

2200 FEET LONG

Is New S. P. Bridge Just Built at Sacramento.

HAS HEAVIEST SWING SPAN

Nevada Democrats Assemble Today—Women Golf Enthusiasts Meet In Philadelphia—Racing Circuit Opens.

(Special to The Evening News.) SACRAMENTO, June 3.—Sufficient concrete to put a six-inch cover on a fifty foot street a mile long is contained in just one pier of the new Sacramento river bridge of the Southern Pacific company, recently completed and placed in operation as a part of the double tracking of the system. Completed, the bridge is 2,200 feet in length, contains 19,000 cubic yards of concrete and 2,200,000 pounds of steel. It has the heaviest swing span of any like structure yet erected, weighing 6,300,000 pounds.

The upper deck has an eighteen foot wagon road and a five-foot sidewalk on each side. The lower deck is to be used for the double tracks of the Southern Pacific. The piers upon which the bridge rests average 90 feet in height, or about as tall as an eight story office building, and each occupied a space as large as an ordinary city lot.

Nevada Democrats. RENO, Nev., June 3.—Democrats of Nevada assembled at Fallon today for a state convention to select delegates to the national convention at Baltimore. The followers of Champ Clark and Woodrow Wilson are contending for control of the delegation.

Women's Eastern Golf Tourney. PHILADELPHIA, Pa., June 3.—The annual championship tournament of the Women's Eastern Golf Association began today on the links of the Philadelphia Cricket Club with a large field of contestants. The tournament will continue three days and will be followed during the latter half of the week by the annual Gricom Cup competition between Boston, New York and Philadelphia players.

Cedar Valley Circuit to Open. DES MOINES, Ia., June 3.—The racing season of the Cedar Valley circuit of the American Trotting Association is scheduled to open with a three days' meeting here tomorrow. The season will continue until the last week of July and will embrace

meetings in Perry, Marion, Waverly, Mason City, Osage and Algona, Iowa, and Austin, Minn.

MISSIONARY IN COOS AND CURRY COUNTIES.

Rev. C. E. Short, of Oakland Will Work In Coast Country During ensuing Year.

MARSHFIELD, Or., June 1.—Rev. C. E. Short, of Oakland, has been sent to this locality to do missionary work for the Baptist church. He will remain here for one year and will act as general missionary aid in Coos and Curry counties, filling the pulpits of different churches. Another missionary movement which is to be carried on here by the Baptist denomination is that of maintaining a colporteur boat which will be in charge of Rev. J. Leroy Hall, formerly pastor of the Marshfield Baptist church. The boat will be operated in the same manner as the colporteur cars and wagons, but it was decided that a boat would be more effective locally as it would better reach the rural districts and the logging camps. The boat will be a novelty as it will be the only one of the kind in the United States. The local church furnished the money for building the boat and specifications are now being drawn.

CAUGHT IN REVOLVING SHAFT.

Man Killed While Working In Saw Mill Near Sutherlin.

While working in the saw mill owned by E. H. Cooper, about eight miles north of Sutherlin, Saturday morning, Ira Roe was caught in a rapidly revolving shaft. His left leg was torn off below the knee and fractured in several places above. He was brought to Mercy hospital in this city, but died within an hour after his arrival. The body was taken to the undertaking parlors until relatives could be notified. He leaves a mother and sister, who live in Orville, Cal., and a brother who cannot be located. The body will probably be sent to Orville for burial.

NOTICE FOR BIDS FOR CONDEMNED FIRE HOSE.

NOTICE IS HEREBY GIVEN: That the undersigned will, up to 5 o'clock p. m., on the 15th day of June, 1912, receive bids for the purchase of 750 feet of 2 1/2 inch hose and 450 feet of 2 inch hose, which has been condemned by the Fire Department of the City of Roseburg. Bids will be received for the whole or any part of said hose.

By order of the council. CARL E. WIMBERLY, City Recorder.

