and telegrams of congratulations have been received at the Vatican from all parts of the world.

**Wedded In London.**  
LONDON, June 1.—Many prominent members of the American colony in London attended the wedding today of Miss Borrowdale Chipman, daughter of Clarence Chipman, a former high commissioner of the Hudson Bay Company, and Roswell M. Colt, son of Mrs. Pomeroy Colt, of Providence, R. I. The marriage ceremony was performed in St. Paul's church, Knightsbridge.

**General Election in Belgium.**  
BRUSSELS, June 1.—The campaign preceding the general election for the Chamber of Deputies, which takes place tomorrow, closed today with last appeals by the candidates through the newspapers. A flood of leaflets has also been sent through the post. The interest in the elections, judging from the attendance at the final meetings and the space devoted to the campaign by the newspapers, is unusually keen. The combination of the liberals and the socialists against the clericals has helped to make the fight a very bitter one. The chief demand of the liberals and socialists is for unrestricted general suffrage and obligatory education.

**Bible Society Centenary.**  
CONCORD, N. H., June 1.—The New Hampshire Bible Society, organized in 1812, today began a three days' celebration of its centennial anniversary. Prominent among those on the program for addresses are Rev. Frederick B. Allen, secretary of the Massachusetts Bible Society; Rev. William I. Haven, secretary of the American Bible Society, and Judge J. Gordon Forbes, of St. John, N. H., vice-president of the British and Foreign Bible Society of London.

**German Catholics of Pennsylvania.**  
JOHNSTOWN, Pa., June 1.—Numerous delegations representing the Roman Catholic clergy and laity of Pennsylvania arrived in Johnstown today to attend the annual convention of the State Federation of German Catholic Societies. The officers expects that the convention this year will eclipse all of its predecessors in point of attendance. The proceedings will be opened tomorrow morning with a pontifical high mass in