J. F. Samuel, of Myrtle Creek, was in the city in business interests today.

STRIKERS SHOT

Two Women Among the Mortally Wounded.

SEVERAL POLICEMEN INJURED

Striking Textile Workers Use Clubs and Stones When Charged By Police Squad—Twice Repulsed.

(Special to The Evening News.) CLINTON, Mass., June 3.—Four women and three men were shot and a dozen policemen cut and bruised by stones in a riot today, when forty officers charged into a crowd of 300 textile workers massed in the yard of the Church of Our Lady of Rosary. One man, a member of the I. W. W., was killed, and it is feared that two of the women will also die from their wounds. The trouble started, police allege, over strikers attempting to prevent a woman from going to work. Officers pursued the men alleged to have interfered with the strikebreaker, and they ran to the church yard where a crowd was congregated. Charging the mob, policemen were met with a shower of stones and clubs and twice repulsed, when they drew revolvers and charged a third time, firing straight into the ranks of strikers, who broke and fled to shelter, leaving their wounded and dying on the field.

JUST ABOUT A PARK.

Writer Thinks Grip On The Dollars Makes National Bird Gasp.

Editor News: Not long ago there appeared in an Eastern magazine a descriptive article relative to a certain city, a paid advertisement, costing for the issue a little less than \$1,000.00. The object of the advertisement was to attract attention to that particular city, and it might be of interest to some of Roseburg's citizens, especially our city fathers, to note that the very first attraction mentioned was public parks, and the second the public library. If there ever was a place on earth blessed by nature with park possibilities, it is Roseburg, but through the absolute lack of foresight of our city councils past and gone, we have not enough park-to-pasture one rabbit, although it might have had at least two of the most beautiful parks in America. The longer the city postpones the establishment of a park, the higher the price that will be demanded for suitable ground, and the greater loss to the community, not only in prospec-

tive citizens, who will not locate in a city that has so little civic pride, but in health and happiness to many children, whose principal amusement at this time is dodging autos between shots in the marble games. There is no necessity of having a fourth of July celebration here, as one can hear the eagle scream almost any time anything is mentioned that will increase taxes a few cents, as a number of our citizens take a fresh grip on the dollars in their fists, and it is usually tight enough to make the national bird gasp anyway. Much could be said about the need of a city park, and just as much about the library, but taxes are so high we might as well let the children do without the pleasures furnished by enterprising cities, and look in the Daily News almanac for information, as most of us are figuring on taking our wad with us, anyway, so do not care to let go of any of it here. We may need it to buy ice with later on. A. N. C.

DEVELOPMENT CONGRESS.

Seattle Place of Meeting This Week—Roseburg Represented.

The Northwest Development Congress meets this week in Seattle, Wednesday to Saturday, June 5 to 8. Special rates, both railroad and hotel, are in effect, and if any member of the Roseburg Commercial Club expects to attend, or will be in Seattle during the meeting, credentials will be furnished him as delegates from the Commercial Club. The Hotel Seattle is the Oregon headquarters. Among the prominent speakers will be James J. Hill, Howard Elliott, Louis W. Hill, Carl L. Gray, and the meeting is considered the most important development meeting ever held in the Northwest. Roseburg should have a representative present. If you can attend, call at the office of the secretary and receive your credentials as delegate from the Commercial Club.

BREAKS WRIST WHILE CRANKING AUTO.

H. Guest, the well known proprietor of the Umpqua Bakery, sustained a painful accident Saturday, while cranking his Ford automobile. It seems that the spark was advanced too far and the kick of the engine flung the crank handle back with such force as to break the wrist. The accident happened about 7 o'clock Saturday evening in front of the Harness & Johnson store on Sheridan street. The family physician was immediately called and set the wrist. The accident will likely prevent the use of the injured arm until fall.

The Arnold Amusement Company's train went through this city Sunday enroute for Lebanon.

OHIOANS FIGHT

For Control of Delegates to Chicago Convention.

VISITING WARSHIPS WELCOMED

Arizona Republicans Hold Two Conventions and Elect Warring Delegates to Go To The Chicago Convention.

(Special to The Evening News.) COLUMBUS, June 3.—Battling to the last ditch for control of delegates to the national convention, the Ohio state convention met here this afternoon with both Roosevelt and Taft factions professedly certain of success. Six delegates at large to the Chicago convention will be elected.

Welcomes Visiting Cruisers.

NORFOLK, June 3.—With exchange of cheers, salutes from the big guns and other formalities, a fleet of eight American dreadnaughts today welcomed Admiral Paschenitz and three visiting German cruisers at Hampton Roads, Virginia.

Two Conventions In Arizona.

TUSCON, June 3.—Bolting the regular convention of republicans convened here, because Taft managers refused a compromise in selection of delegates to the Chicago convention, Roosevelt men held a separate convention here today and elected a set of six delegates to the national convention. The meeting was held in the same hall where Taft men were selecting their delegates.

BIG TREES RAISED.

U. S. Forest Service Makes Interesting Experiment.

The forest service is raising several acres of Bigtree seedlings on the Tahoe National Forest in California, at a more northerly point than any natural Bigtree grove. While the giant sequoias are found in the forests of the Sierras at various points throughout a total range of some 250 miles, in the northern two-thirds of this range there is practically no natural reproduction. It has consequently been a question whether the species would not practically disappear from this region when the present mature trees die. The most northern existing grove of Bigtrees is on the Tahoe forest, but about 34 miles southeast of the site selected for planting. This site is on a moist flat not far from Ne-

vada City, and is about 2,700 feet about sea level. The first seeding was done in the fall of 1910, with very successful results, and last fall an additional area was seeded.

The method used in planting the seed was that known to foresters as "the seed spot method". Spots about 6 feet apart each way were prepared by pulverizing the earth with a garden hoe. Seeds were then dropped on these spots and lightly pressed in the soil with the foot. The flourishing condition of the young seedlings gives good reason to expect a future growth of Bigtrees at this point. With protection of forests from fire there seems to be no reason why the Bigtrees should disappear, even though scientists regard them as survivals from a past age, botanically speaking.

HOOVER'S TRIAL.

Evidence Not Yet All In At 3 O'Clock This Afternoon.

The Jury in the Hoover case was drawn Saturday and the names are as follows: R. L. Gile, R. L. Stephens, J. L. Scott, Peter Ullam, C. M. Henderer, C. C. Hancock, J. M. Thompson, H. M. Bullwinkle, S. F. Frazier, H. H. Olcott, W. Wise and A. L. Ady.

At 3 o'clock the evidence was not all in. The state's evidence was all in at noon. Dr. Hoover, Chas. Hamilton, Mrs. Williams, Mrs. Pickett, Lafo Engles and G. D. Wilson had been called up to three o'clock. Tomorrow's issue will give a full history of the case.

NOTICE OF MEETING.

The Out-to-Win Club will meet in the reading room of the Baptist church tonight at 7:30. Anyone interested in the temperance movement should make it a point to attend the meetings of this club and do what they can in the cause of temperance.

Frank Brand and Alta Davies were married today at 12 o'clock, at the Episcopal church, Rev. C. W. Baker officiating. The happy couple left for Portland where they will spend a few days.

Mrs. C. W. Baker and little daughter, Katherine, have gone to Glendale, where they will remain the greater part of the summer at their delightful ranch home. Rev. Mr. Baker will spend a part of the time there.

DR. POSEY. Specialist for Eye, Ear, Nose and throat diseases. Eyes fitted with Glasses. Parrott Bldg. - Roseburg, Or.

WE WANT MORE SUBSCRIBERS

BIG CASH REDUCTIONS

The Daily and Twice-a-Week News Announces a Great Bargain Offering to it's Many Friends and Subscribers

Bigger and Better NEW FEATURES OF THE PAPER. CARTOONS depicting in caricature the political events of the world. PHOTOGRAPHS of all the lead-in and latest news. One good short story each day.
